(1) Authorised investors:

(i) Investors subscribing through distributors or financial intermediaries who are subject to MIFID II or an equivalent regulation outside of the European Union, as part of:

- their independent advisory activity;
- a non-independent advisory activity or third-party portfolio management for which they sign an agreement with their clients stipulating that they do not receive retrocession payments.

(ii) Professional clients as set out in European Directive 2014/65/EU or an equivalent regulation outside of the European Union.

Where/how to obtain information on the UCI :

All other practical information on this product, including the latest unit price, the prospectus, the latest annual and periodic reports, the composition of assets and the standards of LAZARD FRERES GESTION SAS with regard to the exercise of voting rights, as well as the report on the exercise of voting rights, will be sent out within eight working days upon written request to:

LAZARD FRERES GESTION SAS

25, rue de Courcelles 75008 Paris France

The prospectus is also available at www.lazardfreresgestion.fr.

Designated contact:

Customer service - Monday to Friday - 9 to 18

Tél. +33 (0)1 44 13 01 79

where further information may be obtained if necessary.

II - SERVICE PROVIDERS

Management company	LAZARD FRERES GESTION SAS 25, rue de Courcelles – 75008 Paris Management company incorporated under French law authorised by the French securities regulator (Autorité des Marchés Financiers – AMF) on 28th December 2004, no. GP 04 0000 68
Custodian	CACEIS BANK 89-91 rue Gabriel Péri – 92120 Montrouge Bank and investment services provider accredited by the CECEI on April 1st, 2005. The custodian's functions, as set out in the applicable regulations, include safeguarding of the assets, ensuring the legality of decisions taken by the management company and monitoring of cash flow related to the Funds. <u>Sub-delegation:</u> A description of the functions of delegated custody agents, a list of the custody and sub-custody agents of CACEIS Bank, and information on conflicts of interest that may arise in relation to these agents are available on the CACEIS website: www.caceis.com (Regulatory watch – UCITS V – Sub Custodians List). Investors may obtain updated information on request. The custodian operates independently of the investment management company.
Delegated registrar of shares	CACEIS BANK 89-91 rue Gabriel Péri – 92120 Montrouge Public limited company with a board of directors Bank and investment services provider accredited by the CECEI on April 1st, 2005.
Delegated agent for the centralisation of subscription and redemption orders	CACEIS BANK 89-91 rue Gabriel Péri – 92120 Montrouge The management company has delegated management of the Fund's liabilities to CACEIS Bank, which is therefore responsible for centralising and processing subscription and redemption orders for the Fund's units Co-centralisation: LAZARD FRERES BANQUE 175 boulevard Haussmann - 75008 Paris On behalf of clients for whom it provides custody account-keeping services
Accounting management by delegation	CACEIS FUND ADMINISTRATION 89-91 rue Gabriel Péri – 92120 Montrouge

III - OPERATION AND MANAGEMENT

GENERAL FEATURES

1. Features

Characteristics of units	
Unit RVC EUR	FR0010752543
Unit RVD EUR	FR0013306735
Unit PC EUR	FR0011844034
Unit PD EUR	FR0013306743
Unit PVC EUR	FR0010590950
Unit PVD EUR	FR0012074151
Unit PC H-USD	FR0013076932
Unit PC H-CHF	FR0013236791
Unit TC EUR	FR0013305935
Unit RC EUR	FR0014005U50
Unit PD H-USD	FR00140095N4
Unit RD H-USD	FR00140095O2
Rights attached to the UCI's units	Each unitholder has an ownership right in the UCI's assets in proportion to the number of units owned.
Voting rights	No voting rights are attached to the UCI's units since decisions are taken by the management company.
Form of the units	Bearer or administered registered at the unitholder's discretion. The UCI is listed with Euroclear France.
Fractional or whole units	The UCI's units may be subscribed for and/or redeemed in whole number or can be splitted (see details in section 14. Features of the units).
Financial year end	Last valuation date in March.
First financial year end	Last valuation date in March 2009.

Taxation	The tax treatment of the Fund's unrealised or realised capital gains or losses depends on the tax rules applicable to the particular circumstances of each investor and/or the Fund's investment jurisdiction. If you are unsure of the tax rules applying to your particular circumstances, you should consult a professional adviser.

	Unit PC H-USD, Unit PD H-USD, Unit RD H-USD	ICE BofA Euro Financial High Yield Hedged USD Index This index is composed of euro-denominated High Yield corporate bonds with a maturity of more than one year, at a fixed rate with a size of over 100 million. Transaction charges are included. Data is available on the website: www.indices.theice.com Bloomberg code: HEB0 Index

Unit PC H-USD, Unit PD H-USD, Unit RD H-USD	ICE BofA Contingent Capital Hedged USD Index This index is composed of contingent convertible bonds issued by financial institutions in the euro bond market. Transaction charges are included. Data is available on the website: www.indices.theice.com Bloomberg code: COCO Index
---	--

As at the date of this prospectus, the benchmark index administrator, namely [ICE Benchmark Administration Limited], is listed on ESMA's register of administrators and benchmark indices.

Additional information on the benchmark indices can be found on the administrator's website at [<https://www.theice.com/iba>]

The management company will ensure that the links are still valid in future updates of the UCI's prospectus.

1. Strategies used

To achieve this investment objective, the Fund will be actively managed, mainly invested in subordinated debt (which is of higher risk than senior or secured debt) or any securities not deemed to be ordinary shares and issued by financial institutions. The Fund is managed by combining a top-down approach (which first looks at general economic and market trends before deciding in which geographical areas and securities to invest) and a bottom-up approach (which first looks at issuers' creditworthiness and the quality of individual securities), thus incorporating the regulatory conditions applying to this asset class. The Fund's modified duration is between 0 and 8. The Fund is invested only in bonds or securities of issuers the registered offices of which are established in OECD-member countries and/or in securities listed on a financial market of one of these countries. The Fund is invested only in bonds that are traded in euros, US dollars, Pounds Sterling or in all OECD currencies other than Euro.

To build his portfolio, the manager conducts his own assessment of bonds or securities not deemed to be ordinary shares. He also refers to agency ratings but does not rely on them solely and mechanically.

As an exception to the 5%-10%-40% ratios, the management team may invest more than 35% of the UCI's net assets in securities guaranteed by an EEA Member State or the United States.

The Fund will be able to invest in the bonds and securities of any issuer the registered office of which is established in an OECD-member country and/or in securities listed on a financial market of one of these countries. The Fund may not invest in bonds of issuers included on the FATF blacklist.

The Financial Action Task Force (FATF) is an intergovernmental organisation that draws up and promotes policies to combat money laundering and terrorist financing both at national and international levels.

Information on the Fund's modified duration is shown in the table below:

Interest rate sensitivity range within which the Fund is managed	Geographic zones of issuers of securities or underlying securities of securitisation products	Range of exposure to this zone
0 - 8	OCDE Zone	100%

The Fund may invest in bonds that are traded in euros, US dollars, Pounds Sterling or in all OECD currencies other than Euro.

SRI management

The UCI promotes environmental and/or social characteristics within the meaning of Article 8 of Regulation (EU) 2019/2088 (the "SFDR").

