

Key Investor Information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

Robeco Chinese Equities I EUR (LU0440072238)

This fund is a subfund of Robeco Capital Growth Funds, SICAV

Management Company: Robeco Luxembourg S.A.

Objectives and investment policy

Robeco Chinese Equities invests in leading listed Chinese stocks. The fund identifies attractive macro-economic themes and selects fundamentally sound companies. Both offshore (Hong Kong and US listed) and, to a limited extent, domestic Chinese stocks are selected.

The fund is allowed to pursue an active currency policy to generate extra returns.

Benchmark: MSCI China (Net Return) (EUR).

The fund aims to outperform by taking positions that deviate from the benchmark within

pre-defined risk limits. This share class of the fund does not distribute dividend.

You can purchase or sell units in the fund on any valuation day. This fund may not be appropriate for investors who plan to withdraw their money within 7 years.

Risk and reward profile

Historical data, such as is used in calculating the synthetic indicator, is not a reliable indication of the future risk profile. The risk and reward category shown is not guaranteed to remain unchanged, the categorisation may shift over time. The lowest category does not mean a risk-free investment.

Equities in general are more volatile than bonds. Country focussed funds have a view on a specific

segment of the equity market. By making the choice to focus on a specific segment the fund becomes more volatile as price movements of shares within this country tend to have a larger impact on the value of the fund.

The following risks are deemed material for this fund, and are not (adequately) reflected by the indicator:

1. The product invests in instruments which are by their nature sufficiently liquid, yet which may under certain circumstances have a low level of liquidity impacting the liquidity of the product.

For a complete overview of all risks attached to this fund we refer to section Risk considerations within the prospectus.

Charges

The charges are used to pay the costs of running the fund, including the costs of marketing and distributing. The charges reduce the potential growth of the investment.

One-off charges taken before or after you invest

Entry charge	0.5%
Switch charge	1%
Exit charge	0%

This is the maximum that might be taken out of your money before it is invested.

Charges taken from the fund over a year

Ongoing charges	1.04%
-----------------	-------

Charges taken from the fund under certain specific conditions

Performance fee	n/a
-----------------	-----

The entry and exit charges shown are the maximum figures. Contact your financial advisor or distributor to find out the actual entry or exit charge.

Ongoing charges are based on the expenses for the last calendar year ended 31-12-2012. This figure may vary from year to year and does not include performance fees or transaction costs, except in the case of exit/entry charges paid by the fund when buying or selling units in another collective investment undertaking. For funds launched during the current calendar year, the ongoing charge is estimated.

For more information on fees, charges and performance fee calculation methods we refer to section Fees and Expenses within the prospectus, available on the website: www.robeco.com

Past performance

Performance

Changes:

As of January 2012 the benchmark of CGF Chinese Equities will change from MSCI 10/40 to a standard MSCI index. This reflects the fact that the benchmark has become much broader and wider, hence no waterheads (stocks that are much larger index weights than 10%) currently exist that would otherwise hamper Luxembourg 10/40 diversification rules. This change therefore does not impact the portfolios' composition nor the investment process of the strategy but facilitates comparability to peers.

Currency: EUR

1st quotation date: 07/04/2011

Past performance is of limited value as a guide to future performance. The ongoing charges are included in the calculation of past performance; excluded are the entry and exit charge.

Practical information

- The depositary of Robeco Capital Growth Funds, Sicav is RBC Investor Service Bank S.A.
- This key investor information document describes a subfund of the Sicav, the prospectus and periodic reports are prepared for the entire Sicav.
