Additional information for investors in Switzerland

Indications for investors in Switzerland

BANCA DEL CERESIO SA, having its Registered Office in Via della Posta, 7, CH-6901 LUGANO, is authorized by the Swiss Financial Market Authority (FINMA) to act as the Swiss Representative of the Company.

Paying Agent

BANCA DEL CERESIO SA, Via della Posta, 7, CH-6901 LUGANO also act as the Paying Agent of the Company in Switzerland.

Place where the relevant Company documents may be obtained

The prospectus, the KID, the Articles of Incorporation as well as the annual and semi-annual accounts may be obtained free of charge from the Representative.

Publications

- 1. Publications in respect of the Company are made in Switzerland on the electronic platform www.fundinfo.com.
- 2. The issue and the redemption prices, respectively the net asset value together with a footnote stating "excluding commissions" of all relevant Share Classes will be published daily on the electronic platform www.fundinfo.com.

Payment of retrocessions and rebates

- 1. The Company and its agents may pay retrocessions as remuneration for distribution activity in respect of fund units in or from Switzerland. This remuneration may be deemed payment for the following services in particular:
 - introduce investors to the Company,
 - · promotion and marketing,
 - presence of the Company on investment platforms.
 - training to any person in charge of the distribution and the promotion of the Company,
 - preparation of marketing material and providing marketing material to investors,
 - providing relevant Company documentation to investors,
 - support and reporting to the investors.

Retrocessions are not deemed to be rebates even if they are ultimately passed on, in full or in part, to the investors.

The recipients of the retrocessions must ensure transparent disclosure and inform investors, unsolicited and free of charge, about the amount of remuneration they may receive for distribution. Upon request, the recipients of retrocessions must disclose the amounts they actually receive for distributing the collective investment schemes of the investors concerned.

- 2. In case of distribution activity in and from Switzerland, the Company and its agents may, upon request, pay rebates directly to investors. The purpose of rebates is to reduce the fees or costs incurred by the investor in question. Rebates are permitted provided that:
 - they are paid from fees received by the Company and therefore do not represent an additional charge on the fund assets,
 - they are granted on the basis of objective criteria,
 - all investors who meet these objective criteria and demand rebates are also granted these within the same timeframe and to the same extent.

Additional information for investors in Switzerland (continued)

The objective criteria for the granting of rebates by the Company are as follows:

- the volume subscribed by the investor or the total volume they hold in the Company or, where
 applicable, in the product range where the Investment Manager, or any company part of the
 same financial group/affiliate offers discretionary investment management services or
 investment advisory services,
- the investment behaviour shown by the investor (e.g. expected investment period).

At the request of the investor, the Company must disclose the amounts of such rebates free of charge.

Place of performance and jurisdiction

In respect of the shares distributed in or from Switzerland, the place of performance and jurisdiction is at the registered office of the Representative.

Additional information for investors in UK

The Company obtained approval from HM Revenue & Customs to become a reporting fund for UK tax purposes with effect from 1st January 2010. This reporting fund status may alter the tax treatment of shareholders who are either ordinarily resident in the UK or are themselves reporting funds and were holders of the Company's shares. Investors in reporting funds are subject to tax on their share of the reporting fund's income for an accounting period, whether or not the income is distributed to them, whilst any gains on disposal of their investment are treated as capital gains.

HM Revenue & Customs authorised the following share classes into the regime of Reporting Fund:

- Vitruvius - Asian Equity - Vitruvius - European Equity - Vitruvius - Greater China Equity - Vitruvius - Growth Opportunities - Vitruvius - Japanese Equity - Vitruvius - UCITS Selection - Vitruvius - Swiss Equity - Vitruvius - Swiss Equity - Vitruvius - Swiss Equity - Vitruvius - US Equity

