This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

PARETURN GLADWYNE ABSOLUTE CREDIT P-B (EUR) ISIN: LU1107506500

This Fund is managed by MDO Management Company S.A.

Objectives and Investment Policy

The objective of the Sub-Fund **PARETURN GLADWYNE ABSOLUTE CREDIT** is to provide investors with consistently attractive absolute and risk-adjusted returns primarily through making investments which the Delegate Manager believes will maximise reward whilst minimising risk of loss and which are intended to minimise correlations with equity and fixed income market indices.

It is expected that the Sub-Fund will invest primarily in securities across the capital structure of leveraged companies in Europe. Europe includes for this purpose: Austria, Belgium, Bosnia-Herzegovia, Bulgaria, Croatia, Czech Republic, Denmark, Estonia, Iceland, Ireland, Finland, France, Germany, Greece, Italy, Latvia, Lithuania, Netherlands, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey and the United Kingdom.

It is intended that the Delegate Manager will use this flexible mandate to opportunistically identify and capture attractive investment situations where it believes a mis-pricing of risk exists.

It is expected that construction of the Sub-Fund's portfolio will involve high-conviction investment themes through fundamental valuation and credit analysis rather than through statistically driven computer models.

It is intended that the Sub-Fund will focus on companies with credit risk throughout the distressed cycle, and investment ideas will be underpinned with scenario analysis. The investment in distressed securities will be limited to a maximum of 10% of the assets of the portfolio of the Sub-Fund.

The Sub-Fund may invest in a wide variety of eligible instruments, including, but not limited to bonds, convertible securities, credit derivatives, listed equities, and swaps. The Delegate Manager may express investment themes through capital structure arbitrage and relative value investing. At times when it is considered appropriate,

prudent levels of cash or cash equivalents will be maintained, which may be substantial or even 100% in exceptional circumstances.

The Sub-Fund may invest in other UCITS/UCIs. The investment in other UCITS/UCIs will be limited to a maximum of 10% of the assets of the portfolio of the Sub-Fund.

The Sub-Fund will purchase or sell investments that are exchange traded or quoted by broker/dealers and are meant to be relatively liquid and have readily available market value.

The investment holding period per position is expected to be between 3 months and 18 months, with an expected average holding period of less than one year (although investments may be held for shorter or longer periods if considered appropriate by the Delegate Manager). The Sub-Fund will not invest in asset backed securities or mortgage backed securities.

Reference currency of the Sub-Fund: EUR

Reference currency of the present share class: EUR

The Net Asset Value "NAV" of the Sub-Fund will be determined weekly, namely each Wednesday, (the "Valuation Day"). If this day is a bank holiday in Luxembourg and/or in the United States of America, the NAV will be dated on the next banking business day.

The subscription, redemption and conversion request of shares shall be closed at 4 p.m. (CET) on five Business Days immediately preceding the relevant Dealing Day.

The payment of subscriptions shall be made in the reference currency of the Sub-Fund within three Business Days following the relevant Dealing Day. The payment of redemption shall be made in the reference currency of the Sub-Fund within five Business Days following the relevant Dealing Day.

Risk and Reward Profile

This risk indicator is calculated using historical data, which cannot be used as a prediction for the future risk profile of the Sub-Fund. Therefore, the risk and reward category shown is not guaranteed to remain unchanged and the categorisation of the Sub-Fund may shift over time. Even if the Sub-Fund is in the lowest risk class you can lose money, as no investments are entirely risk free.

At this time, the level of the risk and reward profile is equal to 4 due to present profile of its investments.

The Risk and Reward Profile does not take into consideration the following risks, which can affect the Fund:

- **the credit risk** (which are linked to the debt securities the Sub-Fund invest in);

- **the operational risk** (which may occur due to technical issues for example natural disasters, misunderstandings and fraud);
- **the counterparty risk** (which may occur due to the fact that the Fund might have exposure through contract with third parties);
- **the liquidity risk** (which may occur due to the fact that the level of investments is made in financial instruments that could have a low level of liquidity in some extraordinary circumstances for example in the case of market crash and default of debt claims on issuers side).
