## Brazilian Hard Currency Bond Fund USD

As of 29/02/2024

### Description

The fund seeks to maximize medium term returns by investing primarily in Dollar -denominated Brazilian Corporate and Government bonds issued abroad that comply with the criteria outlined in Article 8 of the SFDR. Investment approach based on robust credit research, market and macro monitoring and duration analysis.

### Investment Objective

To obtain a superior return in the medium and long term, by investing mainly in the Brazilian debt market. Investments will be made based on risk and interest yield curve analysis, as well as fundamental credit research on the corporate and public issuers.

### Investment Policy

Diversified portfolio invested in the Brazilian debt market, such as Brazilian Eurobonds issued by Brazilian Corporations in the international markets as well as in Brazilian Global Bonds issued by the Brazilian National Treasury abroad, both in USD or in any other foreign currency.

## About Bradesco Asset Management

Bradesco Asset Management was formed in 2001 as the result of the consolidation of Banco Bradesco's asset management divisions and subsidiaries. The merger unified over 40 years of expertise in the Latin American markets. Bradesco Asset Management has an excess of US\$100 billion of assets under management from Brazilian, Asian and American retail, private, corporate and institutional clients and is renowned for its investment capabilities in Fixed Income and Equities. Bradesco Asset Management is a wholly owned subsidiary of Banco Bradesco, one of Latin America's largest banks.
