

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

Credit Opportunities Fund, a compartment of Aperture Investors SICAV

ISIN: LU1958554120, Class RXH EUR, Accumulation

This SICAV is managed by Generali Investments Luxembourg S.A.

Objectives and Investment Policy

The objective of the Fund is to implement an absolute return strategy to achieve income and capital growth by investing, either directly or indirectly, through the use of exchange-traded and OTC financial derivative instruments, in a portfolio of different asset classes with a focus on debt securities.

The core portfolio of the Fund is invested in corporate debt securities and derivatives on corporate credit single names and indices, with an average equivalent rating of BB. The Fund is actively managed.

The Fund shall mainly invest in a diversified basket of debt securities of issuers domiciled, or have substantial business interests in Europe or North America with no restriction in term of maturity or reference currency.

Investments in Sub-Investment Grade Credit Rating debt securities may vary from 0% to 100% of the Fund's net asset.

On an ancillary basis, the Fund may invest in a diversified basket of equities with no restriction on the geographical localisation of the issuer including equity securities of closed-ended real estate investment trusts.

Investments in the following debt securities are allowed up to the Fund's net assets below thresholds:

- Contingent Convertibles 20%;

- debt securities of issuers located in Emerging Market 20%;

- debt securities with a rating CCC or below are allowed up to 20% Securities having a rating below C (or equivalent) are explicitly forbidden.

The Fund may also invest into "Rule 144A" and/or Regulation S securities, which in accordance with US Law are not registered with the US Securities and Exchange Commission (SEC).

The Fund may hold, on a temporary basis and for defensive purposes, up to 100% of its net assets in liquidities such as cash deposits and Money Market Instruments.

The Fund may use financial instruments and derivatives for hedging purposes, for efficient portfolio management purposes and for investment purposes.

The Fund is open-ended. You may redeem shares of the Fund on any Luxembourg business day.

The Share Class makes no dividend payment.

The Fund is actively managed and references the Performance Fee Benchmark for the performance fee's calculation purpose.

The Performance Fee Benchmark of the Fund is SOFR + 2% Index.

Risk and Reward Profile

This indicator represents the annual historical volatility of the Fund over a 5-year period. Its aim is to help investors understand the uncertainties attached to gains and losses that may have an impact on their investment.

The Fund's diversified exposure to short term debt instruments explains its classification in this category.

Historical data such as that used to calculate the synthetic indicator cannot be considered as a reliable indication of the Fund's future risk profile.

The risk category associated with the Fund is not guaranteed and may change over time. The lowest risk category does not mean "risk free". Your initial investment is not guaranteed.

Significant risk(s) for the Fund not taken into account in this indicator include the following:

Derivative Risk: The Fund uses derivative instruments to achieve higher performance through speculation on rising or falling prices. Increased opportunities may lead to increased risk of losses.

Counterparty Risk: The Fund primarily concludes derivatives trades with various contracting parties. There is a risk that counterparties may no longer be able to honour their payment or settlement obligations.

Liquidity Risk: Risk related to a limited market activity that could not allow the Fund to sell or buy underlying investments in suitable conditions.

Credit Risk: The Fund invests a substantial portion of its assets in bonds. The issuers may become insolvent, whereby the bonds may lose a major part of their value or their value entirely.

Currency Risk: Investments in currencies other than the base currency of the Fund may be subject to foreign exchange risk. The Fund may attempt to hedge or reduce foreign exchange risk, generally through the use of derivatives. However, it may not be possible or practical to hedge or reduce such risk at all times.

Operational Risk and Depositary Risk: The Fund may fall victim to fraud or other criminal acts. It may also incur losses due to misunderstandings or errors by employees of the management company, the depositary or external third parties. Finally, its' management or the custody of its' assets can be adversely affected by external events such as fires, natural disasters etc.

For more information about the risks of the Fund, please refer to the risk section of the prospectus.

Charges for this Fund

The charges and commissions are used to cover the Fund's operating costs, including marketing and distribution of shares. These charges reduce the potential growth of your investment.

One-off charges that may be taken before or after you invest	
Entry charge	5 %
Exit charge	3 %

The percentage shown is the maximum amount that can be paid out of your investment. Your financial advisor or distributor can inform you of the associated entry and exit charges.

Charges taken from the Fund over a year	
Ongoing charge	0.59 %
Charges taken from the Fund under certain specific conditions	

Performance fee: Positive or negative Performance Adjustment of the Variable Management Fee up to +/- 1.95% from the VMF Midpoint of 2.34% with a VMF Minimum 0.39% and VMF Maximum of 4.29%. The performance adjustment depends on whether, and to what extent, the Fund's performance exceeds, or is exceeded by, the VMF Midpoint Hurdle (i.e., the Benchmark plus 6.5%) during the Performance Period.

The entry and exit charges shown are maximum rates. In certain cases, the charges paid may be lower.

The indicated ongoing charges are an estimate based on the expected total amount of charges as there is insufficient historical data. This percentage may vary from year to year. It excludes performance fees, if applicable, and portfolio trade-related costs, with the exception of costs paid to the custodian and any entry/exit charge paid to an underlying collective investment scheme. The Fund's annual report for each financial year will include detail on the exact charges made.

A conversion commission of up to 5.00% maximum of the net asset value per share class to be converted may be charged.

The Fund can experience negative absolute performance but still be subject to a Performance Adjustment resulting in additional fees above the VMF minimum, paid to the Investment Manager, where the Fund has outperformed the Benchmark.

VMF Minimum is included in the ongoing charges figure.

For more information about Fund charges, please refer to the relevant parts of the prospectus, which is available at www.generali-investments.lu.

Past Performance

The performance figures shown in the bar chart are not a reliable indication of future performance.

There is insufficient data to provide a useful indication of past performance to investors.

Fund creation date: 5 August 2019.

Share class launch date: 25 January 2022.

Past performance has been calculated in EUR.