The UCI is managed in accordance with the principles of the SRI label defined by the French Ministry of the Economy and Finance. The inclusion of environmental, social and governance (ESG) criteria influences the analysis of companies held in the portfolio, stock picking and weighting.

ESG analysis is based on a proprietary model shared by the teams in charge of financial management in the form of an internal ESG grid. Based on the various data provided by our ESG partners (extra-financial analysis agencies, external service providers, etc.), annual reports and reports on the corporate social responsibility (CSR) of the companies monitored among all the stocks in the portfolio and direct exchanges with them, the analysts responsible for each stock monitored establish an internal ESG score based on an approach that is both quantitative (energy intensity, staff turnover rate, board independence rate, etc.) and qualitative (environmental policy, employment strategy, competence of directors, etc.). This ESG rating takes into account the companies' main negative impacts in terms of sustainability, or Principal Adverse Impacts (carbon emissions, energy consumption, water consumption, waste production) and the risks likely to affect their own sustainability, or Sustainability Risks (regulatory and physical risks, reputational risk through, among other factors, monitoring of controversies).

The information relating to the main negative impacts on the sustainability factors is published in the periodic SFDR reports of the UCI, available on the website of the management company.

Each E, S and G pillar is rated from 1 to 5 (5 being the best rating) based on at least ten relevant key indicators per dimension. The company's overall ESG rating summarises the scores for each pillar according to the following weighting: 30% for Environment and Social and 40% for Governance.

The proportion of issuers covered by an ESG analysis in the portfolio must be at least 90%, excluding bonds and other debt securities issued by public or quasi-public issuers and cash held on an ancillary basis, and social impact assets (which are therefore capped at 10% of total assets).

On the basis of these internal ESG analysis grids, we have developed a fixed income process that:

- Limits to 30% of the portfolio the share of issuers with a rating of less than or equal to 3
- Excludes issuers with a rating of less than or equal to 2

As part of SRI management, the following impact indicators are reported at least once a year:

- Environmental criterion:
 - Carbon intensity in tonnes CO₂eq/€m of revenue
- Social criterion:
 - The percentage of companies subject to high or critical severity controversies relating to human resources
- Human rights criterion:
 - The percentage of companies that are signatories to the United Nations Global Compact
- Governance criterion:
 - The percentage of independent directors

As part of SRI management, the analyst-managers ensure that an external ESG rating is maintained that is higher than that of a universe composed of the stocks of our extra-financial rating partners, Moody's ESG Solutions and MSCI, after eliminating the 20% worst stocks.

The ESG rating methodology for this fund uses a multiple external ESG provider approach. The ESG universe is composed of the Moody's ESG Solutions and MSCI universes, applying both a geographical and sector filter. All issuers rated by Moody's ESG Solutions and MSCI belonging to geographic Europe and to the following sectors are therefore retained:

Moody's ESG Solutions:

- Diversified banks

- Financial Services General
- Insurance
- Retail and Specialised Banks

MSCI:

- Asset Management & Custody Banks
- Banks
- Consumer Finance
- Diversified Financials
- Investment Banking & Brokerage
- Life & Health Insurance
- Multi-Line Insurance & Brokerage
- Property & Casualty Insurance

Each company's ESG rating is based on an absolute rating scale of 0 to 100 for Moody's ESG Solutions (Overall Score), with 100 being the highest score. The score is based on an absolute rating scale of 0 to 10 for MSCI (Weighted Average Score), with 10 being the highest score.

The methodology used to calculate the ESG scores of the issuers is as follows:

1. For each provider, the analyst-managers calculate the mean and standard deviations of the score distribution;
2. For each provider, the scores are transformed into a standard normal distribution;
3. The calculated means and standard deviations are aggregated across suppliers using simple averages. These parameters are used to re-normalise the scores;
4. The normalised scores are rescaled and the distribution is staggered using the consolidated mean and standard deviation for external providers. This provides normalised scores for each issuer and for each score provider;
5. As the normalised scores have similar distributions, the analyst-managers generate average scores for each issuer.

The methodology used to calculate ESG ratings can be found in the Transparency Code published on the management company's website.

Regulation (EU) 2020/852, known as the "Taxonomy Regulation"

The European Union Taxonomy aims to identify economic activities that are considered environmentally sustainable. The Taxonomy identifies these activities according to their contribution to six broad environmental objectives:

- Climate change mitigation,
- Climate change adaptation,
- Sustainable use and protection of water and marine resources,
- Transition to the circular economy (waste, prevention and recycling),
- Pollution prevention and control,
- Protection of healthy ecosystems.

To be considered sustainable, an economic activity must demonstrate that it contributes substantially to the achievement of one of the six objectives, while not harming any of the other five (the so-called DNSH principle, standing for "Do No Significant Harm"). In order for an activity to be considered aligned with the European Taxonomy, it must also respect the human and social rights guaranteed under international law.

The "Do No Significant Harm" principle applies only to investments underlying the financial product that take into account the European Union's criteria for environmentally sustainable economic activities.

The investments underlying the remaining portion of this financial product do not take into account the European Union's criteria for environmentally sustainable economic activities.

The minimum percentage of alignment with the European Union Taxonomy is 0%.

2. Assets (excluding embedded derivatives)

Equities:

Ordinary shares (maximum 10% of net assets) arising from the conversion of debt, or an offer by the issuer to exchange debt for shares, or hedges through derivatives. The Fund will not actively invest in equities but may hold them to enable the manager to sell the equities received in the best market conditions and to maximise the exit price for unitholders.

Debt securities and money market instruments:

To build his portfolio, the manager conducts his own assessment of bonds or securities not deemed to be ordinary shares. He also refers to agency ratings but does not rely on them solely and mechanically.

Up to a maximum of 100% of the net assets in bonds or securities not deemed to be ordinary shares, issued by Investment Grade or equivalent issuers (as rated by the rating agencies) or an equivalent rating based on the management company's analysis, and up to a maximum of 30% of the net assets in bonds or securities issued by speculative/High Yield issuers (as rated by the rating agencies) or an equivalent rating based on the management company's analysis, or not rated by a rating agency. Speculative/High Yield bonds or securities may not exceed a maximum of 100% of the Fund's net assets;

Up to 30% of the net assets in convertible bonds and contingent convertible bonds ("CoCos"). The Fund could invest up to 30% of the net assets in CoCos. A contingent convertible bonds is a type of debt instrument which, upon certain pre-specified 'trigger events' (for example, when the capital of the issuer falls below a certain level), may be converted into either shares in the issuing company, or may be reduced in value, either in part or in whole.

Up to 100% in bonds or securities not deemed to be ordinary shares, traded in US dollars, Pounds Sterling or in all OECD currencies other than Euro. Exchange rate risk will be hedged so that exposure thereto shall not exceed 10% of the Fund's assets.

UCITS:

European money market, short-term money market or bond funds to a maximum of 10% provided that less than 10% of these funds' assets are invested in other UCIs.

These funds may be managed by the management company.

