FUND MANAGERS COMMENT

December was a very positive Month with TRR ranging from +1,9% for Senior debt from insurers to +4,6% for AT1s denominated in Euros. That positive performance came both from lower Rates (around -40 bps in Euros and US Dollar, in all maturities) and lower spreads with Senior debt from banks tighter by -6 bps, Tier 2 rated IG by -33 bps and AT1s by -65 bps to -90 bps.

This rally was powered by the last Central Banks meetings in 2023 with notably M Powell mentioning that they discussed future Rate Cuts for 2024. Both the ECB and the BoE were more cautious about the outlook on Rates without evocating any future cuts, despite both economies being in a worse place. December preliminary CPI figures in different jurisdictions were also very helpful to drive the rally in Rates.

In the primary market, new issuance was very limited with 6.6 bn issued during the month for FIG. Nevertheless, banks' syndicates are already actively preparing January that should be very active not only due to seasonality but also due to attractive all-in yields to issue new bonds after the rally in Rates and spreads mentioned above.

Ratings continued their upward drift with Fitch upgrading Greece to IG at BBB- and giving a positive outlook to all Greek banks. S&P upgraded them by one notch except for Alpha Bank put on a positive outlook.

Cypriot banks have also been upgraded by one notch by S&P.

In Iberia, Ibercaja has been upgraded by one notch from Baa3 to Baa2 with Moody's. Montepio has been upgraded by 2 notches by DBRS to BB.

Deutsche Bank has been upgraded by one notch by S&P to A from A-. Irish banks have been put under a positive outlook with Fitch.

Santander announced the call of an AT1 in \$ callable in February 2024.

In the Legacy space, NIBC has launched a Tender Offer to reduce the stock of its Legacy instruments.

BNPP finally decided to call the last Disco Tier 2 instrument outstanding, doing like all other banks have done.

In the UK, Apollo is mentioned to look at the potential purchase of the "bulk annuity purchaser" Pension Insurance Corp that could be valued at £5 bn.

Coventry Building Society has agreed to purchase Co-operative Bank for £700 M.

Raiffeisen Bank International has announced a transaction that will allow it to repatriate 1,45 bn of capital from its Russian subsidiary for a cost of -10 bps of CET1 but will allow to increase the CET1 ratio by +120 bps at the Group level excluding Russia, reducing any tail risk.

In Lazard Capital Fi, the most important contributors to the performance have been :

- By subordination, AT1 and RT1 (+3,91%) and banks Tier 2 (+0,39%)
- By country, Spain (+1,28%) and Germany (+0,67%)
- By issuer, Deutsche Bank (+0,48%) and Intesa Sanpaolo (+0,28%)