Report on activities of the Board of Directors

The first half of 2023 was characterised by accelerating global economic growth, with fading impact of the supply shocks from the pandemic and the Russian invasion of Ukraine offsetting tightening monetary cycles. Global equities made gains in H1 2023 (global index +14%). The best performing equity market for this first half, in local currency terms, was Japan (+21%), where the loose monetary policy adopted by the Bank of Japan in the face of global inflation, weakened the Yen versus other major trading partner currencies (JPY/USD -9% YTD, JPY/EUR -10% YTD), helping support Japanese stocks. US equity indices were strong (+16% YTD), but the gains were predominantly driven by a narrow band of megacap tech stocks, the so-called "magnificent seven" (Apple +50%, Microsoft +43%, Nvidia +190%, Tesla +140%, Alphabet +36%, Amazon +55% and Meta +139%), supported by encouraging inflation data and positive sentiment surrounding the AI theme. These gains helped lift the Tech index more than 30% in H1. European stocks were more muted but still up a healthy 11% YTD, against a background of stagnating GDP growth in the Eurozone. Emerging Markets struggled (+5%), held back by vanishing optimism on China's growth progress, after an initial re-opening rebound. In stark contrast with 2022, the best performing sectors globally in H1 were Consumer Discretionary (+28%), Communication Services (+29%) and Information Technology (+39%). Conversely, commodities lagged, with oil prices falling (WTI Crude Future -11%) and copper prices down for the year after dropping by 8% in Q2.

Vitruvius - Asian Equity

Vitruvius - Asian Equity Portfolio was +9.6% (USD class) in the first half of 2023 (+8.1% in EUR Class). Since its inception in January 2010 Vitruvius – Asian Equity Portfolio is +138.8%.

The first half of 2023 was positive for Asian equity markets and for the portfolio. Positions in Technology stocks across South Korea, Taiwan, and Japan contributed the most (SK Hynix, E Ink, Nikon, Tokyo Electron, and Elite Material) given their important role in the technology supply chain and tailwinds from the growth of AI. Other Japanese names also contributed significantly (ASICS, Hitachi). India, despite elevated valuations and a tough market in Q1, contributed positively in H1 overall thanks to Persistent Systems. Market exposure averaged 97% in the first half. Japan remains the largest country allocation (38%), followed by HK/China (17%), Taiwan (14%), South Korea (10%), and India (reduced from 13% to 7%).

Vitruvius - European Equity

Vitruvius - European Equity portfolio was +4.2% in the EUR Class in the first half of the year. Since its inception in October 1999 Vitruvius – European Equity portfolio has risen 297.5% (EUR Class).

Vitruvius European was held back in H1 2023 by lack of significant exposure to some of the best performing names in the strong Technology and Consumer Discretionary sectors (perhaps most notably ASML and LVMH, respectively, although both were positions). Additionally, the relatively meaningful allocation to areas that lagged, like Energy and Materials, along with negative contributions from Communication Services (UMG) and Health Care (against a positive sector backdrop for these sectors) and a positive but relatively lacklustre contribution from Financials (where Deutsche Bank was a drag) were unhelpful as well. Nevertheless, the portfolio did generate a positive, if somewhat muted, return overall with contributions coming from Industrials (Rentokil Initial), Consumer Discretionary (Compass Group), Technology (SAP) and Financials (Commerzbank). Equity exposure was fairly steady at c.97% throughout H1 but introduction of a short future on the Euro Stoxx 50 Price Index reduced overall market exposure to nearer 90% in the last two months. There were no major changes to the portfolio and at the end of June Financials was the largest sector allocation (16%), followed by Industrials (14%), Health Care (13%) and then Energy (13%).

Report on activities of the Board of Directors (continued)

Vitruvius - Greater China Equity

Vitruvius - Greater China Equity portfolio was -2.0% in the USD Class (-3.6% in EUR Class) in the first half of 2023. Since its inception in May 2009, Vitruvius Greater China Equity Portfolio is up 190.6% in the USD Class.

The first half of 2023 was a rollercoaster ride for Chinese equities. Investor sentiment also shifted, along with the market, from initial excitement about the re-opening trade to latterly pessimistic on the progress of economic development as China experienced a deceleration in economic momentum in H1. Investment encountered obstacles, including challenges in the housing sector, sluggish export demand, diminished confidence, and the absence of significant stimulus measures to counter these headwinds. Consequently, there was a rise in apprehension regarding the durability and robustness of the recovery, prompting investors to adopt a more cautious approach. At the portfolio level, top contributors were ZTE Corp, Kingsoft Corp and NetEase. ZTE and Kingsoft benefited largely from the technology replacement trend in China. NetEase continues to deliver strong growth with a successful global expansion story. On the opposite side, Wuxi Biologics and Wuxi Apptec were costly. Additionally, Chinese internet names such as Meituan were weak. The portfolio started the year with 96% market exposure, which was gradually reduced to 88% at the end of June. Beverages (11%) and Entertainment (10%) are the largest subsector exposures in the portfolio, followed by Internet & e-commerce stocks and Real Estate related names.

