Benefits

Efficient access to the US equity markets.

The concentrated portfolio allows investors to benefit in a highly effective manner from UBS Asset Management research.

Higher outperformance potential via additional investment opportunities in the small and mid-cap area and flexible management of market exposure.

Investors benefit from the fact that UBS is one of the few asset managers with a truly global investment platform.

Risks

UBS Opportunity Equity Funds invest in equities and may therefore be subject to high fluctuations in value. For this reason, an investment horizon of at least five years and corresponding risk tolerance and capacity are required. As these UBS Funds pursue an active management style, each Fund's performance can deviate substantially from that of its reference index. All investments are subject to market fluctuations. Every Fund has specific risks, which can significantly increase under unusual market conditions. The fund can use derivatives, which may result in additional risks (particularly counterparty risk).

Please note that additional fees (e.g. entry or exit fees) may be charged. Please refer to your financial adviser for more details. Investors should read the Key Investor Information Document (KIID), Prospectus and any applicable local offering document prior to investing. For a definition of financial terms refer to the glossary available at www.ubs.com/am-glossary.
