Directors' Report

To our shareholders,

The Board of Directors of the Fund has the pleasure of presenting the semi-annual report, including the financial statements of Kempen International Funds SICAV (the "Fund" or "KIF"). The report runs from 1 October 2020 to 31 March 2021.

COVID-19

Beginning in January 2020, the global financial markets have experienced and may continue to experience significant volatility resulting from the spread of a novel coronavirus known as COVID-19. The outbreak of COVID-19 has resulted in travel and border restrictions, quarantines, supply chain disruptions, lower consumer demand and general market uncertainty. The effects of COVID-19 have and may continue to adversely affect the global economy, the economies of certain nations and individual issuers, all of which may negatively impact the Fund's performance.

Activities and outlook

The Fund currently comprises twelve Sub-Funds, including two diversified European equity Sub-Funds, six Global equity Sub-Funds and four European credit bond Sub-Funds.

As at 31 March 2021, the total Assets under Management of the Fund has increased to a total of € 4,816,392,681.

Corporate Governance statement

The Board of Directors of the Fund confirms the Fund's adherence to the ALFI Code of Conduct for Luxembourg Investment Funds, as published in July 2013.

2. Summary of significant accounting policies

Presentation of Financial Statements

The Financial Statements are prepared in accordance with Luxembourg legal and regulatory requirements relating to undertakings for collective investment and generally accepted accounting principles in the Grand Duchy of Luxembourg.

Combined Financial Statements

The Combined Financial Statements are expressed in Euro and correspond to the sum of items in the financial statements of each Sub-Fund, converted into Euro at the exchange rate prevailing at the closing date.

Valuation of Assets

The value of any cash on hand or on deposit, bills, demand notes, accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received shall be deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full in which case the value thereof shall be arrived at after making such discount as the Board of Directors of the Fund may consider appropriate in such case to reflect the true value thereof.

The value of securities and/or financial derivative instruments which are quoted or dealt in on any regulated market or in another regulated market is based on the last closing price available at the applicable valuation point as described for each Sub-Fund in the last prospectus approved by CSSF. All Sub-Funds are valued based on closing price as of 31 March 2021. The value is obtained on the principal market on which such securities and/or financial derivatives are traded.

In the event that any of the securities held in the Sub-Fund's portfolio on the relevant day are not quoted or dealt in on any Regulated Market or other regulated market or if, with respect to securities quoted or dealt in on any Regulated Market or dealt in another regulated market, the price as determined as above is not representative of the fair market value of the relevant securities, the value of such securities is determined based on the reasonably foreseeable sales price determined prudently and in good faith under the responsibility of the Board of Directors of the Fund.

Shares or units in open-ended investment funds shall be valued at their last available calculated net asset value.

Financial derivative instruments which are not listed on any Regulated Market or traded on any other regulated market are subject to reliable and verifiable valuation on a daily basis in accordance with market practice.

The swap transactions will be consistently valued based on a calculation of the net present value of their expected cash flow.

Unrealised gains or losses on outstanding forward currency exchange contracts are valued on the basis of currency exchange rates prevailing at the relevant valuation date. The changes in such amounts are included in Statement of operations. Unrealised gains or losses are recorded under in the Statement of net assets.

Regulated financial futures contracts are valued at the exchange quoted settlement price. Initial margin deposits are made upon entering into the contracts and can be either in cash or securities. During the period the contracts are open, changes in the value of the contracts are recognised as unrealised gains and losses by “marking-to-market” to reflect the market value of the contracts at the end of each business day’s trading. Variation margin payments are made or received, depending upon whether losses or gains are incurred. The frequency of those margin payments may differ depending on where the contract is traded. When a contract is closed Sub-Fund records a realised gain or loss equal to the difference between the proceeds from, or cost of, the closing transaction and the initial cost of the contract recorded in Statement of operations. Unrealised gains or losses are recorded under in the Statement of net assets.

Options purchased are recorded as investments; options written or sold are recorded as liabilities. When the exercise of an option results in a cash settlement, the difference between the premium and the settlement proceeds is accounted for as a realised gain or loss. When securities are acquired or delivered upon exercise of an option, the acquisition cost or sale proceeds are adjusted by the amount of the premium. When an option is closed, the difference between the premium and the cost to close the position is accounted for as a realised gain or loss. When an option expires, the premium is accounted for as a realised gain for options written or as a realised loss for options purchased. The market values are recorded in the Statement of net assets.

A credit default swap is a credit derivative transaction in which two parties enter into an agreement, whereby one party pays the other a fixed periodic coupon for the specified life of the agreement. The other party makes no payments unless a credit event, relating to a predetermined reference asset, occurs. If such an event occurs, the party will then make a payment to the first party, and the swap will terminate. The value of the underlying securities shall be taken into account for the calculation of the investment and borrowing powers applicable to individual issuers. Net unrealised gains or losses on outstanding credit default swap are recorded in the Statement of net assets. When a contract is closed, the realised gains or losses are recorded in the Statement of operations.