Vitruvius - Growth Opportunities

Vitruvius - Growth Opportunities portfolio was up 37.6% in the USD class (+35.6% in the EUR class) for the first half of 2023. Since the 15th September 2000, when there was a major change in investment strategy and advisor, the portfolio is up 213.6%.

In the first half of 2023, almost a third of the gains came from semiconductors, both in the US (Nvidia, Broadcom, Applied Materials), Europe (ASML, Infineon Technologies) and Asia (TSMC). The software exposure contributed meaningfully as well (Microsoft, Palo Alto Networks, ServiceNow). Among the largest positions, Apple, Amazon, Alphabet and Meta Platforms were also very helpful. A small allocation to entertainment stocks (Netflix, Spotify) was positive too. On a less positive note, payments companies lagged (Visa, Mastercard) and the overall portfolio was also held back by some put options on the Nasdaq Index and the relatively high level of cash in the portfolio over the period as market exposure averaged 92% in the first half of the year. The largest exposure remains Semiconductors (28%), followed by Software (20%), Financial services (13%, predominantly payments names), and then Interactive Media (11%). During the year, some profits were taken on semiconductor stocks, such as Nvidia, Broadcom and ASML. Several put-spreads were initiated for hedging purposes over the period, and accounted for a delta adjusted exposure of -3.4% at the end of June.

Vitruvius - Japanese Equity

Vitruvius - Japanese Equity returned +23.7% (JPY class) in the first half of 2023 (+25.3% in the EUR class). Since its inception in October 1999 Vitruvius - Japanese Equity portfolio has gained 95.4% (JPY class).

In the first half of 2023, Japan's stock market experienced strong gains due to the recovery of inbound demand and monetary easing by the BoJ. This attracted foreign investors, resulting in 12 consecutive weeks of net stock purchases totalling 6.18 trillion yen. Under Governor Ueda, who took office in April 2023, the BoJ's continued monetary easing led to yen depreciation. The semiconductor sector notably surged during this period, along with the automotive and machinery sectors, benefiting from the yen depreciation and the resolution of supply constraints. Conversely, defensive sectors like electricity, food, and pharmaceuticals underperformed. Notably, Advantest performed well (+127%) due to increased demand for their semiconductor testing equipment driven by Al-related technologies. Itochu and Mitsubishi Corp also had strong performances, attributed to Berkshire Hathaway's increased ownership

Report on activities of the Board of Directors (continued)

ratio and potential expansion. On the negative side, M3 Inc, Rakuten, and Ryohin Keikaku all detracted. The portfolio exposure was largely stable at around 97% and the portfolio structure was largely unchanged: The largest sector allocations were; Industrials (31%), Information Technology (18%), Consumer Staples and Consumer Discretionary (at 11% each).

Vitruvius - Swiss Equity

Vitruvius - Swiss Equity portfolio was +9.4% in the first half of 2023 in the CHF Class (+10.5% in the BI EUR Class). Since its inception in June 2001, Vitruvius - Swiss Equity portfolio has gained 105.2% in the CHF Class.

Vitruvius - Swiss Equity portfolio generated solid contributions from Industrials (ABB) and Health Care (Lonza, Alcon) stocks across H1 while Consumer Discretionary (Richemont) and Materials (Holcim) stocks were also helpful. Additionally, a call option on Roche (in the Health Care sector) generated a useful contribution (mostly during April/May). Financials were more mixed: after a strong start in January and February, the positions were more difficult through the rest of the semester, after the collapse of Credit Suisse generated a significant headwind for the sector. Credit Suisse was not held at the time of the collapse (and had not been in the portfolio for quite some time) but a position was subsequently purchased after the collapse and ahead of the merger with UBS, although it proved somewhat unhelpful. However, UBS and Swissquote (+40% YTD) proved more beneficial over the period, more than offsetting the losses from elsewhere in the Financials sector. Equity market exposure remained near fully invested levels throughout the period. However, tactical short futures on the Swiss Market Index were introduced in January, reducing the overall market exposure to c.80%, but then replaced with the long call option in Roche in March, taking the portfolio exposure back to c.100% overall. At the end of June, Health Care (26%, up from 21%) and Financials (25%, down from 29%) were the two largest sectors, followed by Industrials (11%), Consumer Staples (10%) and Materials (10%, up from 5%).

