

Asian Growth Leaders Fund

A sub-fund of BlackRock Global Funds

Class A2 USD

ISIN: LU0821914370

Management Company: BlackRock (Luxembourg) S.A.

Objectives and Investment Policy

- ▶ The Fund aims to maximise the return on your investment through a combination of capital growth and income on the Fund's assets.
- ▶ The Fund invests at least 70% of its total assets in the equity securities (e.g. shares) of companies which are domiciled in, or the main business of which is in, Asia excluding Japan. Many of these countries are developing countries.
- ▶ In particular, the Fund will invest in the equity securities of companies, which, in the investment adviser's opinion, have good growth potential. For example the companies may demonstrate above-average growth rates in earnings or sales and high or improving returns on capital.
- ▶ The investment adviser has discretion to select the Fund's investments and in doing so may take into consideration the MSCI AC Asia ex Japan Index.
- ▶ Your shares will be non-distributing (i.e. dividend income will be included in their value).
- ▶ Your shares will be denominated in US Dollars, the Fund's base currency.
- ▶ You can buy and sell your shares daily. The minimum initial investment for this share class is \$5,000 or currency equivalent.

Risk and Reward Profile

- ▶ The risk indicator was calculated incorporating simulated historical data and may not be a reliable indication of the future risk profile of the Fund.
- ▶ The risk category shown is not guaranteed and may change over time.
- ▶ The lowest category does not mean risk free.
- ▶ The Fund is rated seven due to the nature of its investments which include the risks listed below. These factors may impact the value of the Fund's investments or expose the Fund to losses.
 - Shares in smaller companies typically trade in less volume and experience greater price variations than larger companies.
 - Emerging markets are generally more sensitive to economic and political conditions than developed markets. Other factors include greater 'Liquidity Risk', restrictions on investment or transfer of assets and failed/delayed delivery of securities or payments to the Fund.
- ▶ The value of equities and equity-related securities can be affected by daily stock market movements. Other influential factors include political, economic news, company earnings and significant corporate events.
- ▶ Particular risks not adequately captured by the risk indicator include:
 - Counterparty Risk: The insolvency of any institutions providing services such as safekeeping of assets or acting as counterparty to derivatives or other instruments, may expose the Fund to financial loss.
 - Liquidity Risk: Lower liquidity means there are insufficient buyers or sellers to allow the Fund to sell or buy investments readily.

For more information on risks, please see the Fund's prospectus, which is available at www.blackrock.com

Charges

The charges are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

The entry and exit charges shown are maximum figures. In some cases you might pay less. Please refer to your financial advisor or the distributor for the actual entry and exit charges.

*Subject to a charge of up to 2% paid into the Fund where the Manager suspects excessive trading by an investor.

The ongoing charges figure shown here is an estimate of the annualised charges. An estimate is being used because the Fund (or share class) was newly launched or it has been launched within the reported period. The Fund's annual report for each financial year will include detail on the exact charges made.

** To the extent the Fund undertakes securities lending to reduce costs, the Fund will receive 60% of the associated revenue generated and the remaining 40% will be received by BlackRock as the securities lending agent. As securities lending revenue sharing does not increase the costs of running the Fund, this has been excluded from the ongoing charges.

For more information on charges, please see the Fund's prospectus, which is available at www.blackrock.com
