B Acc GBP (ISIN: IE000TT6BQZ2)

Fiera Atlas Global Companies Fund (the "Fund"), a sub-fund of Magna Umbrella Fund plc (the "Company")  
The Company is managed by Bridge Fund Management Limited

## OBJECTIVES AND INVESTMENT POLICY

**Investment Objective:** The investment objective of the Fund is to deliver annualised double digit returns (10% or greater) before fees and costs, with lower risk of capital loss than broader global equity markets, over the long term by investing in a portfolio of listed equities and holding them generally for an investment horizon of over 5 to 7 years.

**Investment Policy:** The Investment Manager expects that a minimum of 80% of the Fund's portfolio will generally consist of long positions in global publicly listed equities. The Investment Manager anticipates that the portfolio of the Fund will, under typical market conditions, contain between 25 and 35 positions in global exceptional companies with strong wealth creation credentials.

The Fund will seek to maintain a diversified portfolio through investing in issuers of companies with a range of end markets and end customers and among a diversified selection of sectors. When considering investments for the Fund, the Investment Manager will consider the long-term objective of achieving superior and sustainable returns.

The Fund is considered to be actively managed in reference to the MSCI All-Country World Index ("Benchmark") by virtue of the fact that it uses the Benchmark for performance

comparison purposes. However, the Benchmark is not used to define the portfolio composition of the Fund or as a performance target and the Fund may be wholly invested in securities which are not constituents of the Benchmark.

The base currency of the Fund is USD.

**Recommendation:** This Fund should be considered as a medium to long-term investment. This Class is an accumulating class and does not intend to distribute any income arising from the investments that it holds. Other classes in the Fund are either accumulating or distributing.

You may redeem your Shares in the Fund on any day on which banks in Dublin, London and New York are open for business. For further information, please see the "Investment Objective" and "Investment Policy" sections of the supplement in respect of the Fund (the "Supplement"). Unless otherwise defined in this document, all words and expressions defined in the prospectus in respect of the Company (the "Prospectus") shall have the same meaning herein.

## RISK AND REWARD PROFILE

These numbers rate how the Fund may perform. Generally the potential for higher gains also mean a larger risk of losses.

The lowest category does not mean a risk free investment. Historical data, such as is used for calculating this indicator, may not be a reliable indication of the future risk profile of this Fund.

The risk and reward category for this Fund is not guaranteed to remain unchanged, and may shift over time.

This Fund is ranked at 6 because funds of this type have experienced high rises and falls in value in the past.

*The following risks may not be fully captured by the risk and reward indicator:*

**Liquidity Risk:** Lower liquidity means there may be insufficient buyers or sellers to allow the Fund to sell or buy investments readily.

**Sub-Custodial Risk:** The assets of funds traded in emerging markets may require the depositary to entrust safekeeping to sub-custodians which may not provide the same degree of investor protection.

**Taxation Risk:** The laws and practices of certain emerging countries may not be as well established as those of developed countries and the Company could become subject to taxation laws applied retrospectively and not envisaged at the date investments are made, valued or sold.

**Credit Risk:** This refers to the likelihood of the Fund losing money if an issuer is unable to meet its financial obligations or goes bankrupt.

**Share Currency Designation Risk:** Changes in the value of the base currency of the Fund relative to the denominated currency of a share class may give rise to a risk for investors.

**Counterparty Risk:** The Fund may invest in derivative contracts and may find itself exposed to risk arising from the solvency of its counterparties and from their ability to respect the conditions of these contracts.

**Derivatives Risk:** Derivatives are highly sensitive to changes in the value of the assets they are based on. The impact on the Fund is greater where derivatives are used in an extensive way. The use of derivatives may result in the Fund being leveraged whereby the exposure of the Fund as a result of all positions held by it may exceed its net asset value and may result in gains or losses that are greater than the original amount invested

For more information on risks, please see the 'Risk Factors' section of the Prospectus and the Supplement.

# CHARGES

| One-off charges taken before or after you invest   |       |
|--|-------|
| Entry charge   | 5.00% |
| Exit charge  | 0.00% |
| This is the maximum that might be taken out of your money before it is invested or paid out. |       |
| Charges taken from the fund over a year  |       |
| Ongoing charges  | 0.35% |
| Charges taken from the fund under certain specific conditions                                |       |
| Performance fee  | None  |

The Fund has the ability to pay the investment management fee from capital with the effect that capital may be eroded and that income will be achieved by foregoing the potential for future capital growth.

The entry and exit charges shown are maximum figures, and in some cases investors may pay less. The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment. You can find out the actual charges from your financial adviser or distributor.

Ongoing charges are based on the Fund's financial year to date and then annualised for the period ending 31/12/2023. The ongoing charges may vary from year to year and the Company's annual report will include detail on the exact charges made.

It excludes performance fees and portfolio transaction costs, except costs paid to the Depositary and any entry/exit charge paid to an underlying collective investment scheme, if any.

For more information about charges (including the application of anti-dilution levies), please see 'Fees and Expenses' in the Prospectus and the Supplement to the Prospectus, which are available on the website of [www.fundinfo.com](http://www.fundinfo.com).
