# J O Hambro Capital Management Global Select Fund

A GBP IE00B3DBRN27

A sub-fund of J O Hambro Capital Management Umbrella Fund PLC

Managed by JOHCM Funds (Ireland) Limited

### Objectives and investment policy

- The Fund's investment objective is to achieve long-term total returns from investing in a concentrated portfolio of listed global equity securities.
- Under normal market environments, the Fund is intended to be near-fully invested, and at no time will less than 80% of the Fund's total net assets be invested in such securities. The Fund may on occasion invest in fixed and/or floating rate convertible bonds. Any such bonds will be rated within the four highest grades by one of the major ratings agencies. The Fund will be managed on an 'unconstrained basis' with no restrictions in terms of regional or sector allocation versus its benchmark.
- The Fund promotes environmental and social characteristics throughout the investment decision making process.
- The Fund is actively managed which means that the fund managers use their expertise to pick investments to achieve the objective of the Fund.
- Performance of the Fund may be measured against the MSCI ACWI NR Index (net dividends reinvested) (the "Index"). The Index is used as a target benchmark for the Fund as the Performance Fee for the Fund is payable when the performance of the Fund exceeds that of the Index. The use of the Index does not limit the investment decisions of the fund managers so the shareholdings of the Fund may differ significantly from those of the Index. The Index is used as it captures large and mid cap representation across 23 Developed Markets and 24 Emerging Markets countries. With 2,885 constituents, the Index covers approximately 85% of the global investable equity opportunity set.
- Any income the Fund generates for this share class will be reinvested annually to grow the value of your investment unless you elect for a cash dividend.
- You can buy and sell shares in the Fund on any day which is a working day in Dublin and the UK. Instructions received before 12:00 noon will be processed that day. Instructions received after 12:00 noon will be processed at 12:00 noon on the following working day.
- Recommendation: The Fund may not be suitable for those investors who plan to withdraw their money within five years.
- The mid-day index is a customised variant designed and maintained by MSCI, for alignment with this Fund's mid-day valuation point.

value of investments held by the Company.

- Political and/or regulatory risks.

Investors should note that a more detailed description of risk factors is set out in full in the Prospectus.

The risk and reward indicator is calculated on the basis of the share class volatility (the ups and downs in its value) over the prior 5 year period.

The risk and reward indicator:

- is based on historical data and may not be a reliable indication for the future;
- is not guaranteed and may change over time.
- The lowest category does not mean that a share class is risk free.

The share class category reflects the following factors:

- Higher volatility can result from investments in shares as their value may fluctuate more than other financial instruments, such as bonds.
- The Fund may invest in shares priced in currencies other than the currency of the share class. This may result in the value of the share class increasing or decreasing due to changes in foreign exchange rates.
- Your initial investment is not guaranteed.

In addition to the risk captured by the indicator, the Fund value may be affected by:

- Changes in exchange rates between currencies may cause the value of the investments to diminish or increase.
- Any change in the Company's tax status or in legislation could affect the

## Charges

| One-off charges taken before or after you invest  |       |
|---|-------|
| Entry charge  | 5.00% |
| Exit charge   | 0.00% |
| This is the maximum that might be taken out of your money. Consult your financial advisor or distributor for the actual amount they may charge. |       |
| Charges taken from the fund over a year   |       |
| Ongoing charges   | 0.79% |
| Charges taken from the fund under certain conditions  |       |
| Performance fee   |       |
| During the year ended 31 December 2022 the performance fee amounted to 0.00%.   |       |

The charges you pay as an investor in the Fund are used to cover the operational costs of the Fund, including marketing and distribution costs. These charges reduce the potential growth of your investment.

Ongoing charges are based on figures for the year ending 31 December 2022.

This figure may vary from year to year and does not include Fund transaction costs.

A performance fee of 15% is payable on the excess if the NAV outperforms the Index Adjusted NAV (as defined in the Fund Supplement) on an annual basis. The calculation is performed daily. Any underperformance is carried forward.

For more information about charges see the Fund's prospectus, available at [www.johcm.com](http://www.johcm.com).

## Past performance

Past performance is not a reliable guide to future performance.

These performance results include ongoing charges and any performance fee taken from the Fund but do not include any entry charges that you might have to pay.

The share class came into existence in 2008.

Past performance has been calculated in GBP.
