### SIGMA INVESTMENT HOUSE FCP – Flexible Fixed Income USD – Class A INTENDED FOR RETAIL INVESTORS (ISIN: LU1697013008)

#### a sub-fund of SIGMA INVESTMENT HOUSE FCP

This fund is managed by Andbank Asset Management Luxembourg

#### Objectives and investment policy

- The objective of the Sub-Fund is to seek medium-term capital appreciation in USD through a broad range of fixed income investments.
- The investment strategy of the Sub-Fund is to invest in a broad range of asset classes such as but not limited to fixed income, money market instruments, cash and cash equivalents. The Sub-Fund will actively invest in unconstrained and dynamic asset allocation to seek opportunity in the global changes of interest rates and credit spreads.
- Specifically the fund will invest in corporate and government debt securities and debt-related securities such as bonds, certificates, convertible bonds and commercial papers including, but not limited to, US treasury debt securities or notes, sovereign government and supranational bonds and emerging markets securities. The Sub-Fund may also invest a portion in contingent convertibles. The Sub-Fund shall not invest in asset back securities or mortgage back securities.
- The Sub-Fund will invest in securities rated B or above, at time of investment and with short to medium duration, without constraint of market capitalization or geographical allocation, but more particularly in OECD countries. The Sub-Fund may invest a minimum portion in the Chinese bond market by holding securities issued by government or companies domiciled in, or with main activities, within the Peoples Republic of China, Hong Kong and Macao. Investing in China is a fairly new trading program, the relevant regulations are untested and can be subject to change. For more information refer to the section County Risk - China in the Special Risk Considerations chapter of this document.
- The Sub-Fund shall not invest more than 10% of its assets in units of UCITS or other UCIs.
- The Sub-Fund is actively managed without reference to a benchmark.
- Unitholders may redeem units on demand, on a daily basis.
- Notwithstanding the above provision, and if justified by exceptional market conditions, the Sub-Fund may temporarily invest exclusively its net assets in cash and cash equivalents, term deposits, debt securities and money market instruments dealt in on a Regulated Market and whose maturity does not exceed 12 months, monetary UCITS and UCIs.
- The Sub-Fund may use financial derivative instruments for both hedging and/or investment purposes.
- The Sub-Fund will not borrow money to increase its exposure to the markets.
- Non-distributing units: any income generated by the Sub-Fund is reinvested.
- This financial product does not promote environmental or social characteristics and does not have as its objective a sustainable objective.
- The investments underlying this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

#### Risk and reward profile

- Historical data used may not be a reliable indication of the future risk profile of the Sub-Fund.
- This category is not guaranteed to remain unchanged and may shift over time.
- The lowest class does not mean that the investment is risk free.
- This fund was categorised in risk class 3 because, in accordance with the investment policy, the value of the investments may fluctuate slightly. Consequently, both the expected return and the potential risk of loss may be moderate. This indicator is based on the historical weekly volatility of Euro Overnight Index Average over the past 5 years and places the Sub-Fund in this category.

#### The Sub-Fund is subject to the following risks:

- **Credit risk:** the fund invests in securities which are exposed to the risk that the issuer will be unable to meet its repayment obligations.

The credit rating and risks associated with such securities can change over time and therefore affect the value of the investments.

- **Liquidity risk:** Securities may become less liquid during extreme market conditions and it may be difficult for unitholders to get redemption proceeds in a timely manner.
- **Counterparty risk:** Risk that the counterparty to mutually agreed contracts does not meet its obligations.
- **Operational risk:** Risk of material loss resulting from human error, technical faults, inappropriate procedures or controlling.
- **Use of derivatives:** The Sub-Fund invests in derivatives for hedging and other investment purposes, increasing or reducing exposure to underlying assets.
- **Currency risk:** Investments in securities denominated in currencies other than the Sub-Fund's Base Currency may be subject to adverse fluctuation in currency exchange rates.
- **Market risk:** The value of assets in the portfolio is typically dictated by a number of factors, including the confidence levels of the market in which they are traded.
- **Sustainability risks:** Risk of the occurrence of an environmental, social or governance event or condition that could cause an actual or a potential material negative impact on the value of the investment.
