LUMYNA

Lumyna – Sandbar Global Equity Market Neutral UCITS Fund – EUR Z (Acc)

ISIN Code: LU2061571431

a sub-fund of Lumyna Funds (the "Fund")

Management Company: Generali Investments Luxembourg S.A.

Objectives and investment policy

The Fund aims to gain capital appreciation by implementing a global equity, market neutral strategy.

The Fund is actively managed and is not managed in reference to a benchmark.

The Fund is classified as Article 8 of Regulation (EU) 2019/2088 on sustainability-related disclosures in the financial services sector ("SFDR").

To achieve this, the Investment Manager will use a strategy that will provide long and short exposure to a diversified portfolio of equities. The Investment Manager will identify undervalued equities (taking long positions) and overvalued equities (taking short positions) typically within the same sector to exploit differences in stock prices. The aim is to maintain a low net or market neutral portfolio that will show low correlation to equity markets' movements.

The Fund will primarily invest in equity securities and over-the counter and/or listed derivative instruments. The Fund may invest in issuers globally, with a primary focus on developed markets in Europe, North America and Asia, representing a wide range of sectors, with a focus on issuers in the industrial, basic materials, energy and consumer sectors.

The currency of the Fund is USD and your shares will be denominated in EUR. Your shares will be hedged with the aim of protecting them from exchange rate fluctuations between their denominated currency and the currency of the Fund.

Your shares are non-distributing (i.e. any income arising from your shares will be included in their value).

You may redeem your shares on demand on each banking day, which is a UK, US and Luxembourg banking day.

Risk and reward profile

The risk category has been calculated based upon simulation of the Fund's performance using historical data, which may not be a reliable indicator of the Fund's future risk profile.

The risk category shown is not guaranteed and may change over time.

The lowest category (category 1) does not mean that the investment is risk-free.

The Fund is rated 5 due to the nature of its investments which include the following risks:

- Derivatives risk – The Fund may use derivatives for investment purposes. Derivatives are highly sensitive to changes in the value of the asset on which they are based, which may result in greater fluctuations in the value of the Fund. The impact to the Fund can be greater where derivatives are used in an extensive or complex way.

- Equity risk – The risk that the value of equities and equity-related securities within the Fund may be affected by stock market movements.
- Regulatory and Operational risks – The Fund is exposed to regulatory and operational risks in some of the markets it may invest.
- Sector concentration risk – The Fund's portfolio may be concentrated in companies within a small number of industries or sectors. This means the Fund may be more sensitive to specific sector related events.

The following are additional risks which are not captured in the risk category:

- Counterparty risk – The risk that the other party to a transaction with the Fund may fail to fulfil its contractual obligations and may expose the Fund to financial losses.

Your investment is not guaranteed and its value can go down as well as up.

For more information about risk, please see the 'Risk Factors' section of the prospectus, which is available at www.lumyna.com.