[Shares to issue / Shares to Redeem](#)

Subscriptions for Shares in each Sub-Fund can be made on any Business Day (a day on which banks are open for business in Luxembourg). Applications for subscriptions are normally satisfied on a Valuation Day (day on which the Net Asset Value is calculated), provided that the application is received at the office of the Central Administrative Agent prior to 1.00 p.m. (Luxembourg time) on the Business Day preceding such Valuation Day for all Sub-Funds, except for Kempen (Lux) Global High Dividend Fund, Kempen (Lux) European High Dividend Fund, Kempen (Lux) Global Property Fund, Kempen (Lux) Sustainable European Small-cap Fund and Kempen (Lux) Global Small-cap Fund. For these Sub-Funds the cut-off time is 4.00 p.m. (Luxembourg time) on the Business Day preceding such Valuation Day.

Redemptions are effected at the net asset value per Share of the relevant class determined on the Valuation Day provided that the request for redemption has been accepted prior to 1.00 p.m. (Luxembourg time) on the Business Day preceding such Valuation Day for all Sub-Funds, except for Kempen (Lux) Global High Dividend Fund, Kempen (Lux) European High Dividend Fund, Kempen (Lux) Global Property Fund, Kempen (Lux) Sustainable European Small-cap Fund and Kempen (Lux) Global Small-cap Fund. For these Sub-Funds the cut-off time is 4.00 p.m. (Luxembourg time) on the immediately preceding Business Day at the office of the Central Administrative Agent.

Foreign currencies

The books and records of each Sub-Fund are denominated in Euro ("€"), the base currency of the Fund. The value of all assets and liabilities not expressed in the reference currency of a Sub-Fund is converted into the reference currency of such Sub-Fund at the rate of exchange determined on the relevant Valuation Day in good faith by or under procedures established by the Board of Directors of the Fund.

Bank accounts, market value of the investment portfolio and other net assets in currencies other than the EUR are translated into EUR at the applicable exchange rate at the period-end. Income and expenses in currencies other than EUR will be translated into EUR at the applicable exchange rates prevailing at the transaction date.

The exchange rates applied as at period-end were as follows:

1	EUR =	AUD	1.5431	1	EUR =	MXN	24.0472
1	EUR =	BRL	6.6322	1	EUR =	MYR	4.8734
1	EUR =	CAD	1.4772	1	EUR =	NOK	10.0328
1	EUR =	CHF	1.1061	1	EUR =	NZD	1.6782
1	EUR =	CZK	26.1200	1	EUR =	PHP	57.0461
1	EUR =	DKK	7.4372	1	EUR =	SEK	10.2443
1	EUR =	GBP	0.8519	1	EUR =	SGD	1.5791
1	EUR =	HKD	9.1373	1	EUR =	THB	36.7281
1	EUR =	ILS	3.9193	1	EUR =	TWD	33.5348
1	EUR =	JPY	129.8707	1	EUR =	USD	1.1753
1	EUR =	KRW	1,330.1458	1	EUR =	ZAR	17.3548

Net realised gains and losses on foreign exchange represent: (i) foreign exchange gains and losses from the holding and sale of foreign currencies, (ii) gains and losses between trade date and settlement date on forward exchange contracts transactions, and (iii) gains and losses arising from the difference between amounts of dividends and interest recorded and the amounts actually received.

The resulting gains and losses on translation are included in "Realised gain/(loss) on foreign exchange" in the Statement of operations.

Swing Pricing

Investment and/or disinvestment costs may have an adverse effect on the shareholders' interests in a Sub-Fund. In order to prevent this effect called "dilution" the Board of Directors has the authority to allow for the net asset value per Share to be adjusted (by no more than 1.50%) by effective dealing, other costs and fiscal charges, which would be payable on the effective acquisition or disposal of assets in the relevant Sub-Fund.

If the net capital activity on a given Valuation Day leads to a net inflow or to a net outflow of assets in the relevant Sub-Fund the net asset value used to process all subscriptions, redemptions or conversions in such a Sub-Fund is adjusted upwards or downwards by the swing factor. The swing factor is reviewed at least once every year, and the review process takes into consideration the following cost factors:

- ✗ Commission cost (for equity funds);
- ✗ Spread cost (for fixed income/credit funds);
- ✗ Financial transaction tax (where applicable);
- ✗ Transaction fee of custodian;
- ✗ Market impact; and
- ✗ Trading cost for foreign exchange trades (where relevant).

As at 31 March 2021 swing pricing was applied on the NAV per share of the following Sub-Funds:

Net realized Gain/(Loss) on sales of investments

Investments in securities are accounted for on a trade date basis. The net realized gain or loss on sales of investments is determined on the basis of the average cost of investments sold.

Revenue recognition

Dividends, net of any unrecoverable withholding taxes, are taken into income on the date upon which the relevant securities are first listed as "ex-dividend". Interest income is accrued on a daily basis.

3. Management and fund charges

A. Investment Management fee

The Fund pays to the relevant Management Company an investment management fee calculated as a percentage of the net assets of the relevant Sub-Fund. Such fee is calculated and accrued daily and is paid monthly in arrears to the Management Company by the Fund.

The maximum percentages per Sub-Fund are disclosed in the Appendix of the Prospectus. For the actual percentages please refer to the website of the Management Company.

