## GLOBAL MULTI ASSET INCOME, a compartment of GENERALI INVESTMENTS SICAV

Class: E, Share: X (Accumulation) ISIN: LU1357655890

This SICAV is managed by Generali Investments Luxembourg S.A.

### Objectives and Investment Policy

The objective of this Fund is to achieve long-term capital appreciation and generate a stable level of income, by allocating globally across different assets classes with attractive yields.

The Fund seeks to achieve its objective by investing at least 70% of its net assets in a flexible allocation to different assets classes including, but not limited to, equity, government bonds and corporate bonds, money market Instruments, globally as well as in time deposits.

The allocation between the above asset classes is mostly determined on the basis of macro-economic analyses, quantitative models and risk indicators.

In particular, the Fund shall invest in instruments such as, but not limited to, equities and equity-linked securities, real estate investment trusts ("REITs"), debt instruments of any kind, UCITS, UCIs, derivative instruments such as, but not limited to, index or single name futures, dividend futures, total return swaps ("TRS"), credit default swaps ("CDS") and equity options.

The Fund exposure to Sub-Investment Grade Credit Rating securities (being securities with credit rating below BBB- for Standard & Poors or below Baa3 for Moody's or below BBB- for Fitch or an equivalent credit rating by a recognised credit rating agency or an equivalent credit rating as deemed by the Investment Manager) may not exceed 50% of its net asset.

Investment in contingent convertible bonds ("CoCos") is allowed up to 10% of the Fund's net assets.

For investment, diversification purposes and/or to hedge against inflation, the Fund may invest up to 10% of its net assets in derivatives based on eligible financial indices on commodities and other eligible UCITS, UCIs and/or ETC, which provide exposure to commodities.

The Fund is actively managed without reference to a benchmark.

The Fund may use financial instruments and derivatives for hedging purposes, for efficient portfolio management purposes and for investment purposes. The Fund may also use TRS (and other FDI with the same characteristics) and securities lending techniques for the achievement of its investment objective.

The Fund may use financial instruments and derivatives for hedging purposes and for efficient portfolio management purposes. The Fund may also use TRS (and other FDI with the same characteristics), repo/ reverse repo and securities lending techniques for the achievement of its investment objective.

### Risk and Reward Profile

This indicator represents the annual historical volatility of the Fund over a 5-year period. Its aim is to help investors understand the uncertainties attached to gains and losses that may have an impact on their investment.

The Fund's diversified exposure to equity markets and to interest rate risk explains its classification in this category.

Historical data such as that used to calculate the synthetic indicator cannot be considered as a reliable indication of the Fund's future risk profile.

The risk category associated with the Fund is not guaranteed and may change over time. The lowest risk category does not mean "risk free". Your initial investment is not guaranteed.

Significant risk(s) for the Fund not taken into account in this indicator include the following:

**Credit Risk:** The Fund invests a substantial portion of its assets in bonds. The issuers may become insolvent, whereby the bonds may lose a major part of their value or their value entirely.

**Liquidity Risk:** Risk related to a limited market activity that could not allow the Fund to sell or buy underlying investments in suitable conditions.

**Counterparty Risk:** The Fund primarily concludes derivatives trades with various contracting parties. There is a risk that counterparties may no longer be able to honour their payment or settlement obligations.

**Operational Risk and Depositary Risk:** The Fund may fall victim to fraud or other criminal acts. It may also incur losses due to misunderstandings or errors by employees of the management company, the depositary or external third parties. Finally, its' management or the custody of its' assets can be adversely affected by external events such as fires, natural disasters etc.

**Capital erosion risk:** The Fund takes its dividends from the income of the Fund in the first instance. In the event there is insufficient income, dividends may be paid from the capital of the Fund, it will result in capital erosion and may constrain further capital growth.

**Specific Securities-Related Risk:** The Fund may invest in Contingent Convertible securities, subject to the risks associated with both fixed-income securities and equities and volatility risk and in securities rated below investment grade, which present greater risk of loss to principal and interest than higher-quality securities.

For more information about the risks of the Fund, please refer to the risk section of the prospectus.
