This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

FIDELITY WORLD FUND,
a compartment of GENERALI SMART FUNDS
Class: I EUR, Share: X (Accumulation) ISIN: LU1718712042
This SICAV is managed by Generali Investments Luxembourg S.A.

Objectives and Investment Policy

The Fund aims to deliver long-term capital growth from a diversified and actively managed portfolio of equity securities or equity-related instruments invested across the world's economies, sectors and industries, with a medium-high tolerance to risk.

The Fund invests essentially in a diversified portfolio of the equity securities or equity-related instruments of companies worldwide. The Fund may gain exposure to equities, either by investing in them directly, or by using financial derivative instruments.

The Investment Manager is not restricted in its choice of companies either by region, industry or size, and will select equity securities primarily based on the availability of attractive investment opportunities.

The Fund may invest in China A shares via Stock Connect.

Up to 30% of the Fund's net assets may be exposed to debt securities and Money Market Instruments, with Money Market Instruments not being subject to the ESG selection.

The Fund may use financial instruments and derivatives for hedging purposes, for efficient portfolio management purposes and for investment purposes.

The Fund is open-ended. You may redeem shares of the Fund on any Luxembourg business day.

The Share Class makes no dividend payment.

The Fund is actively managed and references the MSCI World Index benchmark for comparative purposes only.

Other information:

The Fund promotes certain ESG characteristics pursuant to article 8 of Regulation 2019/2088 (SFDR) although the Fund does not itself have a sustainable investment as its objective. Environmental, social and governance (ESG) criteria contribute to, but are not a determining factor in, the manager's decision making.

Risk and Reward Profile

This indicator represents the annual historical volatility of the Fund over a 5-year period. Its aim is to help investors understand the uncertainties attached to gains and losses that may have an impact on their investment.

The Fund's exposure to interest rate risk explains its classification in this category.

Historical data such as that used to calculate the synthetic indicator cannot be considered as a reliable indication of the Fund's future risk profile.

The risk category associated with the Fund is not guaranteed and may change over time. The lowest risk category does not mean "risk free". Your initial investment is not guaranteed.

Significant risk(s) for the Fund not taken into account in this indicator include the following:

Credit Risk: The Fund invests a substantial portion of its assets in bonds. The issuers may become insolvent, whereby the bonds may lose a major part of their value or their value entirely.

Counterparty Risk: The Fund primarily concludes derivatives trades with various contracting parties. There is a risk that counterparties may no longer be able to honour their payment or settlement obligations.

Operational Risk and Depositary Risk: The Fund may fall victim to fraud or other criminal acts. It may also incur losses due to misunderstandings or errors by employees of the management company, the depositary or external third parties. Finally, its' management or the custody of its' assets can be adversely affected by external events such as fires, natural disasters etc.

For more information about the risks of the Fund, please refer to the risk section of the prospectus.
