

M&G (Lux) Positive Impact Fund EUR Class A – Distribution shares

Fund Factsheet as at 30 April 2024

Marketing Communication

Fund description

The fund aims to provide combined capital growth and income that is higher than that of the global stockmarket (as measured by the MSCI ACWI Net Return Index) over any five-year period; and to invest in companies having a positive impact on society through addressing the world's major social and/or environmental challenges. At least 80% of the fund is invested in the shares of companies from anywhere in the world, including emerging markets. The fund usually holds shares in fewer than 40 companies. The fund invests in securities that meet the ESG criteria, applying an exclusionary approach, in addition to its sustainable investment strategy in pursuit of the sustainable investment objective, as described in the prospectus. The fund's recommended holding period is five years.

The main risks associated with this fund

The value of investments and the income from them will fall as well as rise and investors may not recoup the original amount they invested.

Concentrated portfolios risk. The Fund may hold a relatively small number of investments, and as a result, may be more volatile and can be influenced by a small number of large holdings.

Smaller companies risk. Funds investing mainly in smaller companies may be more volatile and carry a higher risk to capital than funds investing in larger companies.

Please note that the Fund is not listed and you can redeem only on Singapore business days which are also Dealing Days.

For any further information about the key risks that may affect your investment please refer to the Product Highlight Sheet (PHS) and to the "Main Risks" section of the Singapore Fund Supplement available at
