1 2 3 **4** 5 6 7

 - **On this class Bcl-EUR share of Helium Selection, the Risk indicator of 4 is an estimation based on the historical back-test of the strategies.**
 - This indicator is based on historical data and may not be a reliable indication of the future risk profile of the fund.
 - The risk category shown is not a target or a guarantee and may change over time.
 - The lowest category does not mean risk free.
 - The Sub-Fund presents a relatively defensive profile in line with its targets and its investment policy which privileges absolute performance associated with a relatively moderate volatility level. Therefore its ranking is 4 on the synthetic risk & reward indicator scale.

➤ Major risks for the Sub-Fund not included in the indicator are:

Counterparty risk: this is the risk of default of a market participant preventing it from honoring its commitments in respect of the Fund's portfolio.

Operational risk: this is the risk of default or error within the different service providers involved in managing and valuing the Fund's portfolio.

Credit risk: this is the risk of sudden deterioration in the creditworthiness of an issuer or that of its default.

➤ The occurrence of any of these risks may lower the net asset value of the Sub-Fund's portfolio.

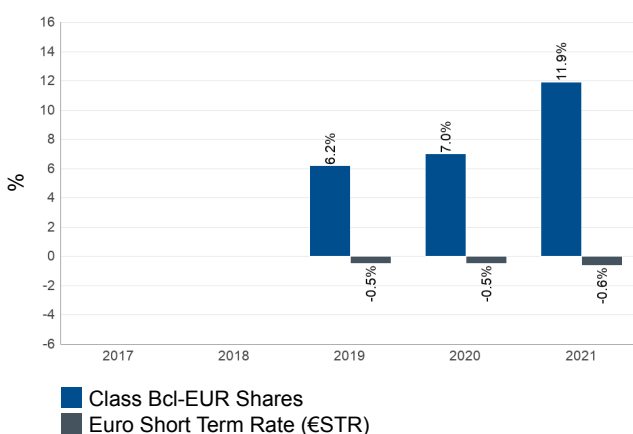

Charges

The charges you pay are used to pay the costs of running the Sub-Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest	
Entry charge	2.00%
