### Risk and Reward Profile

The above indicator shows the risk and reward characteristics of the Sub-Fund based on the Sub-Fund's historical performance over the last 5 years. Where a 5-year performance history is not available, the history has been simulated on the basis of an appropriate benchmark index.

The indicator above is based on historical data and thus may not be a reliable indication for the future.

The indicated risk category is not guaranteed and may change over time.

The indicator helps investors have a better understanding of the potential gains and losses of the Sub-Fund. Even the lowest category does not mean a risk-free investment.

The Sub-Fund is classified in the category indicated above due to the fluctuations of its simulated past performance.

#### Other risks not captured by the risk indicator:

- Concentration Risk:** To the extent that the Sub-Fund's investments are concentrated in a particular company, the Sub-Fund may be susceptible to losses due to adverse occurrences affecting that company.
- Counterparty Risk:** The Sub-Fund may realise losses should a counterparty fail to meet its contractual obligation, especially in the case of derivatives traded Over-The-Counter (OTC).
- Credit Risk:** The risk that the borrower or a counterparty may fail to repay or otherwise withstand contractual obligations to the Sub-Fund.
- Liquidity Risk:** The Sub-Fund is invested in markets that may be affected by a decrease of liquidity. Such market conditions would impact the prices at which the Fund Manager opens and closes positions.
- Operational Risk:** The Sub-Fund is exposed to operational risks whereby losses can occur as a result of inadequate or failed internal processes and systems, human factors or external events.

**For full disclosure of risks, please refer to the Prospectus.**

## Charges

The charges are used to pay costs of running and managing the Fund, including marketing and distribution costs. These charges reduce the potential growth of your investment.

### One-off charges taken before or after you invest

Entry charge	5.00%
Exit charge	None
This is the maximum that might be taken out of your money before it is invested or before the proceeds of your investment are paid out.	

### Charges taken from the Sub-Fund over a year

Ongoing charges	2.16%
Performance fee*	10.00%
Performance fee charged in the last year	0.08%

The ongoing charges figure is based on the last year's expenses, for the year ending December 2020. It includes almost all costs of dealing in the Sub-Fund's underlying investments. The Fund's annual report for each financial year will include details on the exact charges made. This figure may vary from year to year. In some cases you might pay less - you can find this out from your financial advisor.

**For more information about charges, please refer to the Prospectus.**

\* The Sub-Fund will pay the Investment Manager a Performance Fee (PF). The PF is calculated semi-annually, based on High watermark (HWM) principle. The HWM is assessed on the last business day (Valuation Point) of the semi-annual period (Calculation Period). The HWM used for the purpose of the PF calculation corresponds to the highest NAV of any previous Valuation Point.

The PF is accrued at each NAV calculation and paid to the Investment Manager within 25 Business Days following the end of each Calculation Period. In case of redemptions requested during a Calculation Period, the corresponding Performance Fee will be crystalized and paid at the end of the relevant Calculation Period.

## Past Performance

The chart shows the Share Class' annual performance for each full calendar year since launch on 17/11/2015, it is expressed as a percentage change of the Share Class' net asset value at each year-end. Performance is shown after deduction of ongoing charges.

Any indication of past performance is not a reliable indicator of future performance.

The currency of this share class is USD.