3. Derivatives

- Types of markets:

- ☒ regulated
- ☒ organised
- ☒ OTC

- The manager intends to seek exposure to:

- ☒ equities
- ☒ interest rates

- ☒ currencies
- ☒ credit
- ☐ other

• Types of transactions – all transactions must be limited to achieving the investment objective:

- ☒ hedging
- ☒ exposure
- ☐ arbitrage
- ☐ other

• Type of instruments used:

- ☒ futures:
 - ☒ equity and equity index (maximum 10%)
 - ☒ interest rate: interest rate risk
 - ☒ currency
 - ☐ other
 - ☒ options:
 - ☒ equity and equity index (maximum 10%)
 - ☒ interest rate : interest rate and interest rate volatility risk
 - ☒ currency: only on organised markets
 - ☐ other
 - ☒ swaps:
 - ☐ equity swaps
 - ☒ interest rate swaps: transformation of fixed-rate income to variable-rate income and vice versa
 - ☒ currency swaps
 - ☐ performance swaps
 - ☒ currency forwards
 - ☒ credit derivatives : CDS are limited to 40% of the net assets
 - ☐ other
- Strategy of use of derivatives to achieve the investment objective:
- ☒ partial or general hedging of the portfolio, some risks and securities
 - ☒ creating synthetic exposure to assets and risks
 - ☒ increasing exposure to the market without leverage
 - ☐ maximum permitted and sought
 - ☐ other strategy

4. Securities with embedded derivatives

The manager may invest in the following securities with embedded derivatives up to a maximum of 100% of the net assets: structured products, subordinated debt, puttable and callable bonds, convertible bonds and contingent convertible bonds (a maximum of 30% of the net assets for the latter).

5. Deposits

Up to 10% of the UCIs assets may be held in deposits.

6. Cash borrowings

The UCI may borrow cash within the limit of 10% of its assets to meet specific cash requirements related to its operating needs.

7. Temporary purchases and sales of securities

None

8. Information on financial guarantees

In connection with over-the-counter derivative transactions, and in accordance with Position paper 2013-06 issued by the French financial markets regulator (Autorité des Marchés Financiers- AMF), the UCI may receive collateral in the form of securities (such as bonds or other securities issued or guaranteed by a State or issued by international financing agencies and bonds or securities issued by high quality corporate issuers), or cash. Any cash collateral received is reinvested in accordance with the applicable rules. All such assets must be from high-quality issuers that are not an entity of the counterparty or its group, and must be liquid and diversified with low volatility. Discounts may be applied to the collateral received; they take into account the quality of credit and the price volatility of the securities.

9. Risk profile

Disclaimer

Your money will be mainly invested in financial instruments selected by the management company. These instruments will be exposed to market trends and fluctuations.

• Risk of capital loss

There is no guarantee of the UCI's performance or protection of capital. As such, the investor may not get back the full amount of the initial investment during redemption.

• Risk related to discretionary management

Discretionary management is based on anticipation of market trends. The UCI's performance is dependent both on the selection of securities and UCI picked by the manager and the manager's asset allocation. There is therefore a risk that the manager will not select the best performing securities and that the asset allocation is not optimal.

• Interest rate risk

The risk of a decline in debt instruments as a result of changes in interest rates. This risk is measured by the level of sensitivity. For instance, bond prices tend to move in the opposite direction to interest rates. The net asset value may decline during periods when there is an increase (positive sensitivity) or decrease (negative sensitivity) in interest rates.

• Credit risk

The risk of a deterioration in the credit quality of or default by a public or private issuer. The UCI's exposure to issuers either through direct investment or via other UCI may give rise to a decline in the net asset value. If the UCI is exposed to unrated or speculative/high yield debt, the credit risk is high and may lead to a decline in the UCI's net asset value.

• Foreign exchange risk

The UCI may invest in securities and other UCI that in turn are authorised to acquire instruments denominated

in currencies other than the fund's base currency. The value of these instruments may fall if the exchange rates vary, which may lead to a decrease in the UCI's net asset value. Where units (or shares) denominated in a currency other than the fund's base currency have been hedged, the foreign exchange risk is residual as a result of systematic hedging, potentially leading to a performance gap between the different units (or shares).

- **Liquidity risk**

The risk that a financial market cannot absorb transaction volumes due to trading volumes being too low or pressure on the markets. Such a situation may impact the pricing or timing when the UCI liquidates, initiates or modifies positions and thus cause a decline in the UCI's net asset value.

- **Equity risk**

Share price fluctuations may have a negative impact on the UCI's net asset value. The UCI's net asset value may decrease during periods in which the equity markets are falling.

- **Counterparty risk**

This type with one or more counterparties potentially exposes the UCI to a risk of insolvency of one or more of these counterparties, which could lead to default on payment and cause a decrease in the UCI's net asset value.

- **Derivative financial instrument risk**

The risk arising from the UCI's use of forward financial instruments (derivatives), which may lead to a bigger decrease in the net asset value than on the markets or in the underlying assets in which the UCI has invested.

- **Risk related to the holding of contingent convertible bonds (CoCos)**

Subordinated debt and contingent convertible bonds carry specific risks of non-payment of interest and loss of capital in certain circumstances. At a certain solvency threshold or trigger event, the issuer may or is obliged to suspend the payment of interest and/or reduce the nominal value of the security or convert the bonds into equity. Notwithstanding the thresholds defined in the issue prospectus, the supervisory authorities have the possibility of applying in a preventive manner these rules if the circumstances require based on an objective threshold, the point of non-viability. Holders of these securities are exposed to the risk of complete or partial loss of their investment if conversion to equity takes place at a price that is predetermined, or subject to a discount as set out contractually in the terms of the issue prospectus, or applied arbitrarily by a supervisory authority. Holders are also exposed to potentially significant fluctuations in price if the issuer lacks capital or experiences difficulties.

- **Sustainability risk**

Any environmental, social or governance event or situation that, if it occurs, could have an actual or potential negative impact on the value of the investment. Specifically, the negative effects of sustainability risks can affect issuers via a range of mechanisms, including: 1) lower revenues; 2) higher costs; 3) damage or impairment of asset value; 4) higher cost of capital; and 5) fines or regulatory risks. Due to the nature of sustainability risks and specific issues such as climate change, the likelihood of sustainability risks impacting returns on financial products is likely to increase in the longer term.

- **ESG investment risk and methodological limitations**

Extra-financial criteria can be integrated into the investment process using data provided by external providers or directly reported by our analysts, notably in our proprietary ESG analysis grid. Data may be incomplete or inaccurate due to the lack of international standards or systematic verification by external third parties. It can be difficult to compare data because issuers do not necessarily publish the same indicators. The unavailability of data may also force management not to include an issuer in the portfolio. The management company may therefore exclude securities of certain issuers for extra-financial reasons, regardless of market opportunities.

10. Guarantee or protection

None

11. Eligible subscribers and typical investor profile

This Fund is aimed at investors who are aware of the risks associated with investing in the international credit markets.

Subscribers are strongly advised to diversify their investments sufficiently to avoid exposure solely to the risks of this UCI.

