

Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

DPAM B Bonds Global Inflation Linked

(a sub-fund of DPAM B SA, a public SICAV under Belgian law)

managed by DPAM SA

Class N EUR HEDGED - ISIN: BE6304414939

Objectives and investment policy

Objective

- The objective of the fund is to offer investors exposure to debt securities denominated in any currency, whose interest payments and/or capital redemption depend on the movement in inflation in a given country or geographical region. It is an actively managed fund, which means that the portfolio manager does not aim to replicate the performance of a benchmark.

The fund does not aim for sustainable investment but promotes environmental and social aspects within the meaning of Regulation (EU) 2019/2088 of the European Parliament and of the Council of 27 November 2019 on sustainability-related disclosures in the financial services sector.

Investment policy

- The fund invests mainly (at least 75% of net assets), without restriction as to sectors, in bonds and/or other debt securities, at fixed or floating rates, (in any currency), where payment of interest and/or repayment of capital depends on the evolution of inflation in a country or geographical region. These securities are issued (or guaranteed) by a State (including its regional public authorities) or by international or supranational public bodies or by institutions or agencies held by one or more public actors and charged with public or general interest missions or covered by a mechanism guaranteeing priority repayment in the event of the issuer's default. The fund applies a binding investment restriction: the exclusion of countries that do not respect a minimum of democratic requirements. More information can be found on the website www.dpamfunds.com.

Benchmark: Bloomberg Universal Inflation Linked GDP Weighted IG.

Use of the benchmark: the benchmark is used to compare performance. The selection and weighting of the assets in the fund's portfolio may differ significantly from the composition of the benchmark.

- It has been granted a derogation and may invest up to 100% of its

assets in different issues of transferable securities and financial instruments issued or guaranteed by one of the following States: Germany, France, US, Brazil, UK, Canada, Japan, Australia, Sweden, Denmark and Italy providing they are spread among at least issues, with none of them exceeding 30% of the fund's net assets.

Subscription/Redemption

- All subscription or redemption requests may be made prior to 3 pm (Belgian time) on each business day to Banque Degroef Petercam SA.

Types of Units

- The units of the fund are capitalisation units, issued in the form of shares, which do not give right to a dividend. All income earned by the fund is reinvested. In a hedged class, the fund seeks to hedge the currency risk. Currency hedging results in differences in performance between hedged and non-hedged classes of the same fund.

Derivative products

- The fund may, on an optional basis, use derivatives such as futures and/or forwards in order to achieve the investment objectives and/or for hedging purposes (hedging of or exposure to the risks associated with certain markets).

Investment holding period

- This fund may not be appropriate for investors who intend to withdraw their capital within 3 years of the initial investment.

Risk and reward profile

1	2	3	4	5	6	7
---	---	---	---	---	---	---

- As any investment is risky by nature, the return (performance) thereof is potential only. The risk and reward profile of your investment is reflected by a synthetic indicator which ranks the fund over a risk/return scale from the lowest (1) to the highest (7) risk category.
- The computation of this risk/reward profile is based on the portfolio's net asset value fluctuations (volatility) recorded over the past 5 years (or on simulations based on an appropriate benchmark for funds or share classes of less than 5 years). It gives an indication of the fund's potential performance and of your capital risk exposure, but it does not guarantee that the risk/reward profile currently published will remain unchanged.
- Historical data, such as those used in calculating the synthetic indicator, may not be a reliable indication of the future risk profile of the fund.
- The lowest risk/return category (level 1) does not mean a risk-free investment.
- The risk/return profile mentioned herein is essentially due to the presence of inflation-linked bonds in the portfolio.
- The capital invested in this fund is neither guaranteed nor protected. You may therefore lose all or part of your investment.

Certain risks are not (or not adequately) reflected in the risk and reward profile mentioned herein. Amongst those risks, the following could have a material impact on the risk and reward profile of the fund:

- Concentration risk: the fund's portfolio is largely composed of debt securities (any currency) whose interest payment and/or principal repayment depends on the development of inflation in a country or geographical region, which may make the portfolio particularly sensitive to the economic development of such country or region.
- Risk associated with derivative products: the derivative products in the portfolio may be more volatile than the underlying instruments to which they relate, resulting in a decrease in the value of the portfolio.
- Sustainability risk: environmental and/or social aspects are taken into consideration during the fund's investment selection process. Nevertheless, the risk of sustainability remains. As a result, the fund may have greater exposure to issuers that have a negative sustainability impact.

Charges

The charges are used to pay the costs of running the fund (including the marketing and distribution costs thereof). These costs reduce the potential growth of your investment.

One-off charges taken before or after you invest

Entry charge 2.00%

Exit charge N/A.

This is the maximum that might be taken out of your money before it is invested / before the proceeds of your investment are paid out.

