## Information to the Shareholders

The annual general meeting of shareholders is held, in accordance with Luxembourg law, in Luxembourg at the registered office of the Fund or such other place in the municipality of the registered office as may be specified in the notice of the meeting on the last Tuesday of January at 2 p.m. CET.

If such day is not a bank business day in Luxembourg, then the annual general meeting shall be held on the first succeeding bank business day in Luxembourg. The annual general meeting may be held abroad if, in the absolute and final judgment of the Board of Directors, exceptional circumstances so require.

Other meetings of shareholders may be held at such place and time as may be specified in the respective notices of meeting.

The Shareholders of any Sub-Fund may hold, at any time, general meetings to decide on any matters which relate exclusively to such Sub-Fund. In addition, the shareholders of any class of shares may hold, at any time, general meetings to decide on any matters which relate exclusively to such class of shares. The general provisions set out in these Articles of Incorporation, as well as in the 1915 Law (the Luxembourg law of August 10, 1915 on commercial companies, as amended from time to time), shall apply to such meetings.

All the Shareholders shall be convened to the meeting via a notice, recorded in the register of Shareholders and sent to their addresses in accordance with Luxembourg law. This notice shall indicate the time and place of the annual general meeting of shareholders, the admission conditions, the agenda and the quorum and majority requirements.

The Board of Directors is not required to send the semi-annual report, including unaudited financial statements, as well as the report of the *réviseur d'entreprises agréé* of the Fund and the report of the Board of Directors at the same time as the convening notice to the annual general meeting of shareholders. Unless otherwise provided for in the convening notice to the annual general meeting of shareholders, the annual report, including unaudited financial statements, as well as the report of the *réviseur d'entreprises agréé* of the Fund and the management report, will be available at the registered office of the Fund. The convening notice to general meetings of shareholders may provide that the quorum and the majority at the general meeting is determined according to the shares issued and outstanding at midnight (Luxembourg time) on the fifth day prior to the general meeting (referred to as "record date"). The right of an Shareholder to attend a general meeting and to exercise a voting right attaching to his shares is determined in accordance with the shares held by the Shareholder at the record date.

Each Class grants the right to one vote. The vote on a possible payment of a dividend in a Sub-Fund requires the majority of the votes of the Shareholders of the concerned Sub-Fund and any amendment to the Articles of Incorporation leading to a change in the Shareholder rights of a Sub-Fund must be approved by a decision of the General Meeting of shareholders and by the Meeting of the concerned Sub-Fund's Shareholders.

### 2 - Significant accounting policies

#### 2.1 Presentation of financial statements

The financial statements are prepared in accordance with generally accepted accounting principles in Luxembourg. They are presented in accordance with Luxembourg regulations relating to undertakings for collective investment in transferable securities.

For the purpose of establishing the combined financial statements, the Net Assets of the Fund shall be expressed in USD. For the purpose of this calculation, the Net Assets of each segregated Sub-Fund shall be converted into USD. The report shall comprise specific information on each Sub-Fund as well as combined information on the Fund.

All other communications to shareholders shall be done through a notice that will be either published in a Luxembourg newspaper and in newspapers of countries where the Fund's Shares are offered, or sent to the shareholders at their address indicated in the shareholders' register or communicated via other means as deemed appropriate by the Board of Directors of the Fund and if required by the Luxembourg Law, in *Recueil Electronique des Sociétés et Associations du Grand-Duché de Luxembourg* ("RESA").

#### 2.2 Calculation of the Net Asset Value

The Shares are issued and redeemed at their Net Asset Value ("NAV") determined on each Valuation Day and calculated on the Calculation Day.

Given that the Sub-Funds are exposed to market fluctuations and the risks inherent to any investment, the value of the net assets (the "Net Assets") of the Sub-Funds will vary in consequence.

The Net Asset Value of each Class of Shares, calculated on each relevant Valuation Day, is expressed in its NAV Currency.

In each Sub-Fund, the Board of Directors may, but is not required to, issue more than one Class of Shares.

A Shareholder may be entitled, under certain conditions, to switch from one Class of Shares to another Class of Shares within the same or another Sub-Fund on any Valuation Day. The conversion of a Class of Shares into another Class of Shares is subject to certain restrictions, due to the specific features of the relevant Classes.

### 2.3 Valuation

The value of transferable equity securities which are quoted or dealt on a regulated stock exchange is based on their last reported sales prices, or if no sales are reported, based on quotes obtained from independent pricing vendors or broker dealers.

The value of transferable fixed income securities, money market instruments and any financial liquid assets and instrument for which market quotations are readily available are valued at prices as provided by independent pricing vendors or broker quotes.

Composite and modeled bank loan prices are provided daily by the Markit Group. In situations where there is no available vendor coverage from an independent third party pricing provider, the security price will be provided using a broker quote or derived from the benchmark pricing system. For a security priced using this system, a selected proxy comprised of a relevant security (i.e., U.S. Treasury Note) or benchmark (i.e., LIBOR) is combined with a multiplier, divisor or margin believed to best reflect changes in the market value of the security. The daily value of the security is based on changes to the market price of the assigned benchmark. Once each month, an independent review of prices produced by the benchmark system as well as a review of the benchmark selected to adjust the price is obtained from one or more dealers.

Interest rate swaps are fair valued using pricing models that are based on real-time intraday snap shots of relevant interest rate curves that are built using the most actively traded securities for a given maturity. The pricing models also incorporate cash and money market rates. In addition, market data pertaining to interest rate swaps are monitored regularly to ensure that interest rates are properly depicting the current market rate.