B. Service fee

The Fund pays a service fee to the Management Company calculated as a fixed percentage of the net assets of the relevant Sub-Fund as specified in the relevant Appendix of Prospectus of the relevant Sub-Fund. The actual percentages per Sub-Fund are disclosed in the Appendix of the Prospectus.

The Management Company will bear the excess of any such fees above the rate specified for each Class of Shares in the Appendix of the relevant Sub-Fund. Conversely, the Management Company will be entitled to retain any amount by which the rate of these fees to be borne by the Classes of Shares, as set out in the Appendix, exceeds the actual expenses incurred by the relevant Class of the relevant Sub-Fund.

The service fee covers the custodian and administration agent fees, fees and out-of-pocket expenses of the Board of Directors of the Fund, legal and auditing fees, publishing, translation and printing expenses, costs and expenses for the compilation and the calculation of indices whose performance is tracked by a Sub-Fund, the cost of preparing the explanatory memoranda, financial statements and other documents for the shareholders, postage, telephone and telex, advertising expenses, as well as notification expenses and the costs of the preparation of the Prospectus and of the Key Investor Information Documents and any additional registration fees.

Such fees do not include normal banking and brokerage fees and commissions on transactions relating to the assets and liabilities of the Fund as well as interest and bank charges and extraordinary expenses, including but not limited to, litigation expenses and the full amount of any tax, levy, duty or similar charge imposed on the Fund or their assets that would not be considered as ordinary expenses. The amounts effectively paid will be shown under "Other expenses" in the Statement of operations and changes in net assets.

C. Formation expenses

The expenses of establishing the Fund amounting to approximately €150,000 were written off over the period from 2009 to 2014. Charges relating to the creation of any new Sub-Fund are amortised in that Sub-Fund's accounts over a period not exceeding five years following the relevant new Sub-Fund's launch date. Any newly created Sub-Fund will not bear any pro rata share of the costs and expenses incurred in connection with either the formation of the Fund or the launch of any other Sub-Funds.

D. Soft dollar arrangement

A 'soft dollar arrangement' applies when a (financial) service provider offers services and products (such as research and information services) to an asset manager in exchange for executing certain securities transactions. Kempen Capital Management N.V. receives research reports from financial service providers that carry out securities transactions on its behalf which implies that a soft dollar arrangement applies between the two sides. The Board of Directors considers that these arrangements do not affect the principle of "best execution" applied to portfolio transactions in the Fund.

4. Taxation

Under current law and practice, the Fund is not liable to any Luxembourg income tax or capital gains tax, nor are dividends paid by the Fund liable to any Luxembourg withholding tax.

However, Class A, Class AN, Class AND, Class B, Class BN, and Class LR Shares are liable in Luxembourg to a “taxe d’abonnement” of 0.05% per annum of its net assets. Such tax is payable quarterly and calculated on the total net asset value of each Class at the end of the relevant quarter. Class I, Class I (GBP), Class ID, Class J, Class J (GBP), Class LI and Class Z Shares are liable in Luxembourg to a “taxe d’abonnement” of 0.01% per annum of their net assets. Such tax is payable quarterly and calculated on the total net asset value of each Class at the end of the relevant quarter.

The “taxe d’abonnement” is not applicable in respect of assets invested (if any) in Luxembourg Undertakings for collective investment, which are themselves subject to such tax. No stamp duty or other tax is payable in Luxembourg on the issue of Shares in the Fund except a tax payable once only of EUR 1,250 which was paid upon incorporation.

Kempen (Lux) European High Dividend Fund and Kempen (Lux) Sustainable European Small-cap Fund are eligible to the French Plan d’Epargne d’Actions (PEA) tax wrapper. As such, these Sub-Funds must invest at least 75% of their net assets in PEA eligible assets, i.e., securities issued in the EU, Norway and Iceland. As at 31 March 2021 Kempen (Lux) European High Dividend Fund and Kempen (Lux) Sustainable European Small-cap Fund invested respectively 86.37% and 94.72% of the net assets in PEA eligible assets.

5. Future contracts, options, swaps and forwards contracts

The Sub-Funds may use options, futures contracts, swaps and forwards contracts on securities, indices, volatility, inflation and interest rates for hedging and investment purposes. Transactions in options, futures contracts, swaps and forwards may carry a high degree of risk. The amount of the initial margin is small relative to the value of the contract so that transactions are “leveraged” or “geared”. A relatively small market movement will have a proportionately larger impact which may work for or against the Sub-Fund. The placing of certain orders which are intended to limit losses to certain amounts may not be effective because market conditions may make it impossible to execute such orders.

The unrealised gain or loss on derivative contracts is shown in the Statement of net assets of the respective Sub-Funds.

Kempen (Lux) Euro Credit Fund and Kempen (Lux) Euro Credit Fund Plus invest in debt securities and offer Duration Hedged Share Classes. The intention for such Classes of Shares is to limit the impact of interest rate movements by hedging the interest rate risk of the net assets of such a Class of Shares to target duration of no more than six months. Such hedging is intended to be carried out through the use of financial derivative instruments, typically interest rate futures.
