Fund Information

ABERSAND CAPITAL SICAV (the "Fund") is a Luxembourg open-ended investment company established as a *"société d'investissement à capital variable"* (investment company with variable capital) and the Fund was incorporated for an unlimited period of time in Luxembourg on 12 December 2012 and is governed by the Luxembourg law of 10 August 1915 on commercial companies, as amended, and by the Law of 17 December 2010 concerning undertakings for collective investment, as amended.

The registered office of the Fund is established at 6A, rue Gabriel Lippmann, L-5365 Munsbach, Grand Duchy of Luxembourg.

The Fund is registered at the "*Registre de Commerce et des Sociétés*" of Luxembourg under the number B 173 573.

The Articles of Association of the Fund are published in the "*Mémorial C, Recueil des Sociétés et Associations*" (the "Mémorial").

The minimum capital of the Fund as provided by law, which must be achieved within 6 months from the date on which the Fund has been authorised as an undertaking for collective investment under Luxembourg law, is EUR 1,250,000. The capital of the Fund is represented by fully paid-up Shares of no par value. The initial capital of the Fund has been set at EUR 31,000. The Fund is open-ended which means that it may, at any time on the request of the shareholders, redeem its Shares at prices based on the applicable Net Asset Value per Share.

In accordance with the Articles, the Board of Directors may approve to issue Shares in each Sub-Fund. A separate portfolio of assets is maintained for each Sub-Fund and is invested in accordance with the investment objectives applicable to the relevant Sub-Fund. As a result, the Fund is an "umbrella fund" enabling investors to choose between one or more investment objectives by investing in one or more Sub-Funds.

The Board of Directors of the Fund may from time to time decide to create further Sub-Funds; in that event, the Prospectus will be updated and amended so as to include detailed information on the new Sub-Funds.

The share capital of the Fund will be equal, at any time, to the total value of the net assets of all the Sub-Funds.

1. DETERMINATION OF THE NET ASSET VALUE OF SHARES

The Net Asset Value per Share of each Class in each Sub-Fund is calculated in a daily, weekly or bi-monthly basis as indicated in the Prospectus on the basis of the prices available on that Valuation Day, as published by the stock exchanges or Regulated Markets concerned and with reference to the value of assets owned on behalf of the relevant Sub-Fund. If such day is not a business day in Luxembourg, then the Valuation Day is the immediately the next business day. The Net Asset Value is expressed in the reference currency of the Sub-Fund as specified in the Prospectus.

The Net Asset Value per Share is determined by dividing the net assets of the Sub-Fund attributable to such Class/category in that Sub-Fund or to such Sub-Fund (being the value of the portion of assets less the portion of liabilities attributable to such Class/Category or to such Sub-Fund on any such Valuation Day), as determined in accordance with applicable generally accepted Luxembourg accounting principles, by the total number of Shares in the relevant Class/category in a Sub-Fund or in the relevant Sub-Fund then outstanding.

If, since the time of determination of the Net Asset Value on the relevant Valuation Day, there has been a material change in the quotations in the markets on which a substantial portion of the investments attributable to the relevant Class/Category in respect of a Sub-Fund or to the relevant Sub-Fund are dealt in or quoted, the Fund may, in order to safeguard the interests of the shareholders and the Fund, cancel the first valuation and carry out a second valuation. All subscription, redemption and conversion requests shall be treated on the basis of this second valuation.

The value of the assets is determined as follows:

(a) The value of any cash on hand or on deposit, bills and demand notes payable and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received is deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof is arrived at after making such discount as may be considered appropriate in such case to reflect the true value thereof.

(b) The value of any security or other asset which is quoted or dealt in on a stock exchange is based on its last available price in Luxembourg on the stock exchange which is normally the principal market for such security.

(c) The value of any security or other asset which is dealt in on any other Regulated Market is based on its last available price in Luxembourg on this other Regulated Market.

Notes to the Financial Statements as at 30/06/2021 (continued)

2. DETERMINATION OF THE NET ASSET VALUE OF SHARES (continued)

(d) In the event that any assets are not listed nor dealt in on any stock exchange or on any other Regulated Market, or if, with respect to assets listed or dealt in on any stock exchange or on any other Regulated Market as aforesaid, the price as determined pursuant to sub-paragraph (b) or (c) is not, in the opinion of the Board of Directors, representative of the fair market value of the relevant assets, the value of such assets is based on the reasonably foreseeable sales price determined prudently and in good faith.

(e) Units or shares of undertakings for collective investment are valued at their last determined and available net asset value as determined by their administrative agent or, if such price is not, in the opinion of the Board of Directors, representative of the fair market value of such assets, then the price is determined by the Board of Directors on a fair and equitable basis.

(f) The liquidating value of futures, spot, forward or options contracts not traded on stock exchanges nor on other Regulated Markets means their net liquidating value determined, pursuant to the policies established by the Board of Directors, on a basis consistently applied for each different variety of contracts. The liquidating value of futures, spot, forward or options contracts traded on stock exchanges or on other Regulated Markets is based upon the last available settlement prices of these contracts on stock exchanges and Regulated Markets on which the particular futures, spot, forward or options contract can not be liquidated on the day with respect to which net assets are being determined, the basis for determining the liquidating value of such contract is such value as the Board of Directors may deem fair and reasonable. Swaps are valued at their market value.

(g) The value of money market instruments not traded on stock exchanges nor on other Regulated Markets and with a remaining maturity of less than 12 months and of more than 90 days is deemed to be the nominal value thereof, increased by any interest accrued thereon. Money market instruments with a remaining maturity of 90 days or less are valued by the amortized cost method, which approximates market value.

(h) All other securities and other assets will be valued at fair market value as determined in good faith pursuant to procedures established by the Board of Directors.

(i) Income is recognized for each Sub-Fund as follows:

- Dividends are recognized as of execution date of the corporate actions.
- Interest on bonds and money market instruments are recognized on accrual basis.
- Interest on cash accounts are recognized as of payment date and or accrual basis when applicable.

The net proceeds from the issue of Shares in the relevant Sub-Fund are invested in the specific portfolio of assets constituting such Sub-Fund.

The Board of Directors maintains for each Sub-Fund a separate portfolio of assets. As between shareholders, each portfolio of assets is invested for the exclusive benefit of the relevant Sub-Fund.

3. REFERENCE CURRENCY

The combined accounts of the Fund are maintained on EUR. The financial statements relating to various separate Sub-Funds are expressed in the relevant reference currency for the Sub-Fund.
