 - (ii) determine the allocation ratios for each class of Participating Share within the Fund which shall be done by dividing the figure calculated in (iii) below for each class of Participating Share within the Fund by the Net Asset Value of the Fund at the previous Valuation Point and making adjustments for different fees applicable to different classes, if appropriate;

- (b) The valuation principles to be used in valuing the Company's assets are as follows:
- (i) Securities, other than debt securities which the Directors have valued under Article 16(b)(ii), which are quoted, listed or traded on or under the rules of any Regulated Market shall be valued at the last traded price on the relevant Regulated Market at the Valuation Point. The value of any securities listed, quoted or traded on a Regulated Market but acquired or traded at a premium or discount outside of or off the Regulated Market may be valued taking into account the level of premium or discount at the date of valuation and the Depositary must ensure the adoption of such procedure is justifiable in the context of establishing the probable realisation value of the security. If the security is normally quoted, listed or traded on or under the rules of more than one Regulated Market, the relevant Regulated Market shall be that which the Directors determine provides the fairest criterion of value for the asset. If prices for a security quoted, listed or traded on the relevant Regulated Market are not available as at the Valuation Point, or are unrepresentative in the opinion of the Directors, such asset shall be valued at such value as shall be certified with care and in good faith as the probable realisation value of the asset by a competent professional person, firm or corporation (appointed for such purpose by the Manager in consultation with the Investment Manager and approved for the purpose by the Directors and the Depositary), or by any other means provided the value is approved by the Depositary.
 - (ii) Subject to the provisions described below in relation to Funds primarily comprising short-term debt securities, debt securities traded on a Regulated Market will be valued on the basis of valuations provided by a principal market maker or a pricing

service (i.e. valuing debt securities as at the closing bid price on the relevant Regulated Market at the Valuation Point) both of which generally utilise electronic data processing techniques to determine valuations for normal institutional trading units of debt securities without exclusive reliance on quoted prices.

- (iii) The value of any asset which is not normally quoted, listed or traded on or under the rules of a Regulated Market shall be valued at its probable realisation value, estimated with care and in good faith, as determined by the Directors (who shall be approved for the purpose by the Depositary) in consultation with the Investment Manager and the Administrator or by a competent person, firm or corporation (appointed for such purpose by the Manager in consultation with the Investment Manager and approved for such purpose by the Directors and the Depositary), or by any other means provided the value is approved by the Depositary.
- (iv) Investments in other collective investment schemes which are not valued in accordance with the provisions outlined above shall be valued on the basis of the latest available redemption price of such units or shares after deduction of any redemption charges.
- (v) Cash deposits and similar investments shall be valued at their face value together with accrued interest unless in the opinion of the Directors (in consultation with the Manager, the Investment Manager and the Depositary) any adjustment should be made to reflect the fair value thereof.
- (vi)
 - A. Derivative instruments including interest rate futures contracts and other financial futures contracts which are dealt in on a Regulated Market shall be valued at the settlement price as at the Valuation Point as determined by the relevant Regulated Market provided that where it is not the practice of the relevant Regulated Market to quote a settlement price, or if a settlement price is not available for any reason, such instruments shall be valued at probable realisation value estimated with care and in good faith by the Directors (who shall be approved for the purpose by the Depositary) in consultation with the Manager and the Investment Manager, or by a competent professional person, body, firm or corporation (appointed for such purpose by the Directors in consultation with the Manager and Investment Manager and approved for such purpose by the Depositary). The value of forward foreign exchange contracts which are dealt on a Regulated Market shall be calculated by reference to the price appearing to the Directors to be the price at which a new forward contract of the same size, currency and maturity as determined by the relevant Regulated Market could be effected as at the Valuation Point, provided that if such market price is not available for any reason, such value shall be calculated by the Directors (who shall be approved for the purpose by the Depositary) shall, in consultation with the Investment Manager, determine as the price at which a new forward contract of the same size, currency and maturity could be effected.
 - B. Over the counter ("OTC") derivatives will be valued either using the counterparty's valuation or an alternative valuation, including valuation by the Company or by an independent pricing vendor. OTC derivatives shall be valued at least daily. If using the counterparty's valuation, such valuation must be approved or verified by a party independent of the counterparty and approved by the Depositary (which may include the Company or a party related to the OTC counterparty provided that it is an independent unit within the same group and which does not rely on the same pricing models employed by the counterparty) on a weekly basis. In the event that the Company opts to use an alternative valuation, the Company will use a competent person appointed by the Directors, approved for this purpose by

the Directors and the Depositary, or will use such other method approved by the Depositary and such alternative valuation will be reconciled with the counterparty's valuation on a monthly basis. Any significant differences to the counterparty valuation will be promptly investigated and explained. Forward foreign exchange and interest rate swap contracts which are OTC derivative contracts may be valued in accordance with the preceding provisions or alternatively by reference to freely available market quotations.

