Notes to the financial statements as at June 30, 2020

NOTE 1

GENERAL

Renta 4 (the "SICAV") is an open-ended investment company organised under the laws of Luxembourg as a société d'investissement à capital variable (SICAV), incorporated under the form of a public limited liability company (société anonyme) on January 21, 2016 and authorised under part I of the law of December 17, 2010 on undertakings of collective investment, as amended (the "Law").

The SICAV is registered with the Luxembourg Trade and Companies Register under number B203660. Its original Articles have been published in the *Recueil électronique des sociétés et associations du Grand-Duché de Luxembourg* on May 25, 2016. The SICAV is subject to the provisions of the Law and of the law of August 10, 1915 on commercial companies, as amended, insofar as the Law does not derogate therefrom.

The SICAV's capital shall at all times be equal to the value of its total net assets. The minimum capital required by law is EUR 1,250,000.

Renta 4 Luxembourg, a public limited company (société anonyme) with registered office at 70, Grand-Rue L-1660 Luxembourg, Grand Duchy of Luxembourg, was appointed as Management Company of the SICAV as from the inception of the SICAV. It is a Management Company within the Chapter 15 of the Law.

a) Sub-funds in activity

As at June 30, 2020, Renta 4 comprises the following sub-funds in operation:

- Renta 4 - Valor Europa, denominated in EUR;
- Renta 4 - Nexus, denominated in EUR;
- Renta 4 - Renta Fija Internacional, denominated in USD;
- Renta 4 - R4 Activa Adagio, denominated in EUR;
- Renta 4 - R4 Activa Andante, denominated in EUR;
- Renta 4 - R4 Activa Allegro, denominated in EUR;

b) Significant events and material changes

On January 1, 2020, the SICAV moved from 15, avenue J.F. Kennedy, L-1855 Luxembourg, Grand Duchy of Luxembourg to 70, Grand Rue L-1660 Luxembourg, Grand Duchy of Luxembourg.

As of January 7, 2020, Mr. Dominique Marchal is not anymore Conducting Officer of the Management Company.

Market Impact

On December 31, 2019, the World Health Organisation was informed that a limited number of cases of pneumonia, of an unknown cause, were detected in Wuhan, China. On January 7, 2020, Chinese authorities identified coronavirus (COVID-19) as the cause. Since December 31, 2019, the rapid outbreak of the COVID-19 is not only causing a global health crisis but also causing a shock to the global economy and financial markets.

Notes to the financial statements as at June 30, 2020 (continued)

The SICAV's investment portfolio comprises of equity and debt instruments which are measured at fair value. As a result of the crisis, there has been a significant negative impact in the financial markets. While the duration and future economic impact of COVID-19 is difficult to know, the Board of Directors of the SICAV and the Management Company continue to watch the efforts of governments to contain the spread of the virus and monitor the economic impact, if any, on the companies in our portfolio.

Business Continuity Plan

The Board of Directors of the SICAV have delegated the daily management of the SICAV to the Management Company. The number one priority of the Management Company of the SICAV is the safety and well-being of its stakeholders and employees. It has designed a continuity plan that allows it to remain fully operational and continuously monitor the SICAV's activities. All employees of the Management Company can work from home as the IT department has ensured that most vital systems can be accessed from distance through web interfaces in order to ensure smooth continuation of business.

The Board of Directors of the SICAV have realised a new prospectus as of March 2020.

c) Share classes

Classes of shares offered to investors are presented in the Special Sections of the Prospectus of the SICAV.

NOTE 2

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

a) Presentation of financial statements

The financial statements are prepared in accordance with generally accepted accounting principles and with the legal reporting requirements applicable in Luxembourg relating to undertakings for collective investment.

The reference currency of the SICAV is the EUR.

The accounting year of the SICAV terminates on December 31.

b) Combined financial statements of the SICAV

The combined financial statements of the SICAV are expressed in EUR. Accounting items of the different sub-funds denominated in currencies other than EUR are converted into EUR at the exchange rates prevailing at the closing date.

c) Valuation of investment securities

The assets of the SICAV are valued as follows:

1. Transferable Securities or Money Market Instruments quoted or traded on an official stock exchange or any other Regulated Market, are valued on the basis of the last known price, and, if the securities or money market instruments are listed on several stock exchanges or Regulated Markets, the last known price of the stock exchange which is the principal market for the security or Money Market Instrument in question, unless these prices are not representative.

Notes to the financial statements as at June 30, 2020 (continued)

2. For Transferable Securities or Money Market Instruments not quoted or traded on an official stock exchange or any other Regulated Market, and for quoted Transferable Securities or Money Market Instruments, but for which the last known price is not representative, valuation is based on the probable sales price estimated prudently and in good faith by the Board of Directors of the SICAV.

