DODGE & COX WORLDWIDE FUNDS PLC - GLOBAL STOCK FUND

INVESTMENT OBJECTIVES

The Fund’s objective is to provide shareholders with an opportunity for long-term growth of principal and income.

INVESTMENT POLICIES

The Fund seeks to achieve its objective by investing primarily in a diversified portfolio of equity securities from at least three different countries located anywhere in the world, including Emerging Market Countries. Under normal circumstances, the Fund will invest at least 40% of its Net Asset Value in securities of non-U.S. companies, excluding non-U.S. companies included in the S&P 500 Index. Under normal circumstances, the Fund will invest at least 80% of its Net Asset Value in common stocks, preferred stocks, certain securities convertible into common stocks, and securities that carry the right to buy common stocks, including ADRs, EDRs, and GDRs. The Fund may invest up to 5% of the Fund’s Net Asset Value directly in Russian securities.

Securities selected for the Fund are predominantly those which, in the view of the Investment Manager, have positive prospects for long-term growth of principal and income not reflected in the current price.

Subject to the limitations set forth in the Prospectus and consistent with the investment policies of the Fund, the Fund may invest in or utilise derivatives, including OTC Derivatives, as part of its investment strategy. Derivative usage is not intended for the purposes of obtaining leverage or otherwise to alter the volatility of the Fund in pursuing its investment objectives.

An investment in the Fund should not constitute a substantial proportion of an investment portfolio and may not be appropriate for all investors.

RISK PROFILE

Investors should recognise that the market risks inherent in investing in securities cannot be avoided, and there is no assurance that the investment objectives of the Fund will be achieved. The value of Shares may fall as well as rise and investors may not receive back the amount invested.

The Fund is subject to certain risks, such as investment risks, management risk, risks of investing in futures,

options and forwards, risks relating to securities lending arrangements, umbrella structure of the company and cross-liability risk., fair value pricing risks, taxation risk and currency conversion and hedging risk. A more detailed description of the risk factors that apply to the Fund is set out in the Prospectus.

PERFORMANCE DATA

Please note that past performance is not necessarily a guide to the future performance of the Fund.

As the Fund does not yet have a meaningful history, performance data is not available.

PROFILE OF A TYPICAL INVESTOR

Investment in the Fund may be appropriate for investors with a long-term investment horizon who are seeking long-term capital appreciation. The Fund is not appropriate for short-term investors or those seeking income.

DISTRIBUTION POLICY

With respect to Accumulating Share Classes, it is intended that, in the normal course of business, distributions will not be declared and that any net investment income and realised and unrealised capital gains net of realised and unrealised capital losses attributable to each Accumulating Share Class will be accumulated daily in the respective Net Asset Value Per Share of each respective Share Class.

For the GBP Distributing Share Class of the Fund, at the time of each dividend declaration: (1) all, or some portion, of net investment income, if any, may be, but is not required to be, declared as a dividend; and (2) all, or some portion, of realised and unrealised capital gains net of realised and unrealised capital losses may be, but is not required to be, declared as a dividend. Any distributions made by the Fund will be paid in June of each year. Distributions will be made in the respective currency of the relevant Class of the Fund. Investors will be assumed to have elected to invest such distributions in additional shares of the Fund unless a Shareholder designates otherwise on the application form.