- (vii) Certificates of Deposit, where they do not fall to be valued under Article 17(b)(i) above, shall be valued by reference to the latest available sale price for certificates of deposit of like maturity, amount and credit risk at the Valuation Point or, if such price is not available, at the latest bid price or, if such price is not available or is unrepresentative in the opinion of Directors of the value of such certificates of deposit, at probable realisation value estimated with care and in good faith by a competent person approved for the purpose by the Depositary. Treasury bills and bills of exchange shall be valued with reference to prices ruling in the relevant markets for such instruments of like maturity, amount and credit risk at the relevant Point.
 - (viii) The Directors shall be entitled to value the Participating Shares of any Fund using the amortised cost method of valuation. The amortised cost method of valuation may only be used in relation to Funds which comply with the Central Bank's requirements for money market funds and where a review of the amortised cost valuation vis-à-vis the market valuation will be carried out in accordance with the Central Bank's guidelines. Money market instruments in a money-market or non-money market fund may be valued on an amortised basis in accordance with the Central Bank's requirements.
 - (ix) Notwithstanding the above provisions the Directors may, with the prior consent of the Depositary (a) adjust the valuation of any particular listed asset or (b) permit some other method of valuation approved by the Depositary to be used in respect of any particular asset if, having regard to currency, applicable rate of interest, maturity, marketability and/or such other considerations as they deem relevant, they consider that, in the case of (a) above, such adjustment or, in the case of (b) above, the use of such other method of valuation is required or deemed necessary to reflect more fairly the value thereof.
 - (x) Values of assets expressed in a currency other than the base currency of the relevant Fund will be converted into the base currency of the relevant Fund at the latest available exchange rate at the Valuation Point. The officially quoted exchange rate may be determined prior to or after the close of a particular securities market. If such quotations are not available, the rate of exchange will be determined in accordance with policies established in good faith by the Directors.
- (c) For the purposes of this Article 16 monies payable to the Company in respect of the allotment of Participating Shares of a Fund shall be deemed to be an asset of such Fund as of the time at which such Shares are deemed to be in issue in accordance with of these Articles.
- (i) in calculating the Net Asset Value of the assets:

 - D. where any amount in one currency is required to be converted into another currency the Directors may effect such conversion using such rates as the Directors shall determine at the relevant time except where otherwise specifically provided herein;
 - E. there shall be deducted from the assets the total amount of any actual or estimated liabilities properly payable including outstanding borrowings (if any) but excluding liabilities taken into account under sub-paragraph (ii) above and any estimated liability for tax on and such amount in respect of contingent or projected expenses as the Administrator considers fair and reasonable having regard to the provisions of the Prospectus and the Articles of Association of the Company;

 - G. there shall be added to the assets a sum representing any interest or dividends accrued but not received and a sum representing unamortised expenses;
 - H. there shall be added to the assets the amount (if any) available for distribution in respect of the last preceding accounting period but in respect of which no distribution has been declared;
 - I. there shall be deducted from the assets the total amount (whether actual or estimated by the Directors) of any other liabilities properly payable including accrued interest on borrowings (if any);
 - J. cash, deposits and similar investments shall be valued at their face value (together with accrued interest) unless, in the opinion of the Company, any adjustment should be made to reflect the value thereof;
 - K. the value of assets shall be rounded upwards to the such number of decimal places as the Administrator deems appropriate;
 - L. in the event that extraordinary circumstances render such a valuation impracticable or inadequate, the Company may with the consent of the Depositary, prudently, and in good faith, follow, until the termination of such circumstances, other rules in order to achieve a fair valuation of the assets of the Company;
- (ii) without prejudice to their general powers to delegate their functions herein certified, the Directors may delegate any of their functions in relation to the calculation of Net Asset Value to the Administrator, to a committee of the Directors or to any other duly authorised person. 98. Depositary

- (a) The Directors shall, subject to the approval of the Central Bank, appoint a depositary in accordance with the terms of the Depositary Agreement who shall be responsible for the safekeeping of all the assets of the Company and all of its subsidiaries (established in accordance with the UCITS Regulations), perform its duties prescribed by the UCITS Regulations and the Depositary Agreement and perform such other duties upon such terms as the Directors may from time to time agree in writing with the Depositary and the Depositary shall have power to appoint sub-custodians.
- (b) In consideration for its services as Depositary the Depositary shall be entitled to be paid by the Company out of the property of each Fund:
 - (i) fees of such amount as are specified in the Depositary Agreement (together with Valued Added Tax thereon) or any letters exchanged between the Depositary and the Directors; and
 - (ii) expenses and disbursements incurred by the Depositary in the performance of its functions as authorised by the Depositary Agreement (or any letters as aforesaid)

and the Depositary shall not be obliged to account to the Members or any of them for any payment received in accordance with the foregoing provisions.