3. Units and shares issued by Undertakings for Collective Investment in Transferable Securities ("UCITS") or other Undertakings for Collective Investment ("UCIs") are valued at their last available Net Asset Value ("NAV").

4. The liquidating value of futures, forward or options contracts that are not traded on exchanges or on other Regulated Markets is determined pursuant to the policies established in good faith by the Board of Directors of the SICAV, on a basis consistently applied. The liquidating value of futures, forward or options contracts traded on exchanges or on other Regulated Markets is based upon the last available settlement prices of these contracts on exchanges and Regulated Markets on which the particular futures, forward or options contracts are traded; provided that if a futures, forward or options contract could not be liquidated on such Business Day with respect to which a NAV is being determined, then the basis for determining the liquidating value of such contract is such value as the Board of Directors of the SICAV may, in good faith and pursuant to verifiable valuation procedures, deem fair and reasonable.

5. Liquid assets and Money Market Instruments with a maturity of less than 12 months may be valued at nominal value plus any accrued interest or using an amortised cost method (it being understood that the method which is more likely to represent the fair market value is retained). This amortised cost method may result in periods during which the value deviates from the price the relevant Company would receive if it sold the investment. The Board of Directors of the SICAV may, from time to time, assess this method of valuation and recommend changes, where necessary, to ensure that such assets are valued at their fair value as determined in good faith pursuant to procedures established by the Board of Directors of the SICAV. If the Board of Directors of the SICAV believes that a deviation from the amortised cost per Share may result in material dilution or other unfair results to Shareholders, the Board of Directors of the SICAV takes such corrective action, if any, as it deems appropriate, to eliminate or reduce, to the extent reasonably practicable, the dilution or unfair results.

6. The swap transactions are consistently valued based on a calculation of the net present value of their expected cash flows. For certain sub-funds using OTC Derivatives as part of their main Investment Policy, the valuation method of the OTC Derivative is further specified in the relevant special section of the Prospectus.

7. Accrued interest on securities are included only if it is not reflected in the share price.

8. Cash is valued at nominal value.

9. All assets denominated in a currency other than the reference currency of the respective sub-fund/class are converted at the mid-market conversion rate between the Reference Currency and the currency of denomination.

10. All other securities and other permissible assets as well as any of the above mentioned assets for which the valuation in accordance with the above subparagraphs would not be possible or practicable, or would not be representative of their probable realisation value, are valued at probable realisation value, as determined with care and in good faith pursuant to procedures established by the SICAV.

Notes to the financial statements as at June 30, 2020 (continued)

d) Net realised gain/loss on sales of investments

The net realised gain/loss on sales of investments is calculated on the basis of the average weighted cost of the investments sold.

e) Cost of investment securities

Cost of investment securities in currencies other than the currency of the sub-fund is translated into the currency of the sub-fund at the exchange rate applicable at purchase date.

f) Forward Foreign exchange contracts

The unrealised gains or losses resulting from outstanding forward foreign exchange contracts, if any, are determined on the basis of the forward rates applicable at the closing date and are recorded in the statement of net assets.

g) Income

Dividends are recorded net of withholding tax at ex-date. Interest is recorded on an accrual basis.

h) Recognition of futures contracts

At the time of each NAV calculation, the margin call on futures contracts is recorded directly in the realised capital gains and losses accounts relating to forward contracts by the bank account counterparty.

i) Accounting of futures contracts

Unrealised appreciations and depreciations on futures contracts are settled daily through the reception/payment of a cash amount corresponding to the daily increase/decrease of the market value of each opened futures contracts. Such cash amount is recorded under the caption "Cash at banks" in the statement of net assets and the corresponding amount is recorded under the caption "Net realised gain/loss on forward contracts" in the statement of operations and changes in net assets.

j) Transaction fees

The transaction fees represent the costs incurred by each sub-fund in connection with purchases and sale of investments.

They include brokerage fees as well as bank commissions, tax, depositary fees and other transaction fees, and are included in the statement of operations.

k) Formation expenses

Formation expenses are amortised over a maximum period of five years.

Renta 4

Notes to the financial statements as at June 30, 2020 (continued)

NOTE 3

"TAXE D'ABONNEMENT"

The SICAV is not subject to taxation in Luxembourg on its income, profits or gains.

No stamp duty, capital duty or other tax are payable in Luxembourg upon the issue of the shares of the SICAV.

The SICAV is however subject to a subscription tax ("taxe d'abonnement") levied at the rate of 0.05% per annum based on its NAV at the end of the relevant quarter, calculated and paid quarterly. A reduced subscription tax of 0.01% per annum is applicable to classes of the sub-fund which are reserved to one or more institutional investors.

The value of the assets represented by shares held in other undertakings for collective investments already subject to the taxe d'abonnement is free from such taxation.