Credit default swaps are fair valued using pricing models that take into account, among other factors, information received from market makers and broker-dealers, default probabilities from index specific credit spread curves, recovery rates, and cash flows.

Total return swaps are fair valued using pricing models that take into account among other factors, index spread curves, nominal values, modified duration values and cash flows.

Transactions in foreign currencies are translated into the Base Currency of the Sub-Funds at exchange rates prevailing on the transaction dates.

Forward foreign exchange contracts are valued at the forward rate applicable at the Statement of Net Assets date for the period until maturity.

Foreign exchange Options, exchange traded options, futures and options on futures are valued at the settlement price determined by the relevant exchange.

### 2.4 Techniques and Instruments Relating to Transferable Securities

For the purpose of hedging and efficient portfolio management, the Sub-Funds may undertake transactions relating to financial futures, (i.e. interest rate, currency, stock index and futures on Transferable Securities), warrants and options contracts traded on a Regulated Market, transactions relating to OTC options with highly rated financial institutions specialising in this type of transaction and participating actively in the relevant OTC market. Sub-Funds which undertake such transactions will bear specific costs associated to this type of transaction.

### 2.5 Income

Interest on Bonds is accrued on a daily basis and is recorded in the "Statement of Operations and Changes in Net Assets" in the caption "Interest on Bonds". Dividends are credited to income on the date upon which the relevant securities are first listed as "ex-dividend". Bank interest is accrued on a daily basis.

### 2.6 TBA Commitments

The Sub-Funds may enter into "Mortgages to be announced" or "TBA" transactions which are commitments to purchase at a future date securities backed by new mortgage pools. TBA commitments are considered securities in themselves, and involve a risk of loss if the value of the security to be purchased or sold declines or increases prior to settlement date. Until delivery TBAs are technically accounted for as forward transactions. Unsettled TBA commitments are therefore valued at the current market value of the underlying securities, according to the procedures described in Note 2.3 under "Valuation" and are recorded under "Payable for securities purchased".

## Notes to the financial statements (continued)

At March 31, 2023, 4 Sub-Funds had unsettled TBA commitments. The current Market value are as follows:

TCW Funds - TCW Core Plus Bond Fund = USD 39 940 729

TCW Funds - TCW Unconstrained Bond Fund = USD 127 895 429

TCW Funds - TCW Income Fund = USD 10 706 672

TCW Funds - TCW Global Securitized Fund = USD 13 262 592

These TBA positions were 100% collateralized by cash or cash equivalents (Agency Discount Notes, T-Bills, CP, US Government securities maturing within 2 years) and did not create leverage for the Sub-Fund.

### 2.7 Swing Pricing

Since October 2017, a Swing Pricing policy has been implemented in the Fund.

Significant net inflows or outflows in a Sub-Fund cause the Investment Manager to trade the Sub-Funds' securities, thereby incurring trading costs.

With Swing Pricing, a Sub-Fund's Net Asset Value per class is adjusted to account for trading costs incurred where shareholders' subscriptions or redemptions activity exceeds a Sub-Fund's predetermined threshold. Swing Pricing is a mechanism of valuation which adjusts (swings) a Sub-Fund's Net Asset Value per class to account for these trading costs.

The aim is to protect the interests of non-dealing shareholders by ensuring the shareholders making significant subscriptions or redemptions contribute to the cost of their transactions.

Market conditions, trading costs and other Sub-Fund's data are used by the Management Company to determine which Sub-Fund's Net Asset Value per class may be affected by Swing Pricing, and the appropriate threshold and swing factor to be applied for each Sub-Fund. These are reviewed by the Board of Directors on a periodic basis.

The Swing Factor may not exceed 2% of Net Asset Value as outlined in the prospectus.

During the period, Swing Pricing adjustments were applicable on the Net Asset Value per unit of the following Sub-Funds:

TCW Funds - TCW Unconstrained Bond Fund

TCW Funds - TCW Income Fund

TCW Funds - TCW Emerging Markets Sustainable Income Fund

TCW Funds - TCW Emerging Markets Local Currency Income Fund

No Net Asset Values are swung as at March 31, 2023.

### 3 - Management, performance and service fees

a) The Investment Manager is entitled to receive, as remuneration for its service, a management fee and a service fee which are calculated as a percentage (as specified below) of the average of the Net Asset Value of each Class of Shares over the period.

The both fees are calculated and accrued on each Valuation Day and payable monthly in arrears to the Investment Manager. The Investment Management and Service fees annual rates applicable at March 31, 2023 are as follows :

|   | Class of shares | Management fees p.a. | Service fees p.a. |
|---|-----------------|----------------------|-------------------|
| TCW Funds - TCW Core Plus Bond Fund     | Class ACHC      | 0.80%                | 0.20%             |

### 7 - Taxation

In accordance with the legislation currently prevailing in Luxembourg, the Fund is not subject to any taxes on income or capital gains. The Fund is subject to a subscription tax *Taxe d'abonnement*, which amounts to an annual rate of 0.05% based on the Net Asset Value of each Sub-Fund at the end of each calendar quarter, calculated and paid quarterly. However, this tax is reduced to 0.01% for Net Asset Value related to units classes only aimed at eligible institutional shareholders and for Sub-Funds whose sole object is collective investment in money market instruments and in deposits with credit institutions.

Pursuant to Article 175 (a) of the amended law of 17 December 2010, the net asset invested in UCIs already subject to *Taxe d'abonnement* is exempted from this tax.

Interest and dividend income received by the Fund may be subject to non-recoverable withholding tax in the countries of origin.