- (c) In the event of the Depositary desiring to retire the Company may enter into a new Depositary Agreement to appoint any corporation which is approved by the Central Bank to be the Depositary in place of the retiring Depositary. The Depositary may not retire until a new depositary is appointed.
- (d) If for good and sufficient reasons the Directors are of the opinion and so state in writing to the Depositary that a change of Depositary is desirable, then subject to the approval of the Central Bank, the Depositary may be removed by notice given in writing by the Directors to the Depositary in accordance with the terms of the Depositary Agreement. In such circumstances, the Directors shall endeavour to find a new Depositary to act as Depositary to the Company and provided that such new Depositary is acceptable to the Company and to the Central Bank, the Directors shall by a new Depositary Agreement appoint such new depositary to be the Depositary in place of the removed Depositary.

- (e) Subject to paragraphs (c) and (d) the Depositary shall not cease to be depositary of the Company unless and until the authorisation of the Company has been revoked by the Central Bank at which time a general meeting will be convened at which an Ordinary Resolution to wind up the Company will be considered.

THE SECRETARY

99. Appointment of Secretary

Subject to the provisions of the Act, the Secretary shall be appointed by the Directors for such term, at such remuneration and upon such conditions as they may think fit and any Secretary so appointed may be removed by them.

100. Assistant or Acting Secretary

Anything required or authorised by the Act or these Articles to be done by the Secretary may be done, if the office is vacant or there is for any other reason no Secretary readily available and capable of acting, by or to any assistant or acting secretary or, if there is no assistant or acting secretary readily available and capable of acting, by or to any officer of the Company authorised generally or specially in that behalf by the Directors.

THE SEAL

101. Use of Seal

The Directors shall ensure that the Seal (including any official securities seal kept pursuant to the Act) shall be used only by the authority of the Directors or of a committee authorised by the Directors.

102. Seal for Use Abroad

The Company may exercise the powers conferred by the Act with regard to having an official seal for use abroad and such powers shall be vested in the Directors.

103. Signature of Sealed Instruments

Every instrument to which the Seal shall be affixed shall be signed by a Director and shall also be signed by the Secretary or by a second Director or by some other person appointed by the Directors for the purpose. The Company may have, for use for sealing certificates, an official seal which is a facsimile of the Seal with the addition on its face of the word "Securities" and certificates on which the Securities Seal is used shall not require to be signed by any person.

DIVIDENDS AND RESERVES

104. Declaration of Dividends

Subject to the provisions of the Act, the Company may by Ordinary Resolution declare such dividends on the Participating Shares or on any class of Participating Shares as appear to the Directors to be justified by the profits of the Company or the relevant Fund and no dividend shall exceed the amount recommended by the Directors.

105. Interim Dividends

Subject to the provisions of the Act, the Directors may from time to time if they think fit declare and pay such interim dividends on Participating Shares of any class as appear to the Directors to be justified by the profits of the relevant Fund and the Company may pay Redemption Dividends in respect of Participating Shares which have been accepted for redemption.

106. Source of Dividends

No dividend shall be payable except out of such funds as may be lawfully distributed as dividends in accordance with the Act. Dividends may be paid out of a Fund's net income (including dividend and interest income) less expenses.

107. Receipts

If several persons are registered as joint holders of any Participating Share, any one of them may give effectual receipts for any dividend or other moneys payable on or in respect of the Participating Shares.

108. Dividends in Specie

A general meeting declaring a dividend may direct, upon the recommendation of the Directors, that the Directors shall satisfy any dividend or capital sum payable to holders of the Participating Shares of any Class in whole or in part by distributing to them in specie any of the assets of the relevant Fund, and in particular any Investments to which the relevant Fund is entitled.

109. Ranking of Dividends

If any Participating Share is issued on terms providing that it shall rank for dividend as and from or after a particular date, or to a particular extent, such Participating Share shall rank for dividend accordingly.

