

BRADESCO GLOBAL FUNDS

Brazilian Fixed Income

As of 29/02/2024

Description

The fund seeks to maximize returns by investing primarily in BRL-denominated Brazilian Government and Corporate bonds, that comply with the criteria outlined in Article 8 of the SFDR. Investment approach is based on robust credit research, market and macro monitoring and duration analysis.

Investment Objective

To obtain a superior return in the medium and long term, by investing mainly in the Brazilian debt market. Investments will be made based on risk and interest yield curve analysis, as well as fundamental credit research on the corporate and public issuers.

Investment Policy

Diversified portfolio invested in the Brazilian debt market, such as Brazilian Government bonds issued by the Brazilian National Treasury, Brazilian corporate bonds, Time Deposits and Eurobonds issued in USD or in any other currency by Brazilian companies.

About Bradesco Asset Management

Bradesco Asset Management was formed in 2001 as the result of the consolidation of Banco Bradesco's asset management divisions and subsidiaries. The merger unified over 40 years of expertise in the Latin American markets. Bradesco Asset Management has an excess of US\$100 billion of assets under management from Brazilian, Asian and American retail, private, corporate and institutional clients and is renowned for its investment capabilities in Fixed Income and Equities. Bradesco Asset Management is a wholly owned subsidiary of Banco Bradesco, one of Latin America's largest banks.
