CPR Invest - Climate Action - R - Acc A Compartment of CPR Invest (SICAV)

ISIN code : (A) LU1902444238

This Compartment is managed by CPR Asset Management, a company of the group Amundi

Objectives and Investment Policy

The Compartment's objective is to outperform global equity markets over a long-term period (minimum of five years) by investing in international equities committed to limiting impact of climate change, while integrating Environmental, Social and Governance (E, S, and G – or, when taken together, ESG) criteria in the investment process. The investment objective is aimed to be in line with the United Nations Sustainable Development Goal (SDG)¹ related to the climate challenge.

The investment strategy of the Compartment aims to select securities of companies of any countries, sectors, and any capitalization.

In order to select the best positioned companies to tackle climate change, the Management Company relies on CDP's data.

CDP is a provider specialised in environment-related information.

Moreover, the Management Company integrates an additional sustainable approach by excluding companies based on the following:

- worst overall ESG scoring ;
- worst E and G ratings ;
- worst ratings on Environmental criteria ;
- high ESG controversies.

Depending on the improvement of data availability and consistency, the Management Company may use additional complementary data that it will consider relevant for the purpose of refining its identification of companies that are best positioned to tackle climate change.

The Compartment is invested for at least 75% of its assets in equity and equity equivalent securities of any country without constraints of capitalization. Among this proportion of 75% of its assets, the Compartment may invest in China A shares via Stock Connect within a maximum of 25% of its assets.

Derivative instruments may be used by the Compartment for hedging, arbitrage, exposure purposes and/or efficient portfolio management.

CPR Invest - Climate Action - R - Acc has a recommended investment horizon of supérieur à 5 years.

CPR Invest - Climate Action - R - Acc accumulates its net profit and net realized capital gains.

You may redeem your shares at each net asset value, calculated on a daily basis in accordance with the terms specified in the prospectus.

Risk and Reward Profile

This Compartment's risk level reflects its international equities investment theme.

- The historical data used to calculate the numeric risk indicator could not be a reliable indicator of the future risk profile of the Compartment.
- The risk category associated with this Compartment is not guaranteed and may shift over time.
- The lowest category does not mean 'risk free'.
- The capital is not guaranteed.

Major risks for the Compartment not included in the indicator are :

- Credit risk: this is the risk of sudden downgrading in the creditworthiness of an issuer or that of its default.
- Liquidity risk: it presents the risks that a financial market, when volumes traded are low or if there are tensions on such market, might not be able to absorb the sell (or buy) volumes without causing the price of the assets to significantly drop (or rise).
- Counterparty risk: this is the risk of default of a market participant preventing it from honoring its commitments in respect of your portfolio.
- The use of financial derivatives instruments might increase or decrease the capacity of your portfolio to amplify market's movements.

The occurrence of any of these risks may lower the net asset value of your Compartment. To learn more about the risks, please refer to the Risk Profile section of the Compartment in the prospectus.