Vitruvius - UCITS Selection

Vitruvius - UCITS Selection ('VUCITS') was +7.9% in the first half of 2023 in the EUR B Class (+8.2% for the EUR BI Class). Since inception on 14/09/2016 the portfolio return is +26.5% (EUR BI Class which started on that date).

In H1 2023, funds with exposure to the strong performing growth and Technology stocks, and notably the mega-cap tech names that led the indices higher, fared the best. This included Blackrock Global Unconstrained (+26%) and Edgewood L Select Growth (+25%). Additionally those with Japanese exposure, and particularly the Japanese focused fund, performed strongly as well as Japanese equities made strong gains (JK Japan JPY Class +24%). Elsewhere, returns were generally solid, ranging from +c.10% to +c.14%, with the exception of Vitruvius Greater China (-3% in EUR Class) and the SEG US Long Short Fund (-5%), which was held back by a lacklustre contribution from the long book that was offset by the drag from the short book. During the first half of 2023, one European Long Short fund was exited. The portfolio was invested in 9 funds at the end of June. The Long Only allocation increased from 60% to 66% and the Long Short allocation declined from 37% to 27%. The biggest allocation at the end of June was to Global funds (at 57%), followed by US funds (24%), Asia/EM (7%) and Japan (6%). There were no European funds but the underlying exposure to European equities was 15% (on a lookthrough basis).

Report on activities of the Board of Directors (continued)

Vitruvius - US Equity

Vitruvius - US Equity portfolio was up 10.9% in the USD class (+9.5% in the EUR class) for the first half of 2023. Since its inception in November 1999, Vitruvius - US Equity portfolio has risen 234.7% in USD.

The vast majority of the portfolio gains in the first half of 2023 came from Information Technology, with semiconductor stocks (Nvidia +190%, AMD +76%) accounting for almost half of the return. Also within Technology, software names (Oracle, Microsoft) were quite helpful too, while in Communication Services, Meta Platforms (+139%) was a standout contributor. Elsewhere, Industrials were also positive, (Transdigm, General Electric) along with several Consumer names (Celsius Holdings, Wynn Resorts, RH). On a negative note, the allocation to Health Care proved detrimental (UnitedHealth Group, Elevance Health), while Financials (Fidelity National Information Services), Energy and Utilities (Nextera Energy) were overall flat. The exposure to Information Technology was increased from 19% to 23%: in particular, additions were made to semiconductors (from 5% to 13%) and software (from 4% to 8%). Elsewhere, Industrial names were also increased (from 12% to 22%). Conversely, the allocation to Health Care was cut from 19% to 7%, along with Consumer Discretionary (from 14% to 9%) and Consumer Staples (from 5% to 1%).

Luxembourg, 3rd August 2023

The Board of Directors

Notes to the financial statements

as at 30th June 2023

Note 1 - General information

VITRUVIUS (the "Company") is organised as a "Société d'Investissement à Capital Variable" in Luxembourg. It qualifies as an Undertaking for Collective Investment in Transferable Securities under the Council Directive 2009/65/EC, as amended, and is governed by Part I of the amended law of 17th December 2010 (the "2010 Law") relating to Undertakings for Collective Investment. It was incorporated on 14th October 1999 for an unlimited period. The Directive 2014/91/EU of the European Parliament and of the Council of 23rd July 2014 amending the Directive 2009/65/EC had been transposed by the law of 10th May 2016 coming into force on 1st June 2016 and amending the amended law of 17th December 2010.

The Company is registered under the number B71899 at the "Registre de Commerce et des Sociétés de Luxembourg", where, its Articles are available for inspection and a copy thereof may be obtained upon request.

The "Notice Légale" required by Luxembourg law in connection with the offering of shares was filed with the "Registre de Commerce et des Sociétés de Luxembourg".

The Company is only available and authorised for the retail public distribution in Austria, Germany, Italy, Luxembourg, Spain, and Switzerland.

All the Offering Documents are available at the registered office of the Company and are also available at www.vitruvius.lu or www.vitruviussicav.com.

