Management guidance

The investment team aims to outperform the MSCI Europe by investing in European stocks selected via an investment process combining financial and extra-financial criteria. Stock selection is based on the SRI principles (Socially Responsible Investment) which incorporate ESG (Environmental, Social and Governance) analysis into traditional financial analysis. Stocks are selected without any sector bias.

SRI COMMENT

ESG Criteria
ESG are criteria for assessing the non-financial activities of companies, governments and groups:
"E" for Environment (energy and gas usage, water and waste management, etc.)
"S" for Social (respect for human rights, workplace health and safety, etc.)
"G" for Governance (independence of board of directors, respect for shareholder rights, etc.)

ESG Rating(1)
ESG ratings allow issuers to be assessed using non-financial criteria (Amundi ESG rating from A to G).
(1)G-rated securities are excluded from all of Amundi's actively managed funds (apart from index-tracking UCITS and ETFs bound by their benchmark index)

Socially Responsible Investment (SRI)
SRI translates sustainable development objectives into investment decisions by adding non-financial criteria (ESG) to traditional financial considerations.

With this approach, SRI aims to balance economic performance with social and environmental impact by investing in companies and public bodies that contribute to sustainable development, regardless of their business sector. SRI promotes a responsible economy by influencing the governance and behaviour of economic players.

SRI at Amundi
Simultaneous application of the following rules:
1 - Exclusion of securities rated E, F or G
2 - Overall portfolio rating of C or higher
3 - Higher overall portfolio rating than the benchmark/investment universe
4 - A minimum of 90% of securities in the portfolio

must have an ESG rating
(with A being the highest and G being the lowest rating)

AVERAGE SRI NOTE

EVALUATION BY ESG CRITERIA

The scores are displayed according to the following criteria:
- criteria 1: Environment
- criteria 2: Social
- criteria 3: Governance

BREAKDOWN BY SRI NOTES
