

## Key investor information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

## DWS Invest Climate Tech, a sub-fund of the SICAV DWS Invest

Share class XC Security code: DWS2XH ISIN: LU1863261993

Management Company: DWS Investment S.A., a member of the DWS Group.

## Objectives and investment policy

The objective of the investment policy is to achieve an above average appreciation of capital. In order to achieve this, the fund invests primarily in equities, stock certificates, participation and dividend right certificates, convertible bonds and equity warrants issued by companies that are primarily active in business areas suited to restricting or reducing climate change, specifically companies offering products, services and solutions helping to lower emissions by generating clean energy, transmit energy efficiently or increase energy efficiency, but also companies that are active in climate change impact management across areas like health, water, agriculture or disaster prevention/recovery. The selection of individual investments is at the discretion of the fund management. The currency of the sub-fund is EUR, the currency of the share class is EUR. Returns and gains are not distributed but are reinvested in the fund. You may request the redemption of shares on each valuation day. The redemption may only be suspended in exceptional cases taking into account your interests as an investor.

## Risk and reward profile

The calculation of the risk and reward profile is based on simulated data that cannot be used as a reliable indicator for the future risk profile. This risk indicator is subject to changes; the classification of the fund may change over time and cannot be guaranteed. Even a fund that is classified in the lowest category (category 1) does not represent a completely risk-free investment. The fund is classified in category 5 because its share price fluctuates comparatively strongly and the likelihood of both losses and gains is therefore relatively high. The following risks could be of particular significance for the fund. These risks can impair the performance of the fund and thus impact negatively on the net asset value per unit and on the capital invested by the investor. The unit value may at any time fall below the purchase price paid by the client.

The fund invests in equities. Equities are subject to strong price fluctuations and thus also to the risk of price decreases. A more detailed description of risks and other general information can be found under "Risk warnings" in the sales prospectus.

## Charges

The costs and fees borne by you are used for the management, administration and custody of the fund, as well as for its distribution and marketing. These costs restrict the potential growth of your investment.

One-off charges taken before or after you invest	
<b>Entry charge</b>	No initial sales charge
<b>Exit charge</b>	No redemption fee
Charges taken from the fund over a year	
<b>Ongoing charge</b>	0,45 %
Charges taken from the fund under certain specific conditions	
<b>Performance fee</b>	None

The current costs shown here are a cost estimate. The current costs do not include the performance-based fee and the transaction costs. Additional information on costs can be found under "Costs" in the sales prospectus. Shares may in many cases be exchanged for shares in another asset class of the same or another DWS Invest SICAV sub-fund subject to various conditions. Details can be found in the "Exchange of shares" section of the sales prospectus.

## Past performance

There is not yet sufficient data available to provide you with useful information regarding earlier performance. The XC share class of DWS Invest Climate Tech was launched in 2018.

## Practical information

The custodian is State Street Bank Luxembourg S.C.A., Luxembourg. The sales prospectus, annual report and semiannual report are available in the language of this document or in German from DWS Invest SICAV and may be requested free of charge.
