The Prospectus shall be amended as follows:

FUND DESCRIPTIONS

The "*SFDR*" sub-section of the "*Fund Descriptions*" section shall be deleted in its entirety and replaced with the following:

"SFDR

BlackRock intends to comply with transparency requirements relating to principal adverse sustainability impacts on sustainability factors ("**PAIs**") (as set out in the Regulatory Technical Standards (RTS) under the SFDR) in respect of the Funds within the timeframe set out in the SFDR. PAIs are identified under the SFDR as the material impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, and anti-corruption and anti-bribery matters.

The following Funds have been categorised as Article 8 funds under the SFDR, i.e. funds that promote environmental and/or social characteristics provided that companies in which the investments are made follow good governance practices ("**Article 8 Funds**"): iShares \$ Corp Bond 0-3yr ESG UCITS ETF, iShares \$ Corp Bond ESG UCITS ETF, iShares \$ High Yield Corp Bond ESG UCITS ETF, iShares € Corp Bond 0-3yr ESG UCITS ETF, iShares € Corp Bond ESG UCITS ETF, iShares € Floating Rate Bond ESG UCITS ETF, iShares € High Yield Corp Bond ESG UCITS ETF, iShares Dow Jones Global Sustainability Screened UCITS ETF, iShares Global Clean Energy UCITS ETF, iShares Global Timber & Forestry UCITS ETF, iShares Global Water UCITS ETF, iShares J.P. Morgan ESG \$ EM Bond UCITS ETF, iShares MSCI Europe Paris-Aligned Climate UCITS ETF, iShares MSCI Europe Quality Dividend ESG UCITS ETF, iShares MSCI Europe SRI UCITS ETF, iShares MSCI USA Quality Dividend ESG UCITS ETF and iShares MSCI World Quality Dividend ESG UCITS ETF.

The following Fund seeks to track the performance of a Benchmark Index which is labelled by the index provider as an EU Paris-aligned benchmark (within the meaning of the Benchmarks Regulation): iShares MSCI Europe Paris-Aligned Climate UCITS ETF. Where an index provider has labelled the Benchmark Index as an EU Paris-aligned benchmark, the methodology of the Benchmark Index has to be constructed in accordance with the minimum standards prescribed by the Benchmarks Regulation in respect of the criteria for the selection, weighting and, where applicable, exclusion of the underlying assets, to align with the climate commitments laid down in the Paris Agreement.

The following Fund has been categorised as an Article 9 fund under the SFDR, i.e. a fund that has sustainable investment as its objective ("**Article 9 Fund**"): iShares € Green Bond UCITS ETF.

In relation to Article 8 Funds and the Article 9 Fund:

They take into consideration PAIs that, based on the Investment Manager's assessment, are built into the index methodologies of their Benchmark Indices. PAIs are taken into consideration through one or more of the following: (i) where the Benchmark Index applies ESG exclusionary screens, through certain of such ESG exclusionary screens excluding companies with exposure to certain PAIs that exceed the thresholds specified by the index provider, (ii) where the Benchmark Index uses ESG controversy scores to exclude companies that fall below a minimum score, through such scores taking into consideration PAIs, (iii) where the Benchmark Index applies certain climate related features, through such climate related features considering climate transition related PAIs, and/or (iv) where the Benchmark Index incorporates sustainable investments, through such sustainable investments taking into consideration PAIs in the assessment of "do no significant harm". Further information on the PAIs considered in the index methodology of each Article 8 Fund and Article 9 Fund can be found on the website for the relevant Benchmark Index. Website addresses are set out in Benchmark Index descriptions below.

BlackRock carries out due diligence on index providers and engages with them on an ongoing basis with regard to index methodologies including their assessment of good governance criteria set out by SFDR which include sound management structures, employee relations, remuneration of staff and tax compliance at the level of investee companies.

While index providers of the Benchmark Indices of the Funds provide descriptions of what each Benchmark Index is designed to achieve, index providers do not generally provide any warranty or accept any liability in relation to the quality, accuracy or completeness of data in respect of their benchmark indices, nor any guarantee that the published indices will be in line with their described benchmark index methodologies. Errors in respect of the quality, accuracy and completeness of the data may occur from time to time and may not be identified and corrected for a period of time, in particular where the indices are less commonly used.

In addition, in relation to the Article 9 Fund:

In identifying which underlying holdings are sustainable investments, BlackRock will have regard to the index provider's assessment of sustainable investments in the relevant Fund's Benchmark Index methodology.

In addition to exposure to sustainable investments, all holdings (other than investments deemed neutral, for example, cash and derivatives for currency hedging purposes) within an Article 9 Fund will have to comply with

the requirement to do no significant harm to environmental or social factors, as set out in the methodology of the Fund's Benchmark Index.

Taxonomy Regulation

All Funds except for Article 8 Funds and the Article 9 Fund:

The investments underlying these Funds do not take into account the EU criteria for environmentally sustainable economic activities.

Article 8 Funds and the Article 9 Fund:

The Funds do not currently commit to investing more than 0% of their assets in investments in environmentally sustainable economic activities within the meaning of the Taxonomy Regulation.

In addition, in relation to Article 8 Funds:

The "do no significant harm" principle applies only to those underlying investments of the Funds that take into account the EU criteria for environmentally sustainable economic activities. The remaining investments of the Funds do not take into account the EU criteria for environmentally sustainable economic activities. As set out above, the Funds' investments do not currently take into account the EU criteria for environmentally sustainable investments."

The Prospectus shall otherwise remain unamended and in full force and effect.
