iShares Dow Jones Global Sustainability Screened UCITS ETF

A sub-fund of iShares II plc

Exchange Traded Fund (ETF)

ISIN: IE00B57X3V84

DE000A1JB4P2 (Deutsche Börse)

Manager: BlackRock Asset Management Ireland Limited

Objectives and Investment Policy

- ▶ The Fund aims to achieve a return on your investment, through a combination of capital growth and income on the Funds' investments, which reflects the return of the Dow Jones Sustainability World Enlarged Index ex Alcohol, Tobacco, Gambling, Armaments & Firearms and Adult Entertainment, the Fund's benchmark index.
- ▶ The Fund aims to invest so far as possible and practicable in equity securities (e.g. shares) that make up the Fund's benchmark index.
- ▶ The benchmark index measures the performance of equity securities (e.g. shares) that are selected to provide a representation of the global sustainability equity market. The companies that issue the equity securities are selected for the benchmark index based on long-term economic, environmental and social criteria and make up the top 20% of the largest 2,500 global sustainability companies of the Dow Jones Global Total Stock Market Index.
- ▶ The Fund uses optimising techniques to achieve a similar return to its index. These may include the strategic selection of certain securities

that make up the index or other FI securities which provide similar performance to certain constituent securities. These may also include the use of financial derivative instruments (FDIs) (i.e. investments the prices of which are based on one or more underlying assets). FDIs may be used for direct investment purposes. The use of FDIs is expected to be limited.

- ▶ Recommendation: This Fund may not be appropriate for short-term investment.
- ▶ Your shares will be accumulating shares (i.e. dividend income will be included in their value).
- ▶ The Fund's base currency is US Dollar.
- ▶ The Fund's shares are listed and traded on one or more stock exchanges. In normal circumstances, only authorised participants (e.g. select financial institutions) may buy and sell shares directly with the Fund. Other investors can buy or sell shares daily through an intermediary on stock exchange(s) on which the shares are traded.

Risk and Reward Profile

- ▶ The risk indicator was calculated incorporating simulated historical data and may not be a reliable indication of the future risk profile of the Fund.
- ▶ The risk category shown is not guaranteed and may change over time.
- ▶ The lowest category does not mean risk free.
- ▶ The Fund is rated seven due to the nature of its investments which include the risks listed below. These factors may impact the value of the Fund's investments or expose the Fund to losses.

- The value of equities and equity-related securities can be affected by daily stock market movements. Other influential factors include political, economic news, company earnings and significant corporate events.
- ▶ Particular risks not adequately captured by the risk indicator include:
 - Counterparty Risk: The insolvency of any institutions providing services such as safekeeping of assets or acting as counterparty to derivatives or other instruments, may expose the Fund to financial loss.
 - Liquidity Risk: Lower liquidity means there are insufficient buyers or sellers to allow the Fund to sell or buy investments readily.
 - Currency Risk: The Fund invests in other currencies. Changes in exchange rates will therefore affect the value of the investment.

For more information on risks, please see the Fund's prospectus, which is available at www.ishares.com.

Charges

The charges are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

* Not applicable to secondary market investors. Investors dealing on a stock exchange will pay fees charged by their stock brokers. Such charges are publicly available on exchanges on which the shares are listed and traded, or can be obtained from stock brokers.

* Authorised participants dealing directly with the Fund will pay related transaction costs. Authorised participants switching between the Fund and other funds within the same umbrella investment company may be subject to a switching fee of up to 3%. However, the switching fee may not be charged and the usual entry and exit charges may apply instead.

The ongoing charges figure is based on expenses for the twelve month period ending 31 May 2013. This figure may vary from year to year. It excludes portfolio trade-related costs, except costs paid to the custodian and any entry/exit charge paid to an underlying collective investment scheme (if any).

** To the extent the Fund undertakes securities lending to reduce costs, the Fund will receive 60% of the associated revenue generated and the

remaining 40% will be received by BlackRock as the securities lending agent. As securities lending revenue sharing does not increase the costs of running the Fund, this has been excluded from the ongoing charges.

For more information on charges, please see the Fund's prospectus, which is available at www.ishares.com.
