RATINGS

Key Risks Continued: Currency Risk: The Fund invests in other currencies. Changes in exchange rates will therefore affect the value of the investment. The value of equities and equity-related securities can be affected by daily stock market movements. Other influential factors include political, economic news, company earnings and significant corporate events. Derivatives are highly sensitive to changes in the value of the asset on which they are based and can increase the size of losses and gains, resulting in greater fluctuations in the value of the Fund. The impact to the Fund can be greater where derivatives are used in an extensive or complex way.