Information on Russian and Belarusian investors

In accordance with the provisions of EU Regulation No. 833/2014 as amended by EU Regulation No. 2022/328 and EC Regulation No. 765/2006 as amended by Regulation (EU) No. 2022/398, the subscription of units or shares in this UCI is prohibited to any Russian or Belarusian national, any natural person residing in Russia or Belarus or any legal person, entity or body established in Russia or Belarus. This prohibition does not apply to nationals of a Member State and to natural persons holding a temporary or permanent residence permit in a Member State of the European Union. This prohibition shall remain in effect for as long as the Regulations are in force.

Information on US investors:

The UCI is not registered as an investment vehicle in the United States and its units are not and will not be registered under the Securities Act of 1933 and, therefore, they may not be offered or sold in the United States to Restricted Persons, as defined hereafter.

A Restricted Person is (i) any person or entity located in the United States (including US residents), (ii) any corporation or any other entity subject to the laws of the United States or any state thereof, (iii) any US military personnel or any employee of a US government department or agency located outside the United States, or (iv) any other person that would be considered a US Person under Regulation S of the Securities Act of 1933, as amended.

FATCA:

Pursuant to the provisions of the Foreign Account Tax Compliance Act ("FATCA") applicable as of July 1st, 2014, if the UCI invests directly or indirectly in US assets, the capital and income arising from such investments may be subject to withholding tax of 30%.

To avoid paying the 30% withholding tax, France and the United States have entered into an intergovernmental agreement under which non-US financial institutions ("foreign financial institutions") agree to institute procedures for identifying direct or indirect investors who qualify as US taxpayers and to provide certain information about these investors to the French tax authorities, which will disclose said information to the US tax authority, the Internal Revenue Service.

As a foreign financial institution, the UCI undertakes to comply with the FATCA and to take all appropriate measures pursuant to the aforementioned intergovernmental agreement.

The amount that it is reasonable to invest in this UCI depends on each investor's personal circumstances. To determine this, investors should take account of their personal financial situation, current needs and the recommended investment period, and should also consider their ability to assume risk or whether they prefer instead to opt for a more cautious

This UCI may not be suitable for investors planning to withdraw their contributions within 3 years.

12. Allocation of distributable income

Distributable income consists of:

1) net income plus retained earnings, plus or minus the balance of the revenue adjustment account. Net income for the financial year is equal to the amount of interest, arrears, dividends, bonuses and prizes, remuneration and

all income generated by the securities that make up the UCIs portfolio, plus income generated by temporary cash holdings and minus management fees and borrowing costs.

2) realised capital gains, net of charges, minus realised capital losses, net of charges, recognised for the financial year, plus any net capital gains of the same kind recognised over previous years that have not been distributed or accumulated, plus or minus the balance of the capital gains adjustment account.

The amounts referred to in 1) and 2) may be distributed independently of each other, in whole or in part.

Unit	
RVC EUR , PC EUR , PVC EUR , PC H-USD , PC H-CHF , TC EUR , RC EUR	All distributable income shall be fully accumulated, with the exception of those amounts subject to compulsory distribution by law
RVD EUR , PD EUR , PVD EUR , PD H-USD , RD H-USD	Net income is distributed in full and the allocation of net realised capital gains is decided each year by the Management Company. It may pay interim dividends.

13. Frequency of distribution

PVC EUR, PC EUR, PC H-USD, RVC EUR, TC EUR and PC H-CHF units: None, accumulation units.

PVD EUR, RVD EUR and PD EUR units: Dividends are paid out annually to holders of units. Interim dividends may be paid.

For the PD H-USD and RD H-USD units, the net income for year N will be paid partly (i) in the form of an annual distribution within 5 months of year N+1 and (ii) in the form of a quarterly distribution during year N+1 for the part of the net income for year N transferred to “retained earnings”.

14. Characteristics of the shares (base currency, division of shares, etc.)

Unit	
RVC EUR, RVD EUR, PC EUR, PD EUR, PVC EUR, PVD EUR, TC EUR, RC EUR	EUR
PC H-USD, PD H-USD, RD H-USD	USD
PC H-CHF	CHF

Unit	Division
RVC EUR, RVD EUR, PC EUR, PD EUR, PVC EUR, PVD EUR, PC H-USD, PC H-CHF, TC EUR, RC EUR, PD H-USD, RD H-USD	In thousandths

15. Terms and conditions of subscription and redemption

Subscription and redemption orders are accepted in amount and/or in units.

Date and frequency of NAV calculation

The net asset value is calculated every day except Saturdays and Sundays, public holidays in one of the following countries: France.

The net asset value is not calculated on the closing days of one of the following stock exchanges: Paris.

Where and how to find out the net asset value: the net asset value is published Daily in the offices of LAZARD FRERES GESTION SAS and on the internet www.lazardfreresgestion.fr.

Address of the institutions designated to receive subscription and redemption orders

CACEIS BANK - 89-91 rue Gabriel Péri - 92120 Montrouge

Bank and investment services provider accredited by the CECEI on April 1st, 2005.

Investors are reminded that orders transmitted to distributors other than the institution referred to above must take into consideration the fact that the cut-off time for the processing of orders applies to the said distributors vis-à-vis the institution referred to above. Consequently, such distributors may apply their own cut-off time, which may be earlier than the cut-off time indicated above, in order to take into account the time required to transmit orders to the institution referred to above.

LAZARD FRERES BANQUE - 175 boulevard Haussmann - 75008 Paris

On behalf of clients for whom it provides custody account-keeping services

Orders are executed as indicated in the table below

Business day	Day on which NAV is set (d)	The business day following the valuation day (D+1)	Two business days following the valuation day (D+2)	Two business days following the valuation day (D+2)
Daily order reception and Daily centralisation of redemption orders before 12:00 p.m. (Paris time)	Order executed by the latest on d	Publication of the net asset value	Settlement of subscription	Settlement of redemptions

Subscriptions preceded by a redemption received from the same shareholder on the same day for the same number of units at the same NAV may be executed.

Redemption gate mechanism:

The management company may implement a gate mechanism to spread investors' redemption requests of the UCI over several net asset values if they exceed a set threshold, when exceptional circumstances so require and if the interests of investors or the public so require.

Description of the mechanism:

The management company may decide not to execute all redemptions at the same net asset value, when the objectively predetermined threshold is reached on a net asset value. To determine the level of this threshold, the management company takes into account the frequency of calculation of the net asset value of the UCI, the sub-fund's management strategy and the liquidity of the assets in the portfolio.

For the UCI, the cap on redemptions may be applied by the management company when the threshold of 5% of net assets is reached.

The gate trigger level is the ratio between:

- the difference recorded, on the same centralisation date, between the number of units of the UCI for which redemption is requested or the total amount of these redemptions, and the number of units of the UCI for which subscription is requested or the total amount of these subscriptions; and
- the net assets of the Fund or the total number of units of the UCI.

Where redemption requests exceed the gate trigger threshold, the UCI may, however, decide to honour redemption requests in excess of the threshold, and thus partially or fully execute any orders that might be blocked.

For example, if total redemption requests of units represent 10% of net assets of the UCI while the trigger threshold is set at 5% of net assets, the UCI may decide to honour redemption requests up to 8% of net assets (and thus execute 80% of redemption requests).
The maximum duration for the application of the redemption gate mechanism is set at 20 net asset values over 1 month.

