

Portfolio objective

The investment objective is to provide income and capital growth over the longer term by investing in equities globally. The fund will aim to deliver a yield higher than that generally available from investment in global equities.

Performance

The fund aims to deliver a yield around 130% of the MSCI ACWI index on a rolling 12 month basis and long term capital appreciation net of fees. Performance for the individual share class is shown against the reference index as detailed in the key facts table.

Past performance does not predict future returns.
