**Risk profile**

- Past performance is not a reliable guide to future performance.
- The value of investments and income may go down as well as up and you may not get back the original amount invested.
- Emerging Markets Risk: The performance of the Fund will have significant dependence on the economic environment of emerging markets. Because of this (i) the Fund's investments may be difficult to buy and sell, (ii) the price of the Fund's investments are likely to go up and down more than shares of companies in developed markets, (iii) the exchange rate of foreign Currencies in emerging markets are subject to greater fluctuations, (iv) there may be restrictions on removing the funds or other assets from the jurisdiction, (v) there is less publicly available information about the companies, (vi) there may be higher costs, (vii) the markets may not be as well regulated, (viii) there may be governmental interference, (ix) there may be higher inflation and more social, economic and political uncertainties than in developed markets.
- Currency Risk: Currency fluctuations between the share class currency and the base currency of the Fund may adversely affect the value of an investment in the Fund.
- For more information on risks please refer to the Key Investor Information Document and Prospectus.

#### Glossary of terms

Accm or Accumulating	Instead of income derived from the fund's shares being paid to investors as dividends, this income is re-invested within the fund to buy further shares.
Benchmark	A standard against which the performance of a fund can be measured. Generally, broad market stock and bond indexes are used for this purpose.
Bloomberg Ticker	A string of characters or numbers to identify a listed company or entity on financial services news services.
Citywire Rating	Provides a rating of individual fund manager performance, rather than rating funds. Fewer than 25% of managers tracked qualify for a Citywire Fund Manager Rating. The ratings range downwards from AAA to AA, A and +.
COB	Close of business.
Dist or Distributing	Income derived from the funds shares being paid to investors as dividends.
FE Crown Fund Rating	Ratings are compiled using three key measurements of a fund's performance. A five FE Crown Fund Rating reflects the highest tier.
Future	A financial contract obligating the buyer to purchase an asset (or the seller to sell an asset) at a pre-determined future date & price.
IA Sector	The IA sectors divide funds available in the UK, including some offshore (EU) funds, into smaller groups, to allow you to make like-for-like comparisons between funds in a sector.
ISIN	International Securities Identification Numbers (ISIN) uniquely identify a financial security for trading and settlement purposes.
Morningstar Rating	A ranking ranging from one to five stars, with five being the best, given to publicly traded funds by the investment research firm Morningstar.
Ongoing Charge	Estimated charges taken from the Fund over one year.
Overweight / Underweight	A situation where a portfolio holds an excess or lesser amount of a particular security when compared to the security's weight in the underlying benchmark portfolio.
Portfolio Exposures	A measurement of how much a fund is invested in a particular financial security and/or market sector and/or industry. The measurement is usually represented as a percentage of the overall fund or a percentage relative to its benchmark.
Valuation Point	The time at which the assets of a fund are priced.