Note 2 - Significant accounting policies

a) Presentation of the financial statements

The financial statements of the Company are prepared in accordance with Luxembourg legal and regulatory requirements concerning undertakings for collective investment and with generally accepted accounting principles in Luxembourg. The financial statements of the Company have been prepared on a going concern basis.

b) Investments

The value of all securities which are listed on an official stock exchange or traded on any other regulated market is determined on the basis of the last available price on the principal market on which such securities are traded, as provided by a pricing service approved by the Board of Directors.

If such prices are not representative of their fair value, such securities as well as any of the portfolio securities which are not so listed and all other investments, including permitted forward foreign exchange contracts, financial futures contracts, options and OTC derivatives, are valued on the reasonably foreseeable sales prices determined prudently and in good faith.

Based on the decisions taken by the Board of Directors or its delegates the following thinly traded or illiquid securities have been evaluated as follows:

- RFC 2012 Plc in Vitruvius European Equity at a price of GBP 0 per share.
- c) Acquisition cost of securities in the portfolio

The acquisition cost of the securities held by each portfolio that are denominated in currencies other than the reference currency of the portfolio is converted into this currency at the exchange rate prevailing on the date of purchase.

Notes to the financial statements (continued)

as at 30th June 2023

d) Net realised gain/(loss) on securities portfolio

The realised gains and losses on securities portfolio are calculated on the basis of the average acquisition cost and are disclosed net in the statement of operations and other changes in net assets.

e) Investment portfolio income

Dividend income is recorded at the ex-date, net of any withholding tax.

Interest income accrued and payable are recorded, net of any withholding tax.

f) Valuation of forward foreign exchange contracts

Open forward foreign exchange contracts are valued at forward market rates for the remaining period from valuation date to the maturity of the contracts. Net unrealised gains or losses of open contracts are disclosed in the statement of net assets. Net variation of unrealised gains or losses and net realised gains or losses are disclosed in the statement of operations and other changes in net assets.

g) Valuation of futures contracts

Open futures contracts are valued at the last settlement or close price on the stock exchanges or regulated markets. Net unrealised gains or losses of open contracts are disclosed in the statement of net assets. Net variation of unrealised gains or losses and net realised gains or losses are disclosed in the statement of operations and other changes in net assets.

h) Valuation of swaps contracts

Swap agreements are valued on the basis of the underlying securities or indices including any costs associated therewith and on the basis of valuations provided by market professionals that deal in such instruments on a regular basis. Unrealised gains or losses are disclosed in the statement of net assets. Net variation of the unrealised gains or losses and net realised gains or losses are disclosed in the statement of operations and other changes in net assets.

i) Valuation of option contracts

Premiums paid on the purchase of options and premiums received on short options are disclosed under the caption "Liquid assets at brokers" in the statement of net assets and are presented at cost in the statement of investments and other net assets. Option contracts outstanding at the date of the financial statements are valued at the last settlement or close price on the stock exchanges or regulated markets. Net variation of the unrealised gains or losses and net realised gains or losses are disclosed in the statement of operations and other changes in net assets.

j) Dividend policy

The Company does not intend to pay dividends on a regular basis. Income and capital gains generated by the portfolios are capitalised.

k) Formation expenses

Formation expenses are amortised on a straight line basis over a period of five years.

If the launch of a Sub-Fund occurs after the launch date of the Company, the formation expenses related to the launch of the new Sub-Fund is charged to such Sub-Fund alone and may be amortised over a maximum of five years with effect as from the Sub-Fund's launch date.

Notes to the financial statements (continued)

as at 30th June 2023

I) Conversion of foreign currencies

Cash at banks, other net assets, liabilities and the market value of the securities in portfolios expressed in currencies other than the reference currency of the portfolio are converted into this currency at the exchange rate prevailing on the date of the financial statements. Income and expenses expressed in currencies other than the reference currency of the portfolio are converted into this currency at the exchange rate prevailing on the date of the transaction. Net realised gains or losses on foreign exchange are disclosed in the statement of operations and other changes in net assets.

m) Combined financial statements

The combined financial statements of the Company are expressed in EUR and are equal to the sum of the corresponding captions in the financial statements of each portfolio converted into this currency at the exchange rates prevailing at the date of the financial statements.

