INCOMETRIC FUND - Global Strategy Fund A, EUR

A Sub-Fund of INCOMETRIC FUND, ISIN LU1321861970
This Fund is managed by Adepa Asset Management S.A.

Objectives and Investment Policy

The Sub-Fund is actively managed. The objective of the Sub-Fund is to invest mainly in other UCITS or UCIs with an environment opportunity approach. The investment selection is based on quantitative criteria as performance and its risk indicators as well as qualitative ones as the constancy of the Investment Manager.

Depending on market conditions, investments may be focused on one asset class and/or on one geographical area and/or one sector of economic activity and/or one currency only. The allocation per each underlying UCITS/UCIs will be made in order to maximize the profitability/risk ratio of the Sub-Fund and generate capital appreciation over time with no particular restrictions. It is intended to leave to the Investment Manager the needed flexibility in order to take advantage of the opportunities the markets offer.

For treasury purposes the Sub-Fund may also invest in liquid instruments according to the criteria of article 41(1) of the 2010 Law such as (but not limited to) money market instruments and money market funds and bank deposits. The Sub-Fund may hold ancillary liquid assets limited to bank deposits and cash on sight with a maximum of 20% of the net assets of the Sub-Fund in order to cover current or exceptional payments, or for the time necessary to reinvest in eligible assets provided under article 41(1) of the Law of 2010 or for a period of time strictly necessary in case of unfavorable market conditions. Ancillary liquid assets do not include bank deposits, money market

instruments, money market funds and other instruments that meet the criteria of article 41(1) of the 2010 Law.

In addition, derivative instruments traded over the counter (OTC) as currency forwards can be used in order to hedge the exposure to eventual foreign currencies to which the Sub-Fund underlying may be denominated. Such instruments can be used provided they are contracted with first class financial institutions specialized in this type of transactions.

The Sub-Fund is not managed in reference to a benchmark.

The Sub-Fund will capitalise its entire earnings following an income accumulation policy.

The Share Class's currency is EUR. The Sub-Fund's reference currency is EUR.

The aforementioned investment policy corresponds for the investors with a high investment risk profile.

This Sub-Fund may not be appropriate for investors who plan to withdraw their money within a three-year period.

The investors are able to redeem their units on a weekly basis.

Risk and Reward Profile

The risk/return indicator shows the correlation between risk and returns. Historical data may not be a reliable indication for the future. The risk category shown is not guaranteed and may shift over time. The lowest category does not mean 'risk free'.

The risk category of the Sub-Fund is 5 and is calculated from historical data or simulated historical data of the underlying securities when the real data is not sufficient. Past performance is not necessarily a reliable indicator of the Sub-Fund's future risk and reward profile.

The following risks may materially impact the Sub-Fund but are not captured by the indicator:

Credit risk: The default of the issuer of a debt instrument held by the Sub-Fund.

Liquidity risk: Securities in the Sub-Fund may be sold below their

valuation due to insufficient liquidity in the market.

Counterparty risk: A counterpart may fail paying the proceeds related to the sale of securities by the Sub-Fund or may fail delivering the securities purchased by the Sub-Fund. A counterpart of the Sub-Fund in an OTC derivative may fail satisfying its obligations towards the Sub-Fund at any event of the OTC derivative agreement.

Operational risk: Failures or delays in operational processes may negatively affect the Sub-Fund.

Derivatives risk: Derivatives may be used to increase, lower or maintain the risk level of the Sub-Fund. The derivative strategy may fail resulting in significant losses for the Sub-Fund.

Currency risk: Exchange rate fluctuations may negatively affect the value of the Sub-Fund's investments.

Event Risk: The overall value of all types of investments may be affected by devaluations, political and governmental interventions in relevant markets or irregular and sudden market fluctuations.

The above mentioned list of risk factors is not exhaustive. Other factors may influence the pricing of the underlying securities and therefore the value of the Sub-Fund's investments.