Charges taken from the fund over a year

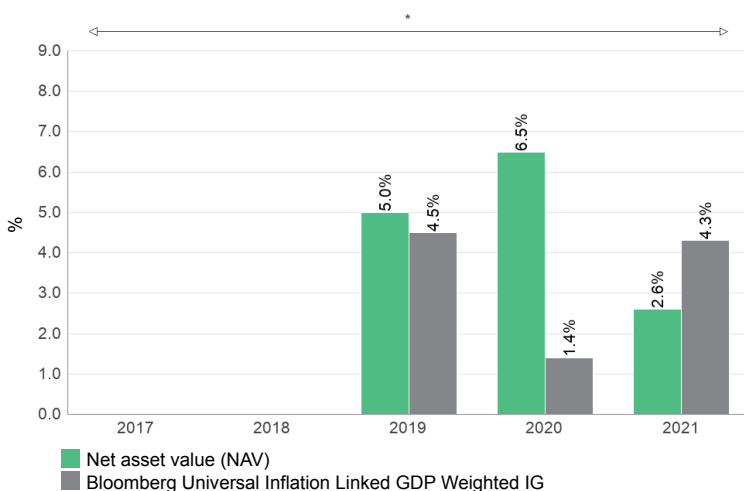

Ongoing charges 0.34%

Charges taken from the fund under certain specific conditions

Performance fee N/A.

- The entry charges mentioned herein are maximum figures. In certain circumstances, these charges may be lower. Please contact your distributor or usual advisor to obtain the amount of charges effectively applied.
- The amount of ongoing charges mentioned herein is based on an estimate of the total expected annual costs. This amount may vary from quarter to quarter. These charges include transaction fees incurred by the fund when it subscribes to and/or sells units of another fund, but do not include either (i) the fees incurred by the fund when it makes investments other than subscriptions/sales of units of funds or, where applicable, (ii) the performance fee.
- Specific costs may be charged in case of sub-fund conversion.
- For more information on all the charges and the way they are calculated, please refer to the "Fees and costs" section of the prospectus.

Past performance

- This bar chart illustrates the performance of this share class during the period mentioned therein.
- This information gives an indication, but may under no circumstances be regarded as a guarantee, of future performance.
- This sub-fund and this class were created in 2022.
- Performance is calculated in EUR and includes all the costs and fees charged to the sub-fund.
- These performances do not follow the benchmark.

*: These performances are those of the merged DPAM HORIZON B Bonds Global Inflation Linked sub-fund.

Practical information

- Custodian: Banque Degroef Petercam Luxembourg SA, Belgian branch
- This fund is a sub-fund of DPAM B SA (hereinafter 'DPAM B' or the 'SICAV'). DPAM B is an undertaking for collective investment in transferable securities incorporated in Belgium (Home Member State of the SICAV), which complies with the requirements of Directive 2009/65/EC, and which is subject to the prudential supervision of the FSMA.
- A copy of the prospectus and the latest periodic report(s) (annual report and any subsequent semi-annual report) can be obtained, free of charge, upon request addressed to the registered office (or the financial service provider, if applicable) of the SICAV. These documents (which are produced in French, Dutch and English) as well as more extensive information about this product are available on the website: www.dpamfunds.com (esp. tabs 'Publications' and 'Legal/tax information').
- The value of your units is published on the websites www.dpamfunds.com (tab 'Price') and www.beama.be.
- Belgian tax law may impact your personal tax regime.
- *The SICAV can only be held liable for the information contained in this document if the information is misleading, inaccurate or inconsistent with the corresponding parts of the prospectus. It is recommended that you read this document as well as the prospectus and the reports of the SICAV in order to make an informed investment decision.*
- The units held in this sub-fund may be converted into units of another sub-fund of DPAM B in accordance with the terms and conditions provided for in the prospectus (briefly summarised under the "Subscription and Redemption" sub-heading on the reverse of this document).
- In accordance with the applicable legal provisions, the assets of the sub-fund are segregated from the assets of the other sub-funds of the SICAV, which means that the rights of the investors and other creditors of this sub-fund are limited to the assets thereof.
- You can find out whether other classes of units in this fund are marketed in your jurisdiction and obtain more information on this product (risks, taxation or other information) in the prospectus or on the above-mentioned website. For an explanation of the terms used in this document, please refer to the glossary on the website www.dpamfunds.com ('Glossary' tab).
- Details of the up-to-date remuneration policy and the composition of the remuneration committee are available at https://www.dpamfunds.com/files/live/sites/degroefpetercam/files/guide/regulatory_disclosures/EN/EN%20Remuneration%20policy.pdf. A printed copy is available, free-of-charge, on request from DPAM SA, Rue Guimard, 18, 1040 Brussels or from the following email address: DPAM@degroefpetercam.com
