**4) Payment of retrocessions and rebates**

The ICAV and its agents may pay retrocessions as remuneration for offering activities in respect of fund units in or from Switzerland. This remuneration may be deemed payment for the following services in particular:

Any offering of the fund within the meaning of Article 3 letter g FinSA and Article 3 paragraph 5 FinSO.

Retrocessions are not deemed to be rebates even if they are ultimately passed on, in full or in part, to the investors.

The recipients of the retrocessions must ensure transparent disclosure and inform investors unsolicited and free of charge, about the amount of remuneration they may receive for offering. On request, the recipients of retrocessions must disclose the amounts they actually receive for offering the collective investment schemes of the investors concerned. The ICAV and its agents do not pay any retrocessions to third parties as remuneration for offering activities in respect of fund units in or from Switzerland.

In the case of offering activities in or from Switzerland, the ICAV and its agents may, upon request, pay rebates directly to investors. The purpose of rebates is to reduce the fees or costs incurred by the investor in question. Rebates are permitted provided that:

- they are paid from fees received by the ICAV and therefore do not represent an additional charge on the fund assets;
- they are granted on the basis of objective criteria;
- all investors who meet these objective criteria and demand rebates are also granted these within the same timeframe and to the same extent.

The objective criteria for the granting of rebates by the ICAV are as follows:

- the volume subscribed by the investor or the total volume they hold in the collective investment scheme or, where applicable, in the product range of the promoter;
- the amount of the fees generated by the investor;
- the investment behaviour shown by the investor (e.g. expected investment period);

- the investor's willingness to provide support in the launch phase of a collective investment scheme.

At the request of the investor, the ICAV must disclose the amounts of such rebates free of charge.