Procedures for informing unitholders:

In the event the redemption gate is activated, investors of the UCI will be informed by any means from the website www.lazardfreresgestion.fr.

Investors of the UCI whose redemption orders have not been executed will be informed specifically as soon as possible.

Processing of unexecuted orders:

During the period of application of the redemption gate, redemption orders will be executed in the same proportions for holders of the UCI who have requested a redemption at the same net asset value. Redemption orders so deferred will not have priority over subsequent redemption requests. Redemption orders that are not executed and automatically deferred may not be revoked by the holders of the UCI.

Exemption from the gate mechanism:

Subscriptions and redemptions for the same number of units, on the basis of the same net asset value and for the same investor or beneficial owner (so-called round-trip transactions) are not subject to gates. This exclusion also applies when switching from one category of units to another category of units, at the same net asset value, for the same amount and for the same investor or beneficial owner.

16. Fees and expenses

Subscription and redemption fees are respectively added to the subscription price paid by the investor or deducted from the redemption price paid. The fees earned by the UCI are used to cover the charges that it incurs in investing or divesting the assets under management. The remaining fees are paid to the management company, the distributor, etc.

Charges payable by the investor during subscription and redemption	Basis	Unit	Rate (maximum incl. taxes)
Subscription fees not retained by the UCI	NAV x number of units	RVC EUR, RVD EUR, PC EUR, PD EUR, PVC EUR, PVD EUR, PC H-USD, PC H-CHF, TC EUR, RC EUR, PD H-USD, RD H-USD	4.0%
Subscription fees retained by the UCI	NAV x number of units	RVC EUR, RVD EUR, PC EUR, PD EUR, PVC EUR, PVD EUR, PC H-USD, PC H-CHF, TC EUR, RC EUR, PD H-USD, RD H-USD	0.0%
Redemption fees not retained by the UCI	NAV x number of units	RVC EUR, RVD EUR, PC EUR, PD EUR, PVC EUR, PVD EUR, PC H-USD, PC H-CHF, TC EUR, RC EUR, PD H-USD, RD H-USD	0.0%
Redemption fees retained by the UCI	NAV x number of units	RVC EUR, RVD EUR, PC EUR, PD EUR, PVC EUR, PVD EUR, PC H-USD, PC H-CHF, TC EUR, RC EUR, PD H-USD, RD H-USD	0.0%

Expenses charged to the UCI	Basis	Unit	Rate (maximum incl. taxes)
Financial management fees	Net assets less UCIs managed by Lazard Frères Gestion	RVC EUR	0.965%
		RVD EUR	0.965%
		PC EUR	0.665%
		PD EUR	0.665%
		PVC EUR	0.265%
		PVD EUR	0.265%
		PC H-USD	0.715%
		PC H-CHF	0.715%
		TC EUR	0.665%
		RC EUR	1.365%
		PD H-USD	0.715%
		RD H-USD	1.415%
Operating costs and other services	Net assets	Applied to all the units	0.035%
Indirect charges	N.A	Applied to all the units	None
Turnover commission (0% to 100% received by the management company and 0% to 100% received by the custodian)	Maximum charge on each transaction	Applied to all the units	None
Performance fees	Net assets	RVC EUR, RVD EUR, PVC EUR, PVD EUR	30% of the Fund's outperformance relative to benchmark index. This fee will be capped at 2% on end-of-year assets.
		PC EUR, PD EUR, PC H-USD, PC H-CHF, TC EUR, RC EUR, PD H-USD, RD H-USD	None

Details of the calculation of the performance fee:

The performance fee corresponds to a variable charge and is contingent on the UCI outperforming its benchmark over the observation period.

If a provision is recognised at the end of the observation period, it is crystallised, i.e. it is definitively acquired and becomes payable to the Manager.

Calculation method

The calculation of the amount of the performance fee is based on a comparison between the performance of each unit of the UCI and that of a notional UCI achieving the performance of its benchmark index and recording the

same subscription and redemption pattern as the actual Fund. The outperformance generated by the UCI's unit on a given date is defined as the positive difference between the assets of the Fund's unit and the assets of the notional UCI on the same date. If this difference is negative, this amount constitutes an underperformance that will have to be made up in the following years before a new provision can be made for the performance fee. Negative performance recovery and reference periodAs stated in the ESMA guidelines on performance fees, the reference period is "the time horizon over which the performance is measured and compared with that of the reference indicator, at the end of which the mechanism for the compensation for past underperformance (or negative performance) can be reset." This period is set at 5 years. This means that after 5 consecutive years without crystallisation, uncompensated underperformances prior to five years will no longer be taken into account in the calculation of the performance fee.

Observation period

The first observation period will start with a period of twelve months starting on 01/04/2022. At the end of each financial year, one of the following two cases may occur:

- The unit of the UCI underperformed over the observation period. In this case, no fee is charged and the observation period is extended by one year, up to a maximum of 5 years (reference period).
- The unit of the UCI outperformed over the observation period. In this case, the management company receives the provisioned fees (crystallisation), the calculation is reset, and a new twelve-month observation period begins.

Provisioning

Each time the net asset value (NAV) is established, the performance fee is subject to a provision (of 30% of the outperformance) when the performance of the UCI's unit is higher than that of the notional UCI over the observation period, or to a reversal of the provision limited to the existing allocation in case of underperformance. In case of redemptions during the period, the proportion of the provision corresponding to the number of units redeemed is definitively acquired and charged by the management company. This performance fee will be capped at 2% of the net assets of the "assets of the UCI's the unit".

Crystallisation

The crystallisation period, i.e. the frequency at which the provisioned performance fee, if any, must be paid to the management company, is twelve months. The first crystallisation period will end on the last day of the financial year ending on 31/03/2023.

The performance fee is deducted even in the event of a negative performance of the UCI.

ILLUSTRATION: GENERAL CASE WITHOUT CHARGE WHEN PERFORMANCE IS NEGATIVE

	Year 1	Year 2	Year 3	Year 4	Year 5
Performance of the units of the UCI	10%	-4%	-7%	6%	3%
Performance of reference indicator	5%	-5%	-3%	4%	0%
Outperformance/ Underperformance	5%	1%	-4%	2%	3%
Cumulative performance of the UCI over the observation period	10%	-4%	-7%	-1%	2%
Cumulative performance of the reference indicator over the observation period	5%	-5%	-3%	1%	1%

Cumulative outperformance/ underperformance over the observation period	5%	1%	-4%	-2%	1%
Commission charged?	Yes	Yes	No, because the UCI underperformed the reference indicator	No, because the UCI has underperformed over the entire current observation period, which began in year 3	Yes
Start of new observation period?	Yes, a new observation period begins in year 2	Yes, a new observation period begins in year 3	No, the observation period is extended to include years 3 and 4	No, the observation period is extended to include years 3, 4 and 5	Yes, a new observation period begins in year 6

Note: To make the example easier to understand, we have indicated here the performance of the UCI and the reference indicator in percentages. In practice, the outperformance/underperformance will be measured in amount, by the difference between the net assets of the UCI and those of a notional fund as described in the methodology above. The performance fee may be capped in accordance with the provisions of the prospectus.