At the date of the financial statements, the exchange rates used for the combined statements are the following:

1	EUR	=	0.9757904	CHF	Swiss Franc
			157.6658631	JPY	Japanese Yen
			1.0910000	USD	US Dollar

n) Revaluation difference

The caption "Revaluation difference" in the combined statement of operations and other changes in net assets represents the valuation difference of the net assets of the portfolios at the beginning of the year with the exchange rate applicable at the date of the financial statements.

o) Receivable on treasury transactions

The item "Receivable on treasury transactions" comprises maturities of time deposits, new loans, foreign exchange transactions or forward foreign exchange transactions not yet disclosed under the item "Cash at banks".

p) Transaction fees

Transaction costs disclosed under the caption "Transaction fees" in the statement of operations and other changes in net assets are mainly composed of broker fees incurred by the Company and of fees relating to transactions paid to the depositary as well as of transaction fees on financial instruments and derivatives.

Note 3 - Management fees

The caption Management fees includes:

a) Investment management fees

For each portfolio, the Investment Manager is entitled to receive an investment management fee as follows:

- for Class B shares equal to maximum 2.50%
- for Class BI shares equal to maximum 2.00%

per annum of the monthly average net asset value of each portfolio, payable monthly in arrears within 7 days from the last valuation day of each month.

Notes to the financial statements (continued)

as at 30th June 2023

The effective management fee rates per annum amount to:

b) Management Company fees

The Management Company is entitled to a yearly fee of maximum of 0.025% of the NAV with a minimum of EUR 15,000 per Portfolio.

Note 4 - Management fees of the target funds

The maximum total management fee (excluding performance fee, if any) which may be charged both to Vitruvius - UCITS Selection and each of the Related Funds is 5.0% per annum.

Note 5 - Depositary fees

QUINTET PRIVATE BANK (EUROPE) S.A. has been appointed as the Company's Depositary. The fees and charges of QUINTET PRIVATE BANK (EUROPE) S.A. calculated with reference to the Net Assets and payable monthly are basically borne by the portfolios and conform to common practice in Luxembourg.

Note 6 - Administration costs

In this capacity as Central Administration Agent, KREDIETRUST LUXEMBOURG S.A. has been appointed as Administrative, Domiciliary, Registrar and Transfer Agent.

The fees and charges of KREDIETRUST LUXEMBOURG S.A. calculated with reference to the Net Assets and payable monthly are basically borne by the portfolios and conform to common practice in Luxembourg.

Note 7 - Swing Pricing Adjustment

A portfolio may suffer dilution of the net asset value per share due to investors buying or selling shares in a portfolio at a price that does not reflect the dealing and other costs that arise when security trades are undertaken by the Investment Manager to accommodate cash inflows or outflows.

In order to enhance the protection of existing shareholders, a policy has been adopted to allow price adjustments as part of the regular daily valuation process to mitigate the impact of dealing and other costs on occasions when these are deemed to be significant.

Notes to the financial statements (continued)

as at 30th June 2023

In order to achieve this, a swing pricing mechanism is adopted to protect the interests of shareholders of each portfolio. If on any valuation day, the aggregate net transactions in shares of a portfolio exceed a predetermined threshold, as determined and reviewed for each portfolio on a periodic basis by the Board of Directors, the net asset value per share may be adjusted upwards or downwards to reflect net inflows and net outflows respectively. The threshold is set by the Board of Directors taking into account factors such as the prevailing market conditions, the estimated dilution costs and the size of the portfolios, the application of which will be triggered mechanically and on a consistent basis. The adjustment will be upwards when the net aggregate transactions result in an increase of the number of shares.

The adjusted asset value is applicable to all transactions on a given valuation day. The swing pricing mechanism may be applied across all portfolios. The extent of the price adjustment will be set by the Board of Directors to reflect dealing and other costs. Such adjustment may vary for the various portfolios and will not exceed 1% of the original net asset value per share. As such price adjustments will be in response to significant cash flows rather than normal volumes; it is not possible to accurately predict whether a price adjustment will occur at any future point in time. Consequently it is also not possible to accurately predict how frequently such price adjustments will need to be made.

The expenses of a portfolio are calculated on the basis of the net asset value of the relevant portfolio and are not impacted by the swing pricing adjustment.

On the decisions taken by the Board of Directors or its delegates the swing pricing methodology is applied with a 2% threshold of the aggregate net transactions in Shares and 0.25% swing factor.

