Key Investor Information Document

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of this fund. You are advised to read it so you can make an informed decision about whether to invest.

DB PWM II - Active Asset Allocation ESG Portfolio - Growth (USD) Class A

DB PWM II

ISIN LU0327313176

Managed by Hauck & Aufhäuser Fund Services S.A. (HAFS). HAFS belongs to the Hauck Aufhäuser Lampe Group.

Objectives & Investment Policy

The Fund will mainly invest in equity and fixed income securities, either directly or through investments in UCITS and/or UCIs including those managed by the Investment Advisor of the Sub-Fund or companies related to the Investment Advisor. This Sub-Fund promotes environmental and social characteristics and qualifies as a product in accordance with article 8(1) of Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector. Further information is contained in the template pre-contractual disclosure, which is attached to the Prospectus. The objective of the Sub-Fund is to mitigate the exposure of the Sub-Fund to the equity and fixed income markets by investing the remaining portion of its assets in (i) units or shares of regulated open-ended hedge funds and/or (ii) units or shares of UCIs the principal objective of which is the investment in real estate and/or (iii) real estate-related companies and/or (iv) forward contracts and indices based on commodity future contracts, including indirect investments in the latter instruments. The Fund may make use of derivatives transactions to reduce any losses or to achieve

higher growth. The Sub-Fund will invest at least 25% of the net assets of the Sub-Fund in equity investments. The fund may hold ancillary liquid assets up to 20%. The Sub-Fund will invest in equity and fixed income securities as well as other permitted asset classes, either directly or through investments in UCITS and/or UCIs which comply with the provisions set forth in Annex 1 No. 1 e), including those managed by the Investment Manager of the Sub-Fund or companies related to the Investment Manager. Returns may be accumulated. Investors are entitled to request redemption of shares from the Management Company on each Valuation Day. However, we may suspend redemptions in exceptional circumstances if suspension is deemed necessary in consideration of investor interests. Fees for the purchase and sale of securities shall be paid by the Sub-Fund. These fees are incurred in addition to the percentages listed under "Charges" and may negatively impact Sub-Fund returns. This fund is an actively managed fund, which is not benchmarked.

Risk and Reward Profile

Historical data may not be a reliable indication for the future. The risk category shown is not guaranteed and may shift over time. Even the lowest category does not mean 'risk free'. The fund has been categorized SRRI 5 because its net asset value shows moderate volatility leading to adequate probabilities for losses as well as gains. Risks that could significantly affect fund performance and are not necessarily fully reflected in the risk and reward rating include: Issuer Risk: Bonds owned by the Fund may lose some or all of their value if the financial health of the bonds issuers declines or fails. Derivate Risk: Derivatives, especially when used to seek higher gains or to speculate on price movements, can expose the Fund to additional risk of loss. Counterparty Risk: The Fund's transactions with counterparties may be significant, increasing its exposure to losses if a counterparty becomes unable to meet its obligations to the Fund. Operational Risk: The Fund may be exposed to significant operational

risks, such as processing errors, misconduct, communications failures or misunderstanding on the part of those involved in fund management and administration.

DB PWM II - Active Asset Allocation ESG Portfolio - Growth (USD) Class A

DB PWM II

Charges for this fund

The charges you pay are used to pay the costs of running the fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest.

Entry charge	6,00%
Exit charge	0%

Charges taken from the fund over a year

Ongoing charges	0,56%
------------------------	-------

Charges taken from the fund under certain specific conditions

Performance fee	-
------------------------	---

The entry charges shown are maximum figures. This is the maximum that might be taken out of your money. In some cases you might pay less - you can find this out from your financial adviser. The ongoing charges figure is based on expenses for the last finished financial year. This figure may vary from year to year. The ongoing charges figure excludes performance fees and transaction costs.

Past Performance

Past performance is no guarantee for future performance. All expenses and charges have been included when calculating performance data besides the entry charge. DB PWM II - Active Asset Allocation Portfolio - Growth (USD) Class A started to issue units in 2009. Past performance has been calculated in US Dollars.