ILLUSTRATION: PROCEDURE FOR UNCOMPENSATED PERFORMANCES BEYOND 5 YEARS

	Year 1	Year 2	Year 3	Year 4	Year 5	Year 6
Performance of the units of the UCI	0%	5%	3%	6%	1%	5%
Performance of reference indicator	10%	2%	6%	0%	1%	1%
A: Outperformance/ Underperformance in the current year	-10%	3%	-3%	6%	0%	4%
B1: Uncompensated underperformance carried forward Year 1	N/A	-10%	-7%	-7%	-1%	Out of scope
B2: Uncompensated underperformance carried forward Year 2	N/A	N/A	0%	0%	0%	0%
B3: Uncompensated underperformance carried forward Year 3	N/A	N/A	N/A	-3%	-3%	-3%
B4: Uncompensated underperformance carried forward Year 4	N/A	N/A	N/A	N/A	0%	0%

B5: Uncompensated underperformance carried forward Year 5	N/A	N/A	N/A	N/A	N/A	0%
Outperformance/underperformance observation period	-10% (A)	-7% (A + B1)	-10% (A + B1 + B2)	-4% (A + B1 + B2 + B3)	-4% (A + B1 + B2 + B3 + B4)	1% (A + B2 + B3 + B4 + B5)
Commission charged?	No	No	No	No	No	Yes

The underperformance generated in year 1 and partially compensated in subsequent years is forgotten in year 6. The performance fee may be capped in accordance with the provisions of the prospectus.

The above example is provided purely for illustration and in no way constitutes a projection of the Fund's future performance.

Only the contributions payable for the management of the UCI pursuant to Article L. 621-5-3 II 4° d) of the French Monetary and Financial Code (Code monétaire et financier) and any exceptional legal costs related to debt recovery are outside the scope of the three blocks of charges referred to above.

Repurchase agreements are executed at market prices.

With the exception of brokerage fees, accounting management costs and custodians fees, all of the charges referred to above are levied as part of the joint venture arrangement between Lazard Frères Banque and Lazard Frères Gestion SAS which since 1995 has enabled them to pool their financial control, administration, and portfolio execution resources.

All revenue resulting from efficient portfolio management techniques, net of direct and indirect operating costs, is allocated to the UCI. All costs and expenses related to these management techniques are assumed by the UCI.

For further information, investors may refer to the management report.

17. Outline of the counterparty selection procedure

The intermediaries used in fixed-income management are selected using a range of evaluation criteria:

- Quality of order execution and negotiated prices;
- Quality of operational service in processing orders;
- Coverage of information when monitoring markets
- Quality of macroeconomic and financial research.

The fixed-income managers report at least twice a year to the management company's Broker Committee, with an assessment of the services provided by the various brokers and a breakdown of transaction volumes. The Broker Committee approves any updates to the list of authorised brokers.

IV - SALES AND MARKETING INFORMATION

Publication of information about the UCI	LAZARD FRERES GESTION SAS
	25, rue de Courcelles 75008 Paris France
	Customer service - Monday to Friday - 9 to 18 Tel +33 (0)1 44 13 01 79

Information regarding environmental, social and corporate governance (ESG) issues is available on the management company's website (www.lazardfreresgestion.fr) and will be included in the fund's annual report.

The management company may send, directly or indirectly, information on the composition of the UCI's assets to the UCI's shareholders for purposes related solely to shareholders' regulatory obligations. This information will be sent, where applicable, within a period not less than 48 hours after publication of the NAV.

Information in the event of a change in the operation of the UCI:

The shareholders shall be informed of any changes in the operation of the UCI in the press or by any other means in accordance with the prevailing regulations. This information may, where relevant, be provided through Euroclear France financial intermediaries affiliated with it.

Information about the use of investment decision-making support and order execution services (SADIE) can be found on the management company's website (www.lazardfreresgestion.fr).

V - INVESTMENT RULES

The UCI's investment rules are laid down in the French Monetary and Financial Code.

VI - AGGREGATE RISK

The aggregate risk is calculated using the commitment method.

1. ASSET VALUATION RULES

1.1. Financial instruments and securities traded on a regulated market are valued at their market price.

- **Shares and similar securities** are valued on the basis of the last known price on their main market.

If applicable, prices are translated into euros using the exchange rate prevailing in Paris on the valuation day (as published by WM Closing).

- **Fixed-income securities**

Fixed-income securities are for the most part marked to market based on either Bloomberg prices (BGN)[®] derived from averages of contributed prices, or on those of direct contributors.

There may be a discrepancy between the carrying amounts, valued as indicated above, and the actual disposal prices that would be obtained if a portion of these portfolio assets were to be sold.

- o **Bonds and similar instruments** are valued on the basis of the average of the closing prices gathered from several contributors.

Financial instruments whose prices have not been determined on the valuation date or whose prices have been adjusted are valued at their probable trading price under the responsibility of the Management Company.

. These estimates and their supporting documentation will be provided to the statutory auditor during audits.

However, the following instruments are valued using the following specific methods:

- o **Negotiable debt securities:**

Negotiable debt securities are marked to market based on either Bloomberg prices (BVAL and/or BGN)[®] derived from averages of contributed prices, or on those of direct contributors.

There may be a discrepancy between the carrying amounts, valued as indicated above, and the actual disposal prices that would be obtained if a portion of these portfolio assets were to be sold.

The valuation of money market instruments complies with the provisions of Regulation (EU) 2017/1131 of 14 June 2017. Consequently, the UCI does not use the amortised cost method.

- **UCIs:** Units or shares of UCIs are valued at the last known net asset value. Units or shares of UCIs for which net asset values are published monthly may be valued on the basis of interim net asset values calculated from estimated prices.

- **Temporary purchases and sales of securities** - Securities purchased under repurchase agreements are valued at their contract price using an actuarial method with a benchmark rate (€STR, one- or two-week interbank rates, one- to 12-month Euribor) corresponding to the term of the contract.

- Securities sold under repurchase agreements continue to be valued at their market price. Liabilities on securities sold under repurchase agreements are calculated using the same method as that used for securities purchased under repurchase agreements.

- **Futures and options**

- Futures and options are valued on the basis of intraday trading prices the timing of which is based on that of the valuation of the underlying assets.

- Positions taken on the futures or options markets and over the counter are valued at their market price or at the

value of the equivalent underlying asset.

1.2. Financial instruments and securities not traded on a regulated market

All of the UCI's securities are traded on regulated markets.

1.3. Valuation methods for off-balance sheet commitments

- Off-balance sheet transactions are valued at the commitment value.
- The commitment value for futures contracts is equal to the price (in the UCI's currency) multiplied by the number of contracts multiplied by the face value.
- The commitment value for options is equal to the price of the underlying security (in the UCI's currency) multiplied by the number of contracts multiplied by the delta multiplied by the face value of the underlying security.
- The commitment value for swaps is equal to the face value of the contract (in the UCI's currency).

2. ACCOUNTING POLICIES

The UCI complies with the accounting rules prescribed by current regulations, in particular the accounting standards applicable to UCIs. The financial statements are presented in accordance with the regulatory provisions governing the preparation and publication of financial statements of undertakings for collective investment.

• Income from fixed-income securities

- Income from fixed-income securities is recorded on the basis of accrued interest.