At the date of the financial statements, no Swing Pricing was applied to the net asset value of the portfolios of the Company.

Note 8 - Subscription duty ("taxe d'abonnement")

The Company is liable in Luxembourg to a subscription duty of 0.05% per annum of its net assets, payable quarterly on the basis of the value of the net assets of the portfolios at the end of each quarter.

The subscription duty is reduced to 0.01% per annum for share classes restricted to institutional investors.

Pursuant to Article 175 (a) of the amended law of 17th December 2010 the net assets invested in undertakings for collective investment already subject to the "taxe d'abonnement" are exempt from this tax.

Note 9 - Subscription and redemption of shares

Shares are offered at a subscription price which is equal to the net asset value per share of the relevant class of shares within the relevant portfolio on each valuation day. With respect to Class B shares of all portfolios, subscriptions are subject to a sales charge of up to 3%, which revert to the relevant financial intermediary or distributor through which the initial purchase was made.

With respect to Class BI shares of all portfolios subscriptions are not subject to any sales charges.

Shares may be redeemed at the net asset value per share of the relevant class of shares within the relevant portfolio on each valuation day. No redemption charge is applied.

Notes to the financial statements (continued)

as at 30th June 2023

Note 10 - Prepaid subscriptions

Subscriptions received prior to the year-end are credited to the "Prepaid subscriptions" account until the next subscription date.

Note 11 - Equalisation

The portfolio Vitruvius - UCITS Selection invests in some Alternative Investment Funds which use equalisation for the calculation of their performance fees. Equalisation is a method used to ensure that not only the investment manager is paid the correct amount of performance fee but also that performance fees are fairly allocated between each investor in the Company.

Note 12 - Forward foreign exchange contracts

Note 18 - Subsequent events

The Board of Directors has decided to appoint UI efa S.A. (formerly European Fund Administration S.A.) as the service provider for the provision of domiciliary, administrative, registrar and transfer agency services in replacement of Kredietrust Luxembourg S.A. (KTL) as of 1st July 2023.

In this context, the registered office of the Company has been transferred to 2, rue d'Alsace, L-1122 Luxembourg, Grand Duchy of Luxembourg, as from 1st July 2023.

UI efa S.A. already acts as sub-delegate of KTL for the administrative, registrar and transfer agency services for the Company.

Notes to the financial statements (continued)

as at 30th June 2023

The change of domiciliary, administrative, registrar and transfer agency will have no impact for the shareholders of the Company (the "Shareholders") and will not increase the fees to be borne by the Shareholders.

Additional information (continued)

as at 30th June 2023

2 - Total Expense Ratio ("TER")

The TER disclosed under "Statistical information" of this report is calculated in accordance with the "Guidelines on the calculation and disclosure of the TER of collective investment schemes" issued by the Swiss Funds & Asset Management Association Switzerland "AMAS" on 16th May 2008 as modified on 20th April 2015.

The annual TER of Vitruvius - European Equity, Vitruvius - Greater China Equity, , Vitruvius - US Equity is calculated as follows:

- common cost and charges divided by average assets of portfolio
- increased by the annual rate of individual cost and charges per share class (investment management fees [see note 3] and subscription duty [see note 9]).

The annual TER of Vitruvius - Asian Equity, Vitruvius - Growth Opportunities, Vitruvius - Japanese Equity, Vitruvius - Swiss Equity are calculated with allocated costs and expenses per share class divided by the average assets of the respective share class.

The TER is calculated for the last 12 months preceding the date of this financial statements. Transaction fees are not taken into account in the calculation of the TER.

If a fund invests at least 10% of its assets in other funds which publish a TER, a synthetic TER of the fund of funds is calculated as of the closing date of the financial year or the end of the first half of the financial year. This corresponds to the sum of the prorated TER of the individual target fund, weighted on the basis of their proportion in the net fund assets of the fund as the closing date, the issue and redemption commissions of the target funds actually paid and the TER of the fund of funds minus the retrocessions received from the target funds during the reporting period. The synthetic TER is calculated with the information available at the time of the establishment of this document. Only Vitruvius - UCITS Selection is concerned.

The Asset Management Platform (AMP) Switzerland and the Swiss Funds and Asset Management Association SFAMA merged in autumn 2020 to form the Asset Management Association Switzerland,
