Risks: Investments in funds are subject to risk. Past performance is not a reliable indicator of future returns. Future returns are not guaranteed and a loss of principal may occur. The value of an investment may decline as well as increase and shareholders risk to lose part or all of their investment. In addition, any performance data included in this document does not take into account fees and expenses charged on issuance and redemption of securities nor any taxes that may be levied. Changes in exchange rates may cause increases or decreases in your return. The risk category was calculated using historical performance data (or indicative fund performance during periods of suspension), in accordance with PRIIPS Regulation (EU) No 1286/2014. It may not be a reliable indicator of the fund's future risk profile. The fund's risk category is not guaranteed to remain fixed. Please see the Key Information Document for more information.

IMPORTANT INFORMATION

General: This is a marketing document and is intended for informational and/or marketing purposes only. It is neither directed to, nor intended for distribution or use by, any person or entity who is a citizen or resident of or located in any locality, state, country or jurisdiction where such distribution, publication, availability or use would be contrary to law or regulation. This document is neither an offering memorandum, nor should it be considered as a solicitation to purchase or to invest in Quaero Capital Funds (Lux) – Taiko Japan (the “Fund”). Any offer to purchase shares in the Fund based on this document will not be capable of acceptance. The Prospectus, KID, Articles, annual and semi-annual reports (the “[Legal Documents](#)”) may be obtained free of charge at the address mentioned below. **Please read the Legal Documents before investing and take note of the risk factors listed in the Fund’s prospectus that are not intended to be reproduced in full in this document.**

Performance: Nothing contained herein shall constitute any representation or warranty as to future performance of any financial instrument, currency rate or other market or economic measure. No assurance can be made that profits will be achieved or that substantial losses will not be incurred. **Past performance is not a guide to or indicative of future results. Future returns are not guaranteed and a loss of principal may occur. Future performance is subject to taxation which depends on the personal situation of each investor and which may change in the future.**

Risk: Factors affecting fund performance may include changes in market conditions (including currency risk) and interest rates, as well as other economic, political, or financial developments. The Fund’s investment policy allows for it to enter into derivatives contracts. Leverage may be generated through the use of such financial instruments and investors must be aware that the use of derivatives may expose the Fund to greater risks, including, but not limited to, unanticipated market developments and risks of illiquidity, and is not suitable for all investors.

Index: The Fund is actively managed and uses the TOPIX Index Net Total Return for performance comparison. The benchmark has been chosen as it is generally considered to be representative of the investment universe in which the Fund invests. The performance of the Fund is likely to differ from the performance of the benchmark as the holdings, weightings and asset allocation will be different. Investors should carefully consider these differences when making comparisons. The benchmark is provided by an administrator on the European Securities and Markets Authority (ESMA) register of benchmarks which includes details of all authorised, registered, recognised and endorsed EU and third country benchmark administrators together with their national competent authorities.