110. Payment of Dividends

- (a) Any dividend in respect of any Participating Share may be paid by telegraphic transfer (less expenses) or cheque to the bank account indicated on the Shareholder's most recent form for application for Participating Shares or other written instructions to the Company or its authorised agents. If no such instructions have been given, dividends will be sent by cheque, by post (at the Shareholder's risk) to the relevant Shareholder's address as set out in the Register and, in the case of joint holders, the joint holder whose name stands first in the Register. Every such cheque shall be made payable to the order of the person to whom it is sent and payment of the cheque shall be a good discharge to the Company. Any joint holder or other person jointly entitled to a Participating Share as aforesaid may give receipts for any dividend or other moneys payable in respect of the Participating Share.
- (b) A dividend or other amount payable in respect of a Participating Share in uncertificated form may also be paid by means of the Relevant System if the Directors decide and the person or persons entitled to the payment has or have given written authority for the payment to be made by the Relevant System.

111. Dividends not to bear Interest

No dividend or other moneys payable in respect of a Participating Share shall bear interest against the Company unless otherwise provided by the rights attached to the Participating Share.

112. Payment to Holders on a Particular Date

Any resolution declaring a dividend on Participating Shares of any class, whether a resolution of the Company in general meeting or a resolution of the Directors, may specify that the same may be payable to the persons registered as the holders of such Participating Shares at the close of business on a particular date, notwithstanding that it may be a date prior to that on which the resolution is passed, and thereupon the dividend shall be payable to them in accordance with their respective holdings so registered, but without prejudice to the rights inter se of transferors and transferees of any such Participating Shares in respect of such dividend. The provisions of

this Article shall apply, mutatis mutandis, to capitalisations to be effected in pursuance of these Articles.

113. Unclaimed Dividends

If the Directors so resolve, any dividend which has remained unclaimed for twelve years from the date of its declaration shall be forfeited and cease to remain owing by the Company and become the property of the relevant Fund. The payment by the Directors of any unclaimed dividend or other moneys payable on or in respect of a Participating Share into a separate account shall not constitute the Company a trustee in respect thereof.

114. Currency of Payment and Foreign Exchange Transactions

Where payments in respect of subscription or redemption of Participating Shares or dividend payments are tendered or requested in a major currency other than the base currency of the relevant Fund, any necessary foreign exchange transactions will be arranged by the Administrator for the account of, and at the risk and expense of, the applicant at the time, in the case of subscriptions at the time cleared funds are received, in the case of redemptions at the time the request for redemption is received and accepted, and in the case of dividends at the time of payment.

115. Reserves

Before recommending any dividend, whether preferential or otherwise, the Directors may carry to reserve out of the profits of the Company such sums as they think proper. All sums standing to reserve may be applied from time to time in the discretion of the Directors for any purpose to which the profits of the Company may be properly applied and at the like discretion may be either employed in the business of the Company or invested in such Investments as the Directors may lawfully determine. The Directors may divide the reserve into such special funds as they think fit and may consolidate into one fund any special funds or any parts of any special funds into which the reserve may have been divided as they may lawfully determine. Any sum which the Directors may carry to reserve out of the unrealised profits of the Company shall not be mixed with any reserve to which profits available for distribution have been carried. The Directors may also carry forward, without placing the same to reserve, any profits which they may think it prudent not to divide.

CAPITALISATION OF PROFITS OR RESERVES

116. Distributable Profits and Reserves

The Company in general meeting may resolve, upon the recommendation of the Directors, that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the Company's reserve accounts (including capital reserves) or to the credit of the profit and loss account or which is otherwise available for distribution and not required for payment of dividend on any shares with a preferential right to dividend amongst the Members would have been entitled thereto if distributed by way of dividend and in the same proportion on condition that the same be not paid in cash but be applied either in or towards paying up in full unissued shares of the Company to be allotted and distributed credited as fully paid up to and amongst such Members in the proportion aforesaid, or partly in one way and partly in the other, and the Directors shall give effect to such resolution.

117. Non-Distributable Profits and Reserves

Without prejudice to any powers conferred on the Directors as aforesaid, the Company in general meeting may resolve, on the recommendation of the Directors, that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the Company's reserve accounts or to the credit of the profit and loss account which is not available for distribution by applying such sum in paying up in full unissued shares to be allotted as fully paid bonus shares to those members of the Company who would have been entitled to that sum

if it were distributable and had been distributed by way of dividend (and in the same proportions) and the Directors shall give effect to such resolution.

118. Implementation of Capitalisation Issues

Whenever such a resolution is passed in pursuance of either of the two immediately preceding Articles, the Directors shall make all appropriations and applications of the undivided profits resolved to be capitalised thereby and all allotments and issues of fully paid shares, if any, and generally shall do all acts and things required to give effect thereto with full power to the Directors to make such provisions as they shall think fit for payment in cash or otherwise for the case of shares becoming distributable in fractions and to authorise any person to enter on behalf of all the Members entitled thereto into an agreement with the Company providing for the allotment to them respectively, credited as fully paid up, of any further shares to which they may become entitled upon such capitalisation or (as the case may require) for the payment up by the Company on their behalf, by the application thereto of their respective proportions of the profits resolved to be capitalised, of the amounts or any part of the amounts remaining unpaid on their existing shares, and any agreement made under such authority shall be effective and binding on all such Members.

