CGWM Affinity Fund (the Fund) – class A USD (Accumulation) shares (ISIN: IE00B3BRDJ07), a sub-fund of Canaccord Genuity Investment Funds plc (the Company). The Company has appointed Canaccord Genuity Management Company Limited as its management company (the Management Company).

Investment Objective and Policy

The aim of the Fund is to generate capital growth by investing in an international portfolio of shares and units in collective investment schemes (CIS) and individual high quality fixed interest instruments.

The Fund seeks to obtain both a direct and indirect exposure to the asset classes listed below, with a bias toward equity markets. The focus will be assets which provide consistent superior returns, together with a level of risk and volatility below that of global equity markets.

The Fund's main investments will include the following:

- CIS to include UCITS and non-UCITS CIS, open-ended and closed-ended CIS and exchange traded funds, established as companies, unit trusts, common contractual funds or investment limited partnerships;
- High quality debt securities, consisting of fixed income securities, government and corporate bonds; and
- Listed shares/equities.

Other Information

- The Fund may also invest in liquid assets such as bank deposits and money market instruments.
- Both listed and over the counter financial derivative contracts may be used for the purposes of efficient portfolio management.
- Any counterparty to an over the counter derivative contract must have a Standard & Poor's or Moody's credit rating of at least A.
- The Fund may not be suitable for investors who plan to withdraw their money within 3 to 5 years.
- You can buy or sell your shares on any day on which banks in Dublin and London are open for business. See application form for details of how to invest.

For full investment objective and policy details please refer to the Company's prospectus and supplement issued in relation to the Fund.

Risk and Reward Profile

---	---	---	---	---	---	---

- The risk and reward indicator above is based on historic data and illustrates the position of the Fund on a standard risk and reward category scale.
- The Fund is in this category because of the nature of its invests which are exposed to relatively high levels of risk and market volatility.
- Historic figures are only a guide, which may change over time and therefore this risk category is not guaranteed.
- The higher the category, the greater the potential reward, but also the greater the risk of losing the investment. **Even the lowest category does not mean that your investment is risk free.**
- Material risks are also applicable to other share classes being represented.

Investing in the Fund carries additional risks not covered by the risk and reward indication which includes the following:

- The value of your investment can go down as well as up. You may not get back the amount you have invested.
- There can be no assurance that the Fund's assets will increase in value.
- Investment in the Fund is not in the nature of a deposit in a bank account and is not protected by any guarantee scheme.
- Investment in non-UCITS CIS may expose investors to increased risks due to restrictions on withdrawals, less strict regulations and use of derivatives at the underlying CIS level.
- The value of the Fund may be affected by a change in the creditworthiness of the issuers of its securities and by adverse movements in interest rates.
- A default by or an insolvency of a counterparty to an exchange traded or over the counter derivative contract may result in a loss to the Fund.

Please refer to the Company's prospectus and supplement issued in relation to the Fund for further details on risk factors.
