Key benefits

- The fund aims to generate return potential in any market environment.
- Major market fluctuations can be cushioned.
- The fund offers attractive opportunities for global investments in the traditional investment categories.

Risks

The Fund offers no guarantee. It may see phases with negative performance. This requires corresponding risk tolerance and capacity and an investment horizon of typically three years to ensure a high likelihood of meeting the return target. All investments are subject to market fluctuations. Every Fund has specific risks, which can significantly increase under unusual market conditions. The fund can use derivatives, which may result in additional risks (particularly counterparty risk).
