

KEY INVESTOR INFORMATION

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

Flab Satellite, B - CAP, (ISIN: LU0415027464)

a sub fund of Flab Funds SICAV

managed by Link Fund Solutions (Luxembourg) S.A.

Objectives and Investment Policy

Objective

We aim to achieve long term growth in your capital. Our objective is to maximise your return in comparison to the risks we take across all market circumstances.

Investment Policy

We use statistical models to adapt the potential return in excess of "risk free" investments (Treasury Bills). We monitor volatility as it measures the amplitude of changes in prices of financial assets over a given period of time. We also build our portfolio by using correlation of assets to traditional markets and paces of changes in the price of investments ("momentum").

The three aforementioned indicators allow us to monitor the Sharpe ratio, a financial indicator assessing the level of return compared to risks taken.

Under normal conditions, we mainly invest in bonds (loans) issued by governments and corporations worldwide. Bonds may have various features (e.g. creditworthiness of issuers, collateral by mortgages, convertibility into shares, etc.). We also invest in bonds, shares, currencies, commodities and/or unlisted companies through Exchange Traded Funds (ETFs, investment funds listed on stock exchanges). In addition, we may also invest in Contingent convertible bonds ("CoCos") as further described in the Prospectus.

This Fund is actively managed meaning that the investment manager has, subject to the stated investment objectives and policy, discretion over its portfolio, with no reference or constraint to any benchmark.

Essential features of the fund:

You can buy and sell shares of this class every bank business day in Luxembourg.

This share class does not distribute any income to you.

Your first investment must be equal to or amount to more than 10 euros.

In accordance with article 6 of EU regulation 2019/2088, the Sub-Fund does not promote environmental or social characteristics nor has as objective sustainable investment, as further disclosed in the Prospectus.

Risk and reward profile

The above indicator reflects the historical level of risk and reward of this share class over the last 5 years. As it is based on its historical behaviour, it does not necessarily reflect your future risk, nor reward.

This share class is classified as above, since it has experienced low movements in its price. This classification is solely valid as of the date of this document; it can change in the future.

If you invest in a fund in the category "1" above, you may sustain a loss. A fund in this category is not risk-free at all times.

This fund does not provide you with any guarantee on performance nor on the value of your investment in it. The latter may consequently go up, as well as down.

The indicator captures the impacts on the Fund of adverse movements in financial markets and currencies, under normal market conditions.

The following other risks can be significant to the Fund:

- The funds in which we invest may be easily sold under normal market conditions. Exceptional circumstances may lead to situations where those can only be sold at a loss for you;

- Investment positions may be relatively focused on one particular economic sector or country;

- Investing in emerging economies can present risks inherent to political stability, economic conditions, and/or regulatory and fiscal environments that may adversely affect the price of the Fund.

More details on the risks you may face when investing in this Fund are described in the "Risk Factors" and "Risk Management Process" sections of the Prospectus, as well as in the "Sub-Funds Details" section thereof.

Charges for this fund

The charges you pay are used to cover the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry Charge	0.00%
Exit Charge	0.00%
This is the maximum that might be taken out of your money before it is invested or before the proceeds of your investment are paid out.	
Charges taken from the Fund over a year	
Ongoing Charges	1.86%
Charges taken from the Fund under certain specific conditions	
Performance Fee	10.00%
10.00% of the return of the Fund over one calendar year. Losses from previous years first need to be recovered ("High Water Mark" method). In the Fund's last financial year the performance fee charged was 0.00% of the Fund.	

The entry and exit charges shown are maximum figures. In some cases you may pay less - you can find this out from your personal investment adviser or distributor.

The ongoing charges figure is based on expenses for the year ending 31/12/2021. This figure may vary from year to year. It excludes:

- Performance fees;
- Portfolio transaction costs, except in the case of an entry/exit charge paid by the Fund when buying or selling units in other funds.

For more information about charges, please refer to the section "Management and Fund Charges" of the Fund's Prospectus, which is available at www.linkfundsolutions.lu.

Past Performance

The past performance for the years 2013 to 2015 were achieved within a specialised investment fund pursuant to the Law of 13 February 2007 relating to specialised investment funds (SIF). This legal frame is not applicable anymore as the investments restrictions and policies were amended to a UCITS framework.

Past performance provides no indication on future returns.

All fees and expenses, including any performance fee, as included in the price of the Fund, are reflected in the performance shown left, which is calculated in Euro. This performance does not take into account the above mentioned maximum entry and exit charges, if any.

The Fund was launched in 2012.

■ Flab Satellite B - CAP

Practical Information