WINDING UP

127. Distribution on Winding Up

- (a) If the Company shall be wound up, the liquidator shall, subject to the provisions of the Act, apply the assets of the Company on the basis that any liability incurred or attributable to a Fund shall be discharged solely out of the assets of that Fund.
- (b) The assets available for distribution among the Members shall then be applied in the following priority:
 - (i) firstly, in the payment to the holders of the Participating Shares of each class of each Fund a sum in the currency in which that class is designated or in any other currency selected by the liquidator as nearly as possible equal (at a rate of exchange determined by the liquidator) to the Net Asset Value of the Participating Shares held by such holders respectively as at the date of commencement to wind up provided that there are sufficient assets available in the relevant Fund to enable such payment to be made. In the event that, as regards any class of Participating Shares, there are insufficient assets available in the relevant Fund to enable such payment to be made, recourse shall be had to the assets of the Company (if any) not comprised within any of the Funds and not (save as provided in the Act) to the assets comprised within any of the Funds;
 - (ii) secondly, in the payment to the holders of the Subscriber Shares of sums up to the nominal amount paid thereon out of the assets of the Company not comprised within any Funds remaining after any recourse thereto under sub-paragraph (b)(i) above. In the event that there are insufficient assets aforesaid to enable such payment to be made, no recourse shall be had to the assets comprised within any of the Funds;
 - (iii) thirdly, in the payment to the holders of each class of Participating Shares of any asset remaining in the relevant Fund of any balance being made in proportion to the number of Participating Shares held; and
 - (iv) fourthly, in the payment to the holders of the Participating Shares of any balance then remaining and not comprised within any of the Funds such payment being made in proportion to the value of each Fund and within each Fund to the value of each class and in proportion to the number of Participating Shares held in each class.
- (c) A Fund may be wound up in accordance with the Act and in such event the provisions of paragraph (b)(i) and Article 127 will apply mutatis mutandis in respect of that Fund.

128. Distribution in Specie

If the Company shall be wound up (whether the liquidation is voluntary, under supervision or by the Court) the liquidator may, with the authority of a Special Resolution and any other sanction required by the Act, divide among the Members in specie the whole or any part of the assets of the Company, and whether or not the assets shall consist of property of a single kind, and may for such purposes set such value as he deems fair upon any one or more class or classes of property, and may determine how such division shall be carried out as between the Members or different classes of Members. The liquidator may, with the like authority, vest any part of the assets in trustees upon such trusts for the benefit of Members as the liquidator, with the like authority, shall think fit, and the liquidation of the Company may be closed and the Company dissolved, but so that no Member shall be compelled to accept any assets in respect of which there is liability. The Company will sell the assets if requested by a Member and the cost of such sale shall be charged to the redeeming Member.

Such transactions are subject to:

138. Change of Name of Funds

The Directors are entitled to change the name of any Fund (subject to the prior approval of the Central Bank). The Directors shall, subject to the prior approval of the Central Bank, change the name of any Fund which includes in its name any name proprietary to any third party (including the Manager or a benchmark index provider) if the conditions under which the third party (whether contained in an agreement with the Company or otherwise) permits the use of such name include a requirement to change the name of the Fund under certain circumstances, and such circumstances occur.

139. Indemnity

- (a) Subject to the provisions of and insofar as may be permitted by the Act and the UCITS Regulations, every Director, Secretary and other officer or servant of the Company shall be indemnified by the Company against, and it shall be the duty of the Directors out of the funds of the Company to pay all costs, losses and expenses which any such officer or servant may incur or become liable to by reason of any contract entered into, or act or thing done by him as such officer or servant or in any way in discharge of his duties (otherwise than in the case of fraud, negligence or wilful default), including travelling expenses, and the amount for which such indemnity is provided shall immediately attach as a lien on the property of the Company and have priority as between the Members over all other claims.
- (b) Subject to the provisions of and insofar as may be permitted by the UCITS Regulations, the Administrator, the Manager and the Depositary shall be entitled to such indemnity from the Company under such terms and subject to such conditions and exceptions and with such entitlement to have recourse to the assets of the Company with a view to meeting and discharging the costs thereof as shall be provided under the Administration Agreement, the Management Agreement and the Depositary Agreement respectively.
