INVESTMENT OBJECTIVE

To provide similar performance and levels of volatility as the Benchmark (detailed below) over the medium to long-term before fees and expenses.

PERFORMANCE BENCHMARK

The Fund will measure its performance against the Bloomberg US Corporate High Yield TR Index (the "Benchmark"). The Investment Manager will use the Benchmark to construct the investment universe. The Fund is actively managed and does not seek to replicate the full constituents of the Benchmark. The Investment Manager has limited discretion to invest outside the Benchmark subject to the investment objective and policies disclosed in the Prospectus. The majority of the Fund's holdings will be constituents of the Benchmark and as a result the Fund will be similar in its currency and sector exposures as well as the maturity and credit quality profile. The investment strategy restricts the extent to which the portfolio holdings may deviate from the Benchmark and consequently the extent to which it can outperform the Benchmark. The investment strategy provides similar volatility to the benchmark over the medium to long term.
