INVESTMENT UNIVERSE AND INVESTMENT OBJECTIVE

The investment objective of the sub-fund is to outperform the MSCI Europe Net Total Return EUR Index (M7EU Index). The fund uses a flexible, blended investment strategy founded on a bottom-up approach. A thorough investigation of each company and its management followed by a fair valuation is at the core of the selection process. The fund managers prefer longer investment horizons in order to benefit from revaluation processes. At least 75% of assets are invested in eurozone companies with sound fundamentals, including those with large market capitalisation, as well as small-cap and mid-cap companies. As of January 1, 2024, the benchmark was changed from STOXX EUROPE 600 (Net Return) EUR (SXXR Index) to MSCI Europe Net Total Return EUR Index (M7EU Index).
