Investment Strategy

The fund invests worldwide into High Yield Bonds issued by companies. The fund seeks to achieve attractive risk-adjusted return by using a fundamental and research driven approach to investing in the high yield investment universe. Traditional and distressed credit analysis is the driver of the investment process and is at the core of the portfolio construction. The distressed credit analysis helps evaluate opportunities in the lower quality portion of the high yield market where dislocations may occur.

The sub-funds mentioned are part of Nordea 1, SICAV, an open-ended Luxembourg-based investment company (Société d'Investissement à Capital Variable), validly formed and existing in accordance with the laws of Luxembourg and with European Council Directive 2009/65/EC of 13 July 2009. This document is advertising material and does not disclose all relevant information concerning the presented sub-funds. Any investment decision in the Nordea funds should be made on the basis of the current prospectus, which is available, along with the Key Investor Information Document, the current annual and semi-annual reports, electronically in English and in the local language of the market where the mentioned SICAV is authorised for distribution, without charge upon request from Nordea Investment Funds S.A., 562, rue de Neudorf, P.O.