• Management fees

- Management fees are calculated on each valuation day.
- The annual management fee rate is applied to gross assets (equal to net assets before deduction of the day's management fees):

Gross assets less UCIs managed by Lazard Frères Gestion
x operating and management fees rate
x no. of days between the calculated NAV and the previous NAV
365 (or 366 in a leap year)

- These amounts are then recorded in the SICAV's income statement.

- The SICAV pays the operating fees, which include:
 - . financial management;
 - . administration and accounting;
 - . custody services;
 - . other operating fees:
 - . statutory auditors' fees;
 - . legal notices (Balo, Petites Affiches, etc.) if applicable.

These fees do not include transaction charges.

• Transaction charges

Transactions are recorded excluding charges.

• Retrocessions received on management fees or entry charges

The method used to calculate retrocession amounts is set out in the sales and marketing agreements.

- If the amount is significant, a provision is recognised in account 61719.
- The final amount is recognised upon settlement of invoices after reversal of any provisions.

Method related to swing pricing adjustments to net asset value (NAV) with a trigger level:

In order to protect the Fund's long-term unitholders, a swing factor will be applied to subscriptions and redemptions that have a significant impact on the Fund's outstandings, which may generate costs for unitholders entering and leaving the Fund that would otherwise have been allocated across all unitholders in the Fund. Therefore, if, on a particular NAV calculation date, the total net subscription/redemption orders of investors across all categories of Fund units exceeds a threshold predetermined by the management company on the basis of objective criteria and expressed as a percentage of the net assets in the Fund, the NAV must be adjusted upwards or downwards to take account of the readjustment costs attributable to the net subscription/redemption orders. The NAV of each unit category shall be calculated separately, but any adjustment shall have an identical impact, expressed as a percentage, on all of the NAV calculations of each unit category in the Fund. The cost parameters and trigger level shall be determined by the management company and shall be reviewed periodically, and at least every six months. These costs shall be estimated by the management company based on transaction fees, bid/offer spreads and tax charges applicable to the Fund. Insofar as this adjustment mechanism is linked to the net balance of subscriptions/redemptions within the Fund, it is not possible to accurately predict a given time in the future at which it will be applied. Consequently, neither is it possible to predict the precise frequency at which the management company will have to make such adjustments, which shall not exceed 2% of the NAV. Investors should be aware that the volatility of the Fund's NAV may not reflect solely that of the securities in the portfolio arising from the application of swing pricing.

VIII - REMUNERATION

Lazard Frères Gestion has implemented a remuneration policy that complies with the requirements of the AIFM and UCITS V directives and the ESMA guidelines.

This remuneration policy is consistent and promotes sound and effective risk management and does not encourage risk-taking that would be incompatible with the risk profiles of the UCIs it manages. This policy is also in line with the interests of the UCIs and their investors.

The Management Company has put in place appropriate measures to prevent any conflict of interest.

The Management Company's employees receive remuneration comprising a fixed component and a variable component that is subject to an annual review based on individual and collective performance.

The principles of the remuneration policy are revised on a regular basis and adapted in line with regulatory developments. The remuneration policy may be consulted on the Lazard Frères Gestion website at www.lazardfreresgestion.fr.

FUND REGULATIONS
LAZARD CREDIT FI SRI

Title I - Assets and Units

ARTICLE 1 - CO-OWNERSHIP UNITS

Co-ownership rights are expressed in units, where each unit corresponds to any single fraction of the Fund's assets. Each unitholder has an ownership right in the assets of the Fund in proportion to the number of units owned.

The Fund's term is 99 years from 07/03/2008, except in the event that the Fund is dissolved before the end of the term or extended pursuant to these regulations.

Unit classes:

The features of the different unit classes and their eligibility requirements are set out in the Fund's prospectus.

The different unit classes may:

- apply different dividend policies (distribution or accumulation);
- be denominated in different currencies;
- be subject to different management fees;
- be subject to different subscription and redemption fees;
- have a different par value;
- be systematically hedged, in full or in part, against risk as set out in the prospectus. This hedging is achieved through financial instruments that reduce to a minimum the impact of hedging transactions on the UCITS' other unit classes;
- be reserved to one or more distribution networks.

Possibility of combining or splitting units.

The units may be sub-divided, upon the decision of the management company, into hundredths or thousandths of units, referred to as fractional units.

The provisions hereof governing the issue and redemption of units shall apply to fractional units, the value of which shall always be proportional to the value of the unit they represent. Unless otherwise stipulated, all other provisions hereof relating to units shall automatically apply to fractional units. At the sole discretion of the management company, the units may be split by creating new units to be allocated to unitholders in exchange for existing units.

ARTICLE 2 - MINIMUM AMOUNT OF ASSETS

Units may not be redeemed if the assets are less than 300,000 (three hundred thousand) euros. When the assets remain under this level for thirty days, the management company shall take all necessary measures to dissolve the Fund concerned or to undertake one of the operations mentioned in Article 411-16 of the General Regulation of the French financial markets regulator (Autorité des Marchés Financiers – AMF) (UCITS transfer).

ARTICLE 3 - ISSUE AND REDEMPTION OF UNITS

Units may be issued at any time upon request of unitholders on the basis of the net asset value plus subscription fees, if any.

Redemptions and subscriptions shall be made under the conditions and in accordance with the procedures set out in the prospectus. The UCI's shares may be listed for trading, in accordance with applicable regulations.

Subscriptions must be fully paid-up as of the date of the calculation of the net asset value. They may be undertaken in cash and/or by contribution of financial instruments. The management company is entitled to refuse the instruments proposed and, to that end, has seven days in which to give its decision. In the event that the instruments are accepted, they are valued according to the rules set out in Article 4, and subscription is undertaken using the first net asset value following acceptance of the instruments in question.

Redemptions may be made in cash and/or in kind. If the redemption in kind corresponds to a representative share of the assets in the portfolio, only the outgoing unitholder's written and signed agreement must be obtained by the UCI or management company. If the redemption in kind does not correspond to a representative share of the assets in the portfolio, all of the unitholders must provide their written signed agreement authorising the outgoing unitholder to obtain redemption of their units against certain specific assets, as explicitly defined in the agreement.

In general, the assets redeemed are valued according to the rules set out in Article 4, and the redemption in kind is undertaken using the first net asset value following acceptance of the instruments in question.

Redemptions are paid by the account keeper within at most five days of the unit's valuation day.

Under exceptional circumstances, however, where reimbursement requires the prior disposal of assets held in the UCI, this period may be extended up to a maximum of 30 days.

With the exception of inherited or gifted units, the sale or transfer of units between unitholders or between unitholders and third parties is deemed to be a redemption followed by a subscription. If the beneficiary of the sale or transfer is a third party, the beneficiary must add the amount necessary, if any, to increase the total to the minimum subscription amount indicated in the Prospectus.

Pursuant to Article L. 214-8-7 of the French Monetary and Financial Code (Code monétaire et financier), redemption by the UCI of its units, and the issue of new units, may be temporarily suspended by the management company in exceptional circumstances and if required in the interests of unitholders.

No units may be redeemed if the net assets of the UCI are less than the regulatory amount.

