INVESTMENT UNIVERSE

The fund mainly invests (without any sectorial restriction) in bonds and/or other debt securities (including perpetual notes and/or structured products), fixed or floating, denominated in any currency, issued by (private and/or public) worldwide issuers and which have a higher yield than German bonds (including bonds issued by German federal entities ("Land")). The fund may use derivatives in order to take advantage of or hedge against market fluctuations, or for efficient portfolio management. This is an actively managed fund with no benchmark.

DPAM is signatory of the United Nations Principles for Responsible Investment (UN PRI). Please read the important information at the end of this document.

RISKS

The risk indicator assumes that you will hold the product for at least 5 years. The actual risk can vary significantly if you cash in at an early stage and you may get back less.

Other important risks partly or completely unreflected in the risk indicator:

- If your currency as an investor is different from the subscription currency of this product, changes in currency exchange rates could reduce any investment gains or increase any investment losses.
- Unusual market conditions or unforeseeable events may magnify risks or trigger other risks such as counterparty, liquidity and operational risks (a full description of these risks is available in the prospectus).
- If you place a request to sell (redeem) shares at a time when this product has received many other sell requests, the processing of your order may be delayed, which could affect the price you receive for your shares.
- We refer to the prospectus and KID for more explanation and a complete overview of the risks.

IMPORTANT INFORMATION - FOR AUTHORIZED USE ONLY

The information contained in this document and attachments (hereafter the 'documents') is provided for pure information purposes only.

Present documents do not constitute investment advice nor do they form part of an offer or solicitation for the purchase of shares, bonds or mutual funds, or an invitation to buy or sell the products or instruments referred to herein.

Applications to invest in any fund referred to in these documents can only validly be made on the basis of the Key Information Document (KID), the prospectus and the latest available annual and semi-annual reports. These documents can be obtained free of charge at Degroof Petercam Asset Management sa or on the website <u>https://www.funds.dpaminvestments.com/funds.html</u>. For investors in Switzerland, the prospectus, the articles of incorporation of the fund, the latest activity reports and the key information documents are available free of charge at the representative agent for Switzerland (ACOLIN Fund Services AG, Leutschenbachstrasse 50, CH-8050 Zurich).

All opinions and financial estimates herein reflect a situation at the date of issuance of the documents and are subject to change without notice. Indeed, past performances are not necessarily a guide to future performances and may not be repeated.
