FOR FUND DISTRIBUTORS AND PROFESSIONAL INVESTORS ONLY

- 1) Calculated at the net asset value, excl. front-end load, distributions reinvested. Calculation according to method as defined by BVI, the German Fund Companies Association. **Any front-end loads reduce the capital employed and the performance.** All performance data since 15/10/2002 of Allianz German Equity - AT - EUR prior to the launch date, 22/10/2012 refer to another investment fund. This does not imply that Allianz German Equity - AT - EUR will experience a similar performance in the future. All share classes/investment funds mentioned above are based on the same investment objectives and strategies as well as risk profiles and fee structures. Past performance is not a reliable indicator of future results.
- 2) SFDR: EU Sustainable Finance Disclosure Regulation. Information accurate at time of publishing.
- 3) The Sharpe ratio states the relationship between the return generated by the fund and the investment risk. The fund's excess return versus the risk-free market rate is compared to volatility. Negative values are not meaningful.
- 4) Volatility measures the fluctuation range of the fund's performance over a specified period of time.
- 5) Measure of the proportion of fund assets that is invested differently from the benchmark.
- 6) This is for guidance only and not indicative of future allocation.
- 7) If the acquisition of Fund units is subject to a sales charge, up to 100% of such sales charge may be collected by the distributor; the exact amount shall be mentioned by the distributor as part of the investment advisory process. This also applies to any payment by the Management Company of an ongoing distribution fee from the all-in fee to the distributor. The all-in fee includes the expenses previously called management, administration and distribution fees.
- 8) TER generally: Total cost (except transaction costs) charged to the fund during the last financial year. TER for funds-of-funds: The costs incurred by the fund itself (except transaction costs). Since the fund held other investment units ("target funds") in the reporting period, further costs, charges and fees may have been incurred at the level of the target fund.

Disclaimer

Investing involves risk. The value of an investment and the income from it may fall as well as rise and investors might not get back the full amount invested. Allianz German Equity is a sub-fund of Allianz Global Investors Fund SICAV, an open-ended investment company with variable share capital organised under the laws of Luxembourg.
