Risk indicator

Scale running from 0 (lowest risk) to 6 (highest risk)

The risk category is an indicator of the risk linked to an investment in an UCIT or a compartment. Any change in the risk category will be specified in the periodic reports of the UCITs.

The total amount of assets is the total amount calculated at the end of the present month or at the end of the previous month. The present note uses the term fund whereas the Belgian law refers to compartment and should not be considered as an offer to buy or sell securities. In order to constitute an offer, this document should be accompanied by the prospectus, the simplified prospectus and possible Belgian annex. The latest prospectus, the simplified prospectus, the Belgian annex and the latest annual or half-annual report are available free of charge on the web site www.degroot.be and at Bank Degrof NV/SA, rue de l'Industrie 44, 1040 Brussels.
