### CaixaBank Global Albus Fund – A

#### a Sub-Fund and Class of CaixaBank Global SICAV (ISIN: LU0944770774)

CaixaBank Global SICAV is managed by Caixabank Asset Management Luxembourg S.A.

#### Objectives and investment policy

The investment objective of the Sub-Fund is to provide Shareholders with medium to long-term capital appreciation by investing in a dynamic and diversified portfolio of assets. The Sub-Fund aims to produce returns by investing in multiple asset classes including Money Market Instruments, equities, bonds and currencies and getting exposure to various assets such as commodities and real estate by investing through eligible ETFs, UCITS or other eligible UCIs pursuant to the UCITS directive.

The investment in fixed income securities includes investments in government bonds, credit bonds, emerging market bonds, high yield bonds and covered bonds. For equity markets, the Sub-Fund may invest worldwide and without limitations about market capitalisation, sector or style. The main focus will however be on European equities and companies with large capitalisations. The Sub-Fund may invest without limitation in both developed and emerging markets.

The Sub-Fund will have a multi-asset and flexible portfolio that may change its exposure through asset classes and geographical areas depending on market conditions and the opportunities identified by the Investment Manager through its investment process. This investment process starts by a quantitative and qualitative assessment runs across different asset classes to get an output with an optimal diversification in accordance with a defined risk profile. Then the portfolio construction is performed with the selection of individual assets or UCITS.

The Sub-Fund has not a priori limitation about maximum or minimum investment percentage in any asset class and the Sub-Fund could invest close to its total portfolio in equities or fixed income markets. Shareholders will in any case be regularly informed of the composition of the portfolio by monthly reports.

The Sub-Fund may also use Derivatives for the purposes of hedging and efficient portfolio management.

The Sub-Fund may invest into funded and unfunded total return swaps. Such instruments may be used to gain exposure on a total return basis to any asset that the Sub-Fund is otherwise permitted to gain exposure in strict accordance with its investment policy and objectives. The percentage of the assets of the Sub-Fund that can be subject to total return swaps transactions, measured by reference to

the notional amount of such transactions, is expected to be 0% Net Asset Value, with a maximum percentage expected not to exceed 40% of the Net Asset Value. The entire return generated by total return swap transactions, net of applicable counterparty and/or brokerage fees and expenses, if any, payable to counterparties and brokers, will be returned to the Sub-Fund.

Collateral received by the Sub-Fund may consist of cash.

The Sub-Fund will not enter into SFTs. Should the Sub-Fund enter into SFTs in the future, the Prospectus will be amended accordingly prior to such use.

The Sub-Fund may also hold ancillary cash and bank deposits.

The Sub-fund pursues an actively-managed investment strategy.

The Sub-fund refers to the following Benchmark: BofA Merrill Lynch Euro Large Cap Index for fixed income + MSCI ACWI Net Total Return Index for equity.

The Benchmark is solely used as a reference to compare the performance of the Sub-Fund. The Sub-Fund's investment objective is not to track the performance of the Benchmark. There are no restrictions on the extent to which the Sub-Fund's portfolio and performance may deviate from the ones of the Benchmark.

Investors may repurchase their shares in the Sub-Fund on each Business Day in Luxembourg.

The base currency of the Sub-Fund is the EUR.

CaixaBank Global Albus Fund – A shares are non-distributing: any income generated by the Sub-Fund is reinvested to grow the value of shares.

The investments underlying the Sub-Fund do not take into account the EU criteria for environmentally sustainable economic activities which are determined by the Regulation (EU) 2020/852 of the European Parliament and of the Council of 18 June 2020 on the establishment of a framework to facilitate sustainable investment, as amended from time to time.

This indicator is based on simulated historical data which may not be a reliable indication of the future risk profile of such Class. The categorisation of the Class in the scale is not guaranteed to remain unchanged and may shift over time. The lowest category does not mean a risk-free investment.

**Why this category?** The fund is in this category because of the risk that the fund has assumed and as it invests in a range of assets with different levels of risk.

The Class is also subject to:

**Credit risk:** This is the risk that the issuer of fixed income securities cannot pay the principal or interest.

**Liquidity risk:** This is the risk that some securities may not be sold at normal price and timely conditions on a market.

**Risk of financial derivative instruments:** The use of these instruments may cause high volatility of the net asset value of the Class. These instruments may create a leverage effect and may also be dealt over-the-counter (i.e. not through a clearing chamber). Risk hedging by using these instruments may not be perfect.
