Risk warnings

- Equity markets are subject to many factors, including economic conditions, government regulations, market sentiment, local and international political events, and environmental and technological issues that may impact return and volatility. There is a risk that an investment will decline in value.
- There are specific risks associated with investments in emerging markets, including legal, political and fiscal instability, settlement, liquidity, currency, accounting standards and custodial risk
- There may be corporate governance and investor protection issues associated with Russian investments.
- The fund may invest in China A shares through Stock Connect. Such investments in securities from the People's Republic of China via the Stock Connect programmes may be more susceptible to certain additional risks including, local trading and quota limitations, delays in executing trades due to differences in trading day, suspension of Stock Exchange trading, failure or delay in clearing and settlement, beneficial ownership risk, non-protection by any investor compensation schemes.
- The value of an investment may fluctuate due to changes in exchange rates between currencies or the possible imposition of exchange control regulations.
- The Fund's investments may be in currencies other than US Dollars. The value of an investment may fluctuate due to changes in exchange rates between currencies or the possible imposition of exchange control regulations.
- This unit class is unhedged. Unhedged unit classes are exposed to greater risk and volatility.

Performance note

Index disclosure: The Fund is actively managed and aims to outperform the MSCI Emerging Markets NTR Index (the "Index"). The portfolio manager may reference the Index as part of the investment management process, and it is also considered as part of the investment risk monitoring process. However, the portfolio manager maintains full discretion to select investments for the Fund in line with the above investment policy.

This document presents the performance of this particular unit class of the Fund from the date of inception of the unit class in its unit class currency, as specified on the front page. Performance since inception date of the Fund, which precedes the inception date of the unit class, is available upon request. Prior to 31st December 2018, the data performance calculations reflect the month-end market close prices of the Fund's assets. After 1 January 2019, the performance data shown is based upon the Fund's Net Asset Value (NAV) prices of the last Irish business day of the month. For Funds not open for dealing on this day this will be an indicative NAV. As a result, it is possible that the stated performance and the actual investment returns available to investors will differ. The performance information from 15 April 2013 reflects performance of the I class accumulation units in the PGIF Origin Global Emerging Markets Fund (PGIF Fund). Performance prior to this date is the gross performance of the Origin Global Emerging Markets Fund (Origin Fund) less the fees and charges which would reasonably have been expected to be charged to the PGIF Fund over that period. The assets of the Origin Fund became the assets of the PGIF Fund pursuant to a scheme of amalgamation on 15 April 2013. The PGIF Fund has the same Investment Objective as the Origin Fund, and is sub-advised by Origin Asset Management, the investment manager of the Origin Fund, which continues to apply the same investment strategy as prior to the transfer. The performance data shown is net of fees and other charges but excludes any potential entry/exit charges – as such the returns an investor receives may be lower.

Disclosure

Principal Global Investors ("PGI") is the asset management arm of the Principal Financial Group, and includes (amongst other entities): Principal Global Investors LLC ("PGI LLC"), Principal Global Investors (Europe) Limited ("PGIE") and any Sub-Investment Managers to the Fund. PGIE has been appointed as Distributor for the Fund and has identified that the Fund is compatible with the needs, characteristics and objectives of both institutional and retail investors. Please note however that PGI does not distribute directly to retail investors who should seek independent investment advice before deciding whether the fund in question is suitable to meet their investment needs and objectives.

Full details of the risks associated with investing in the Fund are detailed in the Fund Prospectus, Supplement and Key Investor Information Document ("KIID"). All fees and charges related to the Fund may not be contained within this document. Information regarding the costs and charges associated with the Fund is provided in the MiFID II ex-ante disclosure. These documents are available on our website at PrincipalAM.com and you are advised to read them before investing so you can make an informed decision about whether to invest. Any person selling or advising you about the Fund may charge you additional costs and you should request information about those costs and charges from that person.

This document is intended for information purposes only. It is not an offer or a solicitation to anyone to subscribe for units in the Fund. It should not be construed as investment advice.
