PineBridge USD Investment Grade Credit Fund (the "Sub-fund")

Unit Class Y (ISIN: IE00BD82R632), a sub-fund of PineBridge Global Funds

Management Company: PineBridge Investments Ireland Limited ("PBIL")

Objectives and Investment Policy

The Sub-Fund aims to grow the value of your investment over the long term by investing the majority of its assets in investment grade bonds issued in US dollars. The Sub-Fund intends to focus on investing in bonds issued by companies but will also be able to invest in bonds issued by governments and government bodies.

These bonds may pay fixed or variable rates of interest but the majority must have long-term credit ratings of at least BBB- or Baa3- from a rating agency such as Standard & Poor's, Moody's or Fitch.

The issuers of the bonds in which the Sub-Fund invests may be located mainly in the United States and also elsewhere in the world with up to 10% in Emerging Markets.

The Sub-Fund seeks to promote environmental and social characteristics and incorporates sustainability risk-related factors into the investment process.

The Sub-Fund is actively managed, in reference to a benchmark. Many of the securities in the Sub-Fund may also be represented in the benchmark because the Investment Manager uses it as a basis for portfolio construction, but the Investment Manager has some discretion to deviate from the Benchmark composition and risk characteristics within certain risk parameters. Examples of this are being aware of and constraining differences in sector, country or constituent weightings between Sub-Fund and Benchmark. These

constraints will vary over time and are subject to change. The Investment Manager does not target a specific tracking error for the Sub-Fund but historically, tracking errors have ranged from 1-4%. This is subject to change at all times. Though the Sub-Fund may share some composition and risk characteristics with the Sub-Fund's benchmark, the Investment Manager's discretion may result in performance that differs from the Sub-Fund's benchmark.

Distribution Policy

This Unit Class seeks to pay out stable distributions consisting of income, gains and, potentially, capital. Distributions from capital may amount to a re-payment out of your original investment. Over time this could lead to the reduction or complete exhaustion of your holdings in the Unit Class. You may elect to receive payments of or reinvest distributions from your units.

Subscription and Redemption

The Unit Class of the Sub-Fund may be redeemed on demand on any dealing day. A dealing day is any day on which banks in Ireland and also New York are open for business.

The price you pay or receive depends on the net asset value per unit on the dealing day when the unit is bought or sold.