The UCI may cease to issue units on a temporary or permanent basis, in part or in full, pursuant to the provisions set out in the third paragraph of Article L. 214-8-7 of the French Monetary and Financial Code, in objective situations that warrant the closure of subscription such as cases where the maximum number of issued units has been reached, the maximum amount of assets has been reached, or the subscription period has expired. If such partial or full closure is activated, the existing unitholders must be informed by all available means, including details of the threshold and objective situation that triggered the decision. In the case of partial closure, the existing unitholders must also be informed in detail of the methods by which they can continue to subscribe during this partial closure period. The unitholders must also be informed by all available means if the UCI or management company decide to discontinue the full or partial subscription closure period (when the activation threshold is no longer exceeded) or continue the closure period (change in the threshold or the objective situation that warranted implementation of the measure). Any change in the specified objective situation or in the activation threshold must always be in the interest of the unitholders. Information by any means shall specify the exact reasons for such changes.

ARTICLE 4 - CALCULATION OF THE NET ASSET VALUE

The net asset value of units is calculated according to the valuation rules set out in the prospectus.

Contributions in kind may consist only of securities, stocks or contracts that are eligible to form the assets of UCIs; they are valued according to the valuation rules used to calculate the NAV.

Title II - Fund Operation

ARTICLE 5 - MANAGEMENT COMPANY

The management company is responsible for managing the Fund in accordance with the orientation stated for the Fund.

The management company shall take all necessary decisions to change the Fund's investment strategy or policy, in the interests of investors. Such changes may be subject to the approval of the AMF.

In all circumstances, the management company shall act in the sole interest of the unitholders and is solely authorised to exercise the voting rights attached to the securities held by the Fund.

ARTICLE 5A - OPERATING RULES

The instruments and deposits eligible for inclusion in the Fund as well as the investment rules are shown in the prospectus.

ARTICLE 5B - ADMISSION TO TRADING IN A REGULATED MARKET AND/OR A MULTILATERAL TRADING SYSTEM

The units may be admitted to trading on a regulated market and/or a multilateral trading facility, in accordance with applicable regulations. If the Fund whose units are admitted for trading on a regulated market has an investment objective based on an index, it must have set up a system to ensure that the price of its units does not deviate significantly from its net asset value.

ARTICLE 6 - CUSTODIAN

The custodian performs the tasks for which it is responsible under the legal and regulatory provisions in force as well as those entrusted to it contractually by the management company.

In particular, the custodian must ensure that the decisions of the management company are lawful. It shall take any protective measures it considers appropriate. In the event of a dispute with the management company, it shall inform the AMF.

ARTICLE 7 - STATUTORY AUDITOR

A statutory auditor is appointed by the management company's governance body for a term of six financial years, following AMF approval.

The statutory auditor shall certify that the financial statements give a true and fair view of the company.

The statutory auditor's term may be renewed.

The statutory auditor has a duty to report promptly to the AMF any fact or decision concerning the Fund of which he has become aware in the course of his duties and which is liable to:

- 1° Constitute a breach of the laws or regulations that apply to that fund and that is likely to have significant effects on its financial situation, profits or assets;
- 2° Affect the conditions or the continuity of its operations;
- 3° Lead to the expression of reservations or the refusal to certify the accounts.

The statutory auditor shall oversee the valuation of assets and the calculation of exchange ratios used in the event of a conversion, merger or split.

The statutory auditor shall assess any contribution in kind under his own responsibility.

He shall verify the accuracy of the composition of assets and other information prior to publication.

The statutory auditor's fees shall be set by mutual agreement between the statutory auditor and the management company's board of directors or executive board on the basis of a work schedule setting out the procedures deemed necessary.

The statutory auditor shall certify the positions used as the basis for the distribution of interim dividends. His fees are included in the management fees.

ARTICLE 8 - FINANCIAL STATEMENTS AND MANAGEMENT REPORT

At the close of each financial year, the management company shall prepare the financial statements and a report on the management of the Fund during the year just ended.

The management company shall draw up an inventory of the UCI's assets at least every six months and under the control of the Custodian.

The management company shall make these documents available to unitholders within four months of the end of the financial year and shall inform them of the amount of income to which they are entitled.

These documents shall be either sent by post, at the request of unitholders, or made available to them at the management company's premises.

Title III - Distribution of distributable income

ARTICLE 9 - DISTRIBUTION OF DISTRIBUTABLE INCOME

Distributable income consists of:

- 1) net income plus retained earnings, plus or minus the balance of the revenue adjustment account.
Net income for the financial year is equal to the amount of interest, arrears, dividends, bonuses and prizes, remuneration and all income generated by the securities that make up the Fund's portfolio, plus income generated by temporary cash holdings, minus management fees and borrowing costs.
- 2) realised capital gains, net of charges, minus realised capital losses, net of charges, recognised for the financial year, plus any net capital gains of the same kind recognised over previous years that have not been distributed or accumulated, plus or minus the balance of the capital gains adjustment account.

The amounts referred to in 1) and 2) may be accumulated and/or distributed and/or retained independently of each other, in whole or in part.

Details of the relevant process are provided in the prospectus under the section entitled "Allocation of distributable income".

Title IV - Merger - Split - Winding-up - Liquidation

ARTICLE 10 - MERGER - SPLIT

The management company may either contribute the assets of the Fund, in whole or in part, to another UCITS managed by it, or split the Fund into two or more open-end funds.

These merger or split transactions may only be undertaken after the unitholders have been informed. They shall give rise to a new certificate specifying the number of units held by each unitholder.

ARTICLE 11 - WINDING-UP - EXTENSION

If the assets of the Fund remain less than the amount set forth in Article 2 above for 30 days, the management company shall inform the AMF thereof and either merge the Fund with another open-end investment fund (FCP) or dissolve the Fund.

The management company may dissolve the Fund prior to its termination date; in this case, it shall inform unitholders of its decision and from then on subscriptions and redemptions shall no longer be accepted.

The management company shall also dissolve the Fund if it receives redemption applications for all units, if the custodian ceases to discharge its responsibilities and no other custodian is designated or if at the end of the Fund's duration, its termination date has not been extended.

The management company shall inform the AMF by letter of the chosen date and dissolution procedure. It shall then send the statutory auditors' report to the AMF. A Fund's extension may be decided by the management company with the custodian's agreement. Its decision must be taken at least three months before the Fund's planned duration and communicated to the unitholders and the AMF.

ARTICLE 12 - LIQUIDATION

In the event that the Fund is dissolved, the management company shall be responsible for liquidation transactions; otherwise, the liquidator shall be appointed by the court at the request of any interested party.

In this regard, they shall be granted the widest possible powers to sell assets, pay creditors, if any, and divide the remaining balance among unitholders in cash or in securities. The statutory auditor and custodian shall continue to perform their duties until the end of the liquidation transactions.

Title V - Settlement of disputes

ARTICLE 13 - JURISDICTION - ADDRESS FOR SERVICE

All disputes relative to the Fund that may arise during its lifetime or at the time of liquidation, be they disputes between unitholders, or between unitholders and the management company or the custodian shall be submitted to the courts of competent jurisdiction.
